"Nerves in Bad State Could Not Sleep"

Mrs. H. N. Tardell, Harrowsmith, Ont., writes:

"My nerves were in a very bad state, and for nearly six months I did not know what it was to have a good night's rest. I could not eat, and never felt well. I heard about Dr. Chase's Nerve Food, and thought I would try it. After taking it for a few days I began to feel better, and soon was able to sleep well at night. My appetite also returned, and I felt stronger and better, and after taking three boxes of Dr. Chase's Nerve Food I was quite well. I have also given the Nerve Food to my little girl, with good results."

Horse Dashes Into London Tea Shop

London, Oct. 29.—Customers lunching in a Chancery-lane teashop recently heard a sudden crash, and looking up from their plates saw a horse kicking and struggling frantically half in and half out of the shop. The horse, driving a printer's van, was bolted in Bream's buildings, and made towards Chancery-lane. Crossing that thoroughfare it plunged through the plate glass window of the shop, which was filled with the lunch-hour crowd. Piles of cakes, pastry, chocolates and

The Safe Rational Remedy for COUGHS, COLDS & CHILLS

THE speedy and most direct treatment for Coughs, Colds, Bronchitis, etc., is to breathe the volatile Peps medicine into your lungs. This method is a big advance on dosing with drug-laden mixtures, which act on the stomach, liver and heart, but on the lungs last and least of all. As Peps tablets dissolve in the mouth, they give off balsamic lung-healing pine fumes. Peps are wonderfully strengthening to weakened tissues. They cut phlegm, soothe and purify the tender, irritated air-passages, and have an invigorating, anti-septic and fortifying action on the entire breathing system. An immediate sense of chest comfort and breathing-ease is produced by Peps. Soreness, inflammation and irritation is quickly allayed, disease germs infesting the throat and breathing tubes are speedily destroyed. Peps are the ideal and long-sought remedy for coughs, colds and chills, wheeziness and tightness of chest, sore throat, laryngitis, children's and old folk's chest weaknesses, bronchial catarrh, bronchitis, etc. A Peps in the mouth safeguards throat and chest against harmful effect of cold, wet changeable weather. FABLES ON HEALTH

In Your Office

Taking mid-day rests and simple exercises was a thing that stumped Mr. Mann and hits most other people. But a few minutes should be stolen from every workday for relaxation or relaxing exercises. Thus, though a man be sitting at his office desk or office table, he still can take a few minutes off and perform his relaxing stunts right there and then. Rise from your office chair and take a leisurely pose. Droop limply, relaxing at the waist, then at the knees, then drooping the head. Drop limply as possible to the floor—better get a rug for this one. Lie quiet for a few seconds and then rise to your feet, remaining as limp as possible. Swing arms back and forth at the side, keeping them loose. Try this half a dozen times. People who do a great deal of walking or standing might try sitting down or lying down for several minutes, with eyes closed and body relaxed.
