Pictou County Clubs Make Meeting Stretch Out

Tentative Agreement Reached This Morning at New Glasgow, But St. John Men Holding for Better Arrangement

(Special to Times.)
New Glasgow, N. S., April 11—Matters in connection with the formation of a maritime professional baseball league are progressing slowly on account of the holding back of the Pictou County representatives.

The delegates to the league meeting were in session for about seven hours yesterday afternoon and evening. The Moncton, Halifax and St. John representatives were ready to proceed with the organization of the league last night, but for the fact that the men behind the New Glasgow, Shelburne, Westville and Pictou clubs were loath to take hold of the proposition until every phase of its possible success was thoroughly thrashed out. Although last evening's session did not extend until long after midnight several matters were still undecided and further adjournment was made until this morning. A tentative agreement was arrived at at St. John representatives were not satisfied and were renewing the negotiations this morning for a better arrangement as to terms. The St. John representatives are Frank X. Jennings, sporting editor of the Times, and Harry Smith. Joe Page, who is organizing the league, also is here.

TO SAVE TROUBLE

When the housewife is preparing home made dishes with cold meat which has been left over, she tries to give a new relish to the dish by adding various kinds of spices and flavorings. How frequently the result is a failure! Just a little too much pepper and the dish is too hot, or a slight error in the mixing and all the particular flavor turns all the others.

The wise house-cook has recently made up her mind that the ideal way of flavoring all made-up dishes, soups, etc., is to have a bottle of the real H. P. Sauce at hand, for the express purpose of enriching soups and gravies.

In each bottle there is delicious blending of the choicest Oriental fruits and spices, and pure malt vinegar; it is not beyond the mark to say that a bottle of H. P. is a crust in itself.

Just a spoonful added—that's all, and the essence of the dish is assured. What trouble it saves! No wonder the best housewives always keep a bottle of H. P. Sauce handy, it is useful in so many ways.

Just a few drops in the soup, or with hot or cold meat, fish or even bread and cheese, it is delicious and gives quite a new enjoyment to the meal.

The readers of this paper will be pleased to learn that there is at least one dead-end disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally, by acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient complete relief by building up the system and assisting nature in doing its work. Dramatic Art

My imitation of Bernhardt, Irving and Coquelin didn't go very well," complained the performer who was playing the town hall.

"Well, none of us ever saw Bernhardt or Irving or that other fellow," said the sympathetic old janitor, "and besides you suffer somewhat by comparison. There was a feller here last week who gave a fine impersonation of a hen that has laid an egg."

Ray Bronson in the Ring No More

(FROM T. S. ANDREWS)

Milwaukee, April 7—There are few fighters who really know when to retire from the ring. Not so with Ray Bronson, an Indianapolis lightweight, who developed into a welterweight in the last year and was given credit by many writers as having a good claim to the welterweight championship. Bronson left for Australia last fall with the intention of fighting Johnny Summers, the British welterweight champion, for the world's title. He did not realize that he had gone back, but he felt able to defend the title which he claimed, against all comers. His work in the ring in the last few months in Australia has been anything but satisfactory to himself and the clamor came when he was defeated only recently by Matt Wells, the former British lightweight champion, who also has developed into a welterweight. Writing from Sydney, Bronson sends me the following letter:

"My Dear Andrews—Well, I am not the Raymond of old as a fighter, although it is hard to admit the truth, so rather than disappoint my friends again, I have decided to quit the ring for all time. The Stadium people here were willing to cancel my contract, so there is nothing lost on their part, and I trust that Saylor will more than make up for what I failed to do. I hope that you will not think I am a quitter because I am quitting the ring, but you are aware that the average boxer doesn't know when to quit and I don't intend to put myself in that class.

This idea of punching a man about the head will not brighten him any and I do not intend to go in and be made a punching bag by men whom I could have beaten in a round or two a few years ago. I was not hurt in any of my contests in any way and in my fight with Matt Wells, it was simply a case of being outclassed at every turn, so why should I continue? There may be such a thing as boxers coming back, but I think that in my case it is next to impossible so I have made up my mind to quit for good.

Jack Dougherty, the Milwaukee welterweight, who quit the ring a couple of years ago, has been showing pretty good form here of late and has been matched to meet Alf Goodwin in Melbourne. I hope Jack will do better than I did, for I would not like to see him lose. While I have been losing myself, Milwaukee Saylor has been making a remarkable showing over here, having scored three knockouts against the best men in the country. This, to my mind, goes to prove that Saylor really has Freddy Welsh in Winnipeg, and when we return you can gamble that we are going to try and get on a match with Willie Ritchie for the lightweight championship.

Eddie McGoorty has made quite a showing over here and has won all his contests. They are trying to get him to remain to meet Jimmy Clabby, but it has not been settled yet."

Weak back is caused by weak kidneys, and on the first approach or evidence of kidney trouble Doan's Kidney Pills should be used, and serious trouble avoided.

Mr. John Briggs, Whitehead, Sask., writes: "I am sending you this testimonial out of pure gratitude, as I am not a believer in patent medicines, but I got so run down, that I became quite willing to give anything a trial. I paid a visit to our local druggist, and told him I was suffering intense agony with my back. He told me I had kidney trouble, and handed me a box of Doan's Kidney Pills, saying: 'This was the best thing he could possibly give me. I tried these, and the effect was certainly marvelous. They are worth \$10.00 a box of anybody's money, and I would not be without a supply at all times.' I was direct on receipt of price by The M. Lilliburn Co., Limited, Toronto, Ont.
