has been confined principally to lots of 25 to 100 tons.

The export demand continued quiet all week, but an encouraging lot of orders were received at prices in the neighborhood of 15.25c. c.i.f. These were largely for spot delivery.

ARTIFICIAL SILK PRODUCTION.

Italian production of artificial silk during the fiscal year ending June 30 will approximate 2,500 metric tons, with a value estimated at 150,000,000 lire, Consul General J. B. Osborne, Genoa, reports. Italy has four artificial silk factories employing about 10,000 workmen and having a capacity of more than 8,000 metric tons annually. Two new mills are soon to enter the field. About one-half of the entire Italian output of artificial silk is exported, which would make the annual consumption of Italy between 1,200 and 1,500 metric tons. Local demand is said to have tripled in the last ten years, and the tendency is to increase still further.

FLOODS IN OKLAHOMA,

Okhaloma, City, Okha, June 14—Flood waters of the North Canadian River are rising rapidly in Southern Oklahoma City. A break in the dam would mean disaster for the city.

Tulsa, Okla., June 14—Tulsa is emerging from the grip of the Arkansas River flood. It will be several days before all the 5,000 refugees can return to their homes. Three lives were lost. It is estimated that the total damage in and around Tulsa will amount to approximately \$1,000,000.

Death masks of stucco and wood dating from 1700 B. C., have been found in Egypt.

"The Torch of Verified Circulation"

Lights up the way for the Advertiser

The Telegraph and The Evening Times, with a combined daily net paid circulation exceeding 30,000 copies, are the only A. B. C. (Audit Bureau of Circulation) papers in the province of New Brunswick. These newspapers alone give the advertiser a verified circulation whose extent is absolutely known and established beyond question.

Mr. Advertiser, do you realize what this means?

All of the principal Canadian dailies are members of the A. B. C. That is, they give their advertisers, present and prospective, circulation figures which are audited, certified and approved by an independent court whose standing is recognized in business circles throughout Canada and the United States.

Mr. Advertiser, Look at this:

The Following Canadian Newspapers are members of the A. B. C.:

St. John—The Telegraph and The Evening Times (the only A. B. C. papers in New Brunswick).

Halifax-The Chronicle and Echo, The Herald and Mail.

Charlottetown—The Guardian. Ouebec City-LeSoliel, L'Evenement.

Montreal-The Gazette, The Star, The Herald, La Presse, La Patrie, Le Canada, Le Devoir, The Standard.

Ottawa—The Citizen, The Journal, Le

Toronto-The Globe, The Star, The Mail and Empire and Sunday World, The

London—The Advertiser, The Free Press. Brantford—The Expositor.

Brockville—The Recorder and Times. Fort William-The Times-Journal.

Hamilton—The Spectator. Kingston-The British Whig, The

Windsor-The Border Cities' Star. Winnipeg—The Manitoba Free Press, The

Saskatoon—The Star, The Phoenix.

Regina—The Leader, The Post. Calgary-The Morning Albertan, The

Edmonton-The Bulletin, The Journal. Vancouver—The Province, The Sun, The

Victoria—The Colonist, The Times.

Mr. Advertiser, in that list you have the chief newspapers of Canada. They give you an independent audit of their circulation by a universally recognized authority.

"Net Paid" circulation does not mean old lists of doubtful value. "Net Paid" means that every subscriber included in the figures is either paid in advance or does not owe for more than six months. The Telegraph and Times, remember, have a combined "net paid" daily circulation of more than 30,000 copies.

Figuring by circulation The Telegraph and Times rates are the lowest in the Maritime Provinces.

By putting the same ad in both papers you cover the city of St. John and the province of New Brunswick as with a blanket, so far as prospective buyers of your goods are concerned, for these two papers reach to a really wonderful extent the people in this city and this province who are in a position to purchase the goods that local or national advertisers offer for sale, be these goods bonds or toothpicks, razors or mowing machines, diamonds or medicines, shoes or silks.

Think over the facts, Mr. Advertiser. Just ask yourself quietly and thoughtfully what that chain of leading Canadian newspapers means. Their verified circulation is their greatest advertising solicitor. Think about "the torch of verified circulation."
