

A Western editor was dilating upon the power of the magnet, defying any one to name anything that will surpass its power of attraction. A young man in the audience inquired a young lady who used to attract him thirteen miles every Sunday.

"What is nothing?" "Boy—It is when a man asks you to hold his horse and just says, 'Thank you.'"

Married ladies now allow their husbands to see to it that their visiting cards, because it is the fashion abroad.

Prospectus for 1874—Seventh Year.

The Aldine,

AN ILLUSTRATED MONTHLY JOURNAL, UNIVER-
SALLY ADMITTED TO BE THE HANDSOMEST
PERIODICAL IN THE WORLD, A REPRE-
SENTATIVE AND CHAMPION OF
AMERICAN TASTE.

Not for Sale in Book or News Stores.

THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Altho' each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then, there are the chromes besides!

ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have won a world-wide reputation, and in the art centres of Europe it is an admitted fact that its wood cuts are examples of the highest perfection ever attained. The common prejudice in favor of "steel plates," is rapidly yielding to a more educated and discriminating taste which recognizes the advantages of superior artistic quality with greater facility of production. The wood-cuts of THE ALDINE possess all the delicacy and elaborate finish of the most costly steel plate, while they afford a better rendering of the artist's original.

In addition to designs by the members of the National Academy, and other noted American artists, THE ALDINE will reproduce examples of the best foreign masters, selected with a view of the highest artistic success and greatest general interest. Thus the subscriber to THE ALDINE will, at a trifling cost, enjoy in his own home the pleasures and refining influences of true art.

The quarterly tinted plates for 1874 will be by Thos. Moran and J. D. Woodward. The Christmas issue for 1874 will contain special designs appropriate to the season, by our best artists, and will surpass in attractions any of its predecessors.

PREMIUM FOR 1874.

Every subscriber to THE ALDINE for the year 1874 will receive a pair of chromes. The original pictures were painted in oil for the publishers of THE ALDINE, by Thomas Moran, whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects were chosen to represent "The East" and "The West." One is a view in the White Mountains, New Hampshire; the other gives The Cliffs of Green River, Wyoming Territory. The difference in the nature of the scenes themselves is a pleasing contrast, and affords a good display of the artist's scope and coloring. The chromes are each worked from thirty glass plates, and are in size (12x16) and appear as exact fac-similes of the originals. The presentation of a worthy example of America's greatest landscape painter to the subscribers of THE ALDINE was a bold but peculiarly happy idea, and its successful realization is attested by the following testimonial over the signature of Mr. Moran himself.

NEWARK, N. J., Sept. 20th, 1873.
Messrs. James Sutton & Co.,

Dr. J. Walker's California Vinegar Bitters

Bitters are a purely Vegetable preparation,
made chiefly from the native herbs found
on the lower ranges of the Sierra Nevada
mountains of California, the medicinal prop-
erties of which are extracted therefrom
without the use of Alcohol. The quantity
is almost daily asked, "What is the cause
of the unparalleled success of VINEGAR BIT-
TERS?" Our answer is, that they remove
the cause of disease, and the patient recov-
ers his health. They are the great blood
purifier and a life-giving principle, a perfect
Renovator and Invigorator of the system.
Never before in the history of the world has
a medicine been compounded possessing the
remarkable qualities of VINEGAR BITTERS
in healing the sick of every disease man is
 heir to. They are a gentle Purgative as
well as a Tonic, relieving Congestion or In-
flammation of the Liver and Visceral Organs,
in Bilious Disorders.

If men will enjoy good health, let
them use VINEGAR BITTERS as a medicine,
and avoid the use of alcoholic stimulants
in every form.

H. H. McDONALD & CO.,
Druggists and General Agents, San Francisco, California,
and San Francisco and Clifton Sts., New York.

Sold by all Druggists and Dealers.

No Person can take these Bitters
according to directions, and remain long
unwell, provided their bones are not de-
stroyed by mineral poison or other means,
and vital organs washed beyond repair.

Grateful Thousands proclaim VINEGAR
BITTERS the most wonderful Invigorant that
ever sustained the sinking system.

Bilious, Remittent, and Intermit-
tent Fevers, which are so prevalent in the
valleys of our great rivers throughout the
United States, especially those of the Mis-
sissippi, Ohio, Missouri, Illinois, Tennessee,
Cumberland, Arkansas, Red, Colorado, Bre-
zonia, Rio Grande, Pearl, Alabama, Mobile,
Savannah, Roanoke, James, and many others,
with their vast tributaries, throughout our
entire country during the Summer and Au-
tumn, and remarkably so during seasons of
unusual heat and dryness, are invariably
accompanied by extensive derangements of
the stomach and liver, and other abdominal
viscera. In their treatment, a purgative,
exerting a powerful influence upon those
various organs, is essentially necessary.
There is no cathartic for the purpose equal to
Dr. J. WALKER'S VINEGAR BITTERS, as
they will speedily remove the dark-colored
viscid matter with which the bowels are
loaded, at the same time stimulating the
secretions of the liver, and generally restor-
ing the healthy functions of the digestive
organs.
