numeral 8.

....siz, gem, at. yul, hav.

I regret very much that all the numerals

uld not be treated with the same degree of distinction. Numeral 7 has, however, no reason to complain, since it is in possession of half a dozen of gems, though, for a singular reason, it keeps only one in sight. Nor has numero 5 reason to grumble, treated as it is to a lot of piz by its neighbour 4. I would feel inclined to show a little sympathy to numeral 3 were it not that it has a representative letter which sounds very much like the first of its name. Besides the vowel chosen to represent it has all the necessary qualifications for the office. All our sympathy should be reserved for numeros 9 and 0, which, being the last served, have to remain satisfied with the scraps. They can be thankful, however, that they were not ostracised from the society of their fellow numerals and duly There are many persons tolerably good | boycotted, which might have been the case, at remembering names, words, facts, and had not a half dozen alphabetians of anyother things, but whose faculties for the thing but a distinguished appearance, vol-To such persons the following plan or thousand apologies to letter l, an alphabetic system for impressing dates—or any character of high standing and a favorite series of figures—indelibly upon the memory may prove very useful. There reason to be proud of its company, and u. are others, perhaps ten in a hundred, who too, notwithstanding the presence of seem blessed with a special faculty for the vowelish y. V and h were relegated to seem blessed with a special faculty for the retention of numbers.
