(R. J. Armstrong, Mgr.) ANOTHER BIG ONE,

NEPTUNE ROWING CLUB CARNIVAL WEDNESDAY, FEB. 11.

850-IN GOLD-850 AS FOLLOWS ination, 3 or more me Costume,

This order affected all exclusive C. P. R. points as well as those common to the C. P. R. and G. T. R., but a few days later the order was changed to include only the points of shipment common to both roads, and since that time the C. P. R. has been handing over to the Grand Trunk all cattle received at exclusively C. P. R. points, While the embarge has been in operation, the I. C. R. has handled a large proportion of the Grand Trunk cattle business as well as all that of the C. P. R. The present removal will in all probability result in a decrease in the I. C. R. business by the re-transference to the C. P. R. of the business formerly done by this road. Thus the general effect of the lifting of the embargo will be to divide between the two roads the business now confined to the I. C. R., and possibly to cause a slight increase in the total shipments.

WILL PROBABLY ADMIT GOOD-

WILL PROBABLY ADMIT GOODSPEED.

HIS Worship Mayor White has as yet received se official notification of the issuing of the mandamus ordering him to sign the warrant admitting Goodapeed to the reformatory and under present conditions, declines to be interviewed on the matter. He istimates, however, that he will probably call another meeting of the board soon that they might assume the responsibility for taking action.

It is generally conceded that the mayor has no other course now then to accede to the demands of the court and sign the warrant. So it is probable that next week will see Goodspeed at the reformatory trying to remove his original sin with a buck-saw—the only instrument of instruction and reform provided at this issettation. He would have learned a trade at the penitentiary.

Some make money by not spending it, but there are others who get rich spending their money at the proper time, in the proper place and for the proper goods. When you buy five dollars' worth of goods from me you get as much value as you do when you spend six dollars elsewhere—a saving of one dollar. This refers to my regular prices at regular times, but now, in my "Annual Clearing-up" Sale the saving is much greater.
