

STATEMENT OF FACTS.

Arnica and Oil Liniment is very penetrating, and therefore, is very efficacious in removing pains that arise from deep-seated causes, such as sciatica, rheumatism, bones-ache, back-ache, etc. Used on horses and cattle it cannot be excelled, for the cure of galls, calks, sprains, scratches, wounds, lameness and all hurts. *It does not take off the hair* as do almost all other Oil Liniments when used upon animals. For quarter crack, sand crack, injury of a joint, strain of a tendon, **Arnica and Oil Liniment** is the best medicine that can be used. It will keep the part cool, prevent inflammation and rapidly promote the healing.

Messrs. Henry, Johnson & Lord:

It affords me great pleasure to testify to the value of your **Arnica and Oil Liniment**, which I used with the most satisfactory results. Not long since, as the result of a cold and excessive use of the organs of the throat, I suffered greatly from inflammation and induration of the tonsils. After trying several remedies I bethought me of your liniment, and by a single application over night the trouble was entirely removed and I was able to go on with my work. Your other preparations I have also used with the most gratifying results.

Sincerely yours,

REV. M. D. JUMP.

A few months ago I was troubled with severe pains in the back. My wife remembered she had a bottle of your **Arnica and Oil Liniment** in the house, which I tried with such success that the next day I was well again. Since then I consider it as one of my best friends, applying it constantly in cases of pains and

aches with *always* the same gratifying results.

One thing leads to another and so I came to find that *Downy Elixir* is a capital remedy for coughs and colds, I have, without doubt, often saved doctors' bills by giving it to my children when needed.

Very respectfully,

F. E. MARSLAND,
Agent for Wells & Hope Co., Mfrs.

SANDGATE, Vt.

I have had occasion to use your **Arnica and Oil Liniment** on a span of horses that ran away and got terribly bruised about the feet and limbs; one of them so badly that it took me one hour and a half to drive her one mile.

Seemingly, the team was almost worthless, but by a faithful use of your wonderful **Arnica and Oil Liniment** they are perfectly sound, and as good as ever.

I consider it the best *Liniment* in the market for external use on man or beast. I have sold it several years with excellent results and cheerfully recommend it to my friends.
