ADVERTISEMENTS.

TO INVENTORS AND MECHANICS.

Fifth Year of the best Mechanical Paper in the World!
A NEW VOLUME OF THE

SCIENTIFIC AMERICAN

Is commenced about the 20th of Sept. each year, and is the best paper
for Mechanics and inventors published in the world.

Each volume contains 416 pages of most valuable reading matter,
and is illustrated with over 500 Mechanical Engravings of new inven-
tions. The Scientific American is a Weekly Journal of Art, Science,
and Mechanics, having for its object the advancement of the interests
of Mechanics, Manufacturers, and Inventors. Each number is illus-
trated with from five to ten original Engravings of new Mechanical
Inventions, nearly all of the best inventions which are patented at
Washington being illustrated in the Scientific American. It also con-
tains a Weekly List of American Patents; notices of the progress of all
Mechanical and Scientific Improvements; practical directions on the
construction, management and use of all kinds of Machinery, Tools, &c.

It is printed with new type on beautiful paper, and being adapted
to binding, the subscriber is possessed, at the end of the year, of a
large volume of 416 pages, illustrated with upwards of 500 mechani-
cal engravings.

Terms: Single subscription, \$2 a year in advance; \$1 for 6 months.
Those who wish to subscribe have only to enclose the amount in a let-
ter, directed to

E. G. FULLER,
33, Hollis Street, Halifax.
