C. E. WILLETS, President. Grand Pre, Nova Scotia, Sept. 17th, 1894. My Dear Sir,-I received ten days ago a letter from you which I can only regard as a definite refusal to lecture at our college. I say with all sincerity that I deeply regret the decision at which you have arrived, and wish you had felt yourself able to come to a different conclusion. I think it would have been better all round. At the same time I cannot help protesting against the reason you give for forming your deliberation. I conscientiously believe that you are wrong. I do not believe that the religious instruction given at King's College is of a party character, and I should be the first to deprecate it if I herst Press. ha'd any impression that it was really so. I am further reminded of your letter by an offensive, but silly paragraph copied into today's Halifax Chronicle from "Church of England Notes" in the St. John Sun. I remember being told some time ago that a rumor associated the authorship of the "Notes" with yourself. If that rumor be at all general I hope you will not consider it impertinent on my part if, under the circumstances, I ask percent send-off to his last resting place. It was generally conceded that the funeral would be one long to be remembered. Among those who considered it a duty to pay respects was Mr. Flaherty, a pedler, who served this very family with vegetables and fish. Unfortunately, the event was set for Friday, and that being his busy day of the week, he deputed his better half to this duty. Before going, however, she had to get the vegetables ready for her husband's sec-ond round, and sort the fruit brought up from the market by her son. For some reason, which she could not get him to explain, he had been very much delayed at the market and arrived at the rocky abode very late, putting her into a great flurry. She pleaded with her son to assist her ef-forts to get over to the O'Hoolanhans' in time to join the Bradys, with whom she had gone joint partnership in a carriage for the occasion; but he, more stupid than usual, impeded her, if anything. At last she gave it up in despair, and, sit-ting down on a basket of onions, she put her apron to her eyes and burst into tears. "What are yes snivelling for? Sure, yez don't think that'll get ye over to the buryin', do yez?" inquired the hopeful. "Sure if it wasn't for the likes of you there'd be no cause for water at all, at all. An' they expectin' me, too," she went on ruefully. mission to express sympathy with you. The very tone of the paragraph in question ought of itself to be sufficient to dispel such an impression if it exists. The writer is certainly not a gentleman, and therefore, let us hope, not a clergyman. Its chief characteristics, to my mind, are coarseness and vulgarity. It does not bear a trace of the spirit of Christian charity which surely ought to mark communications on such a subject to the rublic press. It shows quite plainly that the writer is himself under the influence of the very party spirit which he pretends to deprecate. In case you may have accidentally missed seeing the issue of the Sun in which the paragraph appeared, I enclose a clipping from the Halifax Chronicle. I am sure you will agree with me that the spirit and language of the paragraph are discreditable alike to the "Sure if it wasn't for the likes of you there'd be no cause for water at all, at all. An' they expectin' me, too," she went on ruefully, "What'll they think of such disrespect to the memory of O'Hoolahan?" and she swayed to and fro on the onlons in great distress. "Get out o' this!" she cried, suddenly jumping up. "Get on yer clothes an' go to the funeral yerself; it's all ye're good for. I'll stop here an' look after the vegetables meselt." This suited Michael very well, and he lost no time in getting into his "Sunday best" and hurrjed down the street. He had nearly reached the door of the O'Hoolahan shanty when he suddenly stopped and a look of great perplexity came over his face. The next mo-ment he was hastening back to his own home with as much speed as he had left it. "Well, what is the matter now?" asked his mother on seeing him. "Sure ye didn't for-get yer head, did ye?" "Cry??" was the answer. "Bad cess to ye, would yez be after bringin' disgrace on yer family by goin' dry eyed to the funeral of one of your father's best customers? Av coorse yez should cry. Will yez ever learn anythin'?" anonymous scribbler, and to the be no cause for water at all, at all. An' they newspaper which consents to insert such effusions. It is satisfactory to know, however, that anonymous communications of such a character almost always produce an effect exactly opposite to that intended by the writer. LETTERS FROM THE PEOPLE.

King's College, Windsor, N.S., Dec. 1st, 1894. To the Editor of the Sun :

Sir,-My attention has been called to a paragraph contained in "Church of England Notes" in your issue of Thursday, Nov. 29th, in which it is

stated as an assumed fact that our college and schools are under "sacerdctal influences." I had been led to believe from information that reached me that this matter of "sacredotal" teaching in King's College had been thoroughly threshed out, and that it is now generally acknowledged, save, perhaps, by a few extreme partisans who would under no circumstances allow themselves to be convinced, that there is no foundation in fact for this Mr. and Mrs. H. Olive, Mr. and Mrs. Lewin, Wr. and Mrs. H. Olive, Mr. and Mrs. C. H. Woodman, Mr. and Mrs. James Manchester, Mr. and Mrs. Richard Thompson, Mr. and Mrs. Thos. The recurrence of this statement in the issue of your paper above referred to, seems, therefore, to call for a few remarks, and I feel I cannot do better than ask you to publish a letter which I wrote to the Rev. J. de Soyres last September, commenting cn an extremely offensive paragraph of a similar character which appeared in "Church of England Notes" in an issue of your paper a few days before. I do not feel at liberty, without his permission, to publish Mr. de Soyres' reply to my letter, but I do not think it will be a breach of confidence to say that Mr. de Soyres ascribed the chief reason for his refusal 'to lecture in King's Colleg to a purely local occurrence, i. e., something that occurred in the province of New Brunswick. Mr. de Soyres further said that if he were a

siastic a supporter of King's College

as he is now of the university of New

Brunswick. Your obedient servant.

The expression, "Special Sale,," is a specially old business chestnut. Folks don't' believe it means anything. The firm name is too big. The statement, "Will surpass in magnitude all former efforts." may and may not mean much. It means mighty little to the public. People don't care about how much better this sale is than former sales. The line, "Sale of Overcoats;" should be in two lines. The advertisement advertises general overcoats, not any special price or line of them. It hits all overcoat buyers, but none in particular, and those it does hit may not know of it. Don't use general advertisements. Advertise something about some one thing, and let generalities alone. "It was after the haggis and a' the rest o' it at the annual dinner of the St. Andrew's Society, in Delmonico's. His Excellency, the Chief of the Clan Gordon, wore the kilt. That helped out the people who knew the tunes of both anthems, but are apt to sing them 'lum tum de dum' at the second verse. "Choate looked earnestly at the card while he rendered 'Long Live our Noble Queen" in a thrilling tenor, and the Earl kept his thumb on the corner opposite Mr. Choate's.
