THOMAS F. RYAN
FOR THE SENATE

RICHMOND, July 13.—Politicians are discussing Thos. F. Ryan's chances of being sent to the United States senate to represent Virginia.

According to one Senator Martin's staunchest political friends Mr. Ryan aspires to be one of the senatorial representatives of this state to follow Senator Daniel.

The ambition of the financier has been, on the surface, primarily to be the financial chief of this country, but in Virginia, where his residence is still kept in a formal way, it is believed that he would rather be a senator than the Old Dominion than control countless millions.

So interesting has become this Ryan talk that it is said Mr. Ryan will soon meet more than one astute politician from Virginia, study the political map

LIGHTNING STRUCK POWDER HOUSE.

Six Men Were Torn to Little Pieces.

Large Amount of Dynamite Exploded by Bolt From the Clouds—Many Others Reported Injured.

DES MOINES, Iowa, July 19.—An explosion is reported to have taken place this morning at the West River-side coal mine, two miles west of this city. Five or six miners are said to have been killed.

A telephone message from the mine states that lightning struck the powder house shortly after six o'clock. The building contained a considerable quantity of dynamite, and the explosion which followed was terrific. Other than the six men reported dead, it is stated that the wounded may number twenty. Five of these reported dead are: John Wood, Will Lattimer, Walter Evans, Zink Lewis, and Newell.

The dead men had gone into the powder house to secure their daily supply of dynamite to be used in the mine. They had not been in the house more than a minute or two when the structure was struck by lightning, igniting the entire supply of dynamite and blowing building and men literally to pieces.

Later reports declare that no one was injured and only those in the wrecked building were killed.

ANOTHER NORTH END BOY MISSING.

O'Neill Lad Not Seen Since Friday Last.

Relatives Naturally Are Very Anxious About Him—He Disappeared Similarly Last Year But Came Back.

A young lad named O'Neill, who lives on Bridge street with relatives by the name of McCluskey, has caused his family worry of late, as he has not been home since Friday last, and none of his friends know exactly where he is, and while satisfied he is safe, would like to know where the youngster has gone.

The lad is about fourteen years of age, and has been working for a grocery firm in the North End, but has always had an idea that he would like to travel. Last year he went away in a rush and did not leave any address, but after a few days at home, he returned and satisfied for the time that he had seen it all. It is surmised that his present trip is of a like nature to his first one of a year ago, but his friends would prefer that he should leave some address behind him. When he last left home he was on his way to the store to get his week's pay. He got it but has not been seen since.

PARLIAMENT WILL NOT PROROGUE TODAY.

(Special to the Star.)

OTTAWA, Ont., July 19.—Present indications are that prorogation will not take place till late this afternoon. The House is sitting till 2 a. m., started in to work again at ten this morning, so it may clear the sheets earlier than anticipated.

To illustrate the uncertainty of the time of closing, it is known that the governor general's secretary last evening handed to the proper senate officer the usual notice that his excellency would be pleased to attend the house for the purpose of closing parliament. There is a hitch over the trading stamp bill that has upset all calculations. The guard of honor was ordered out for these purposes. On this afternoon to escort His Excellency to Parliament Hill, but the order was promptly revoked by telephone when Laurier sat down.

PRINCE SEEKS DIVORCE FROM UNFAITHFUL PRINCESS.

GOTHA, Duchy of Saxe-Coburg and Gotha, July 19.—Prince Philippe of Saxe-Coburg and Gotha in his application for a divorce from his wife the Princess Louise, charges her with unfaithfulness and desertion. On the day of the Prince's duel with Lieut. Matasch-Keglevitch, it was the happiest day of her life. Prince Philippe affirms that he paid her a wedding portion of \$50,000 and debts amounting to \$275,500.

TYPHOON IN JAPAN.

NEW YORK, July 19.—Typhoons in Japan have caused serious damage to telegraph and cable lines, according to a dispatch received by the Commercial Cable Company. The company announced that because of the wire conditions resulting from the storm messages to and from Japanese stations beyond Nagasaki are subject to considerable delay.

DROWNED IN DIGBY BUT.

(Special to the Star.)

DIGBY, N. S., July 19.—Thomas Hardwick, of Parker's Cove, Annapolis county, was drowned last evening in Digby Gut, near Victoria Beach. A fishing boat containing him and his brother, Richard, was upset by a sudden squall. Richard was rescued.

FOG SAVES ST. JOHN.

The weather reports for the past twenty-four hours show that St. John folks should welcome with joy the fog banks which hang around out in the bay, instead of grumbling, for to the fog St. John owes its immunity from the intense heat prevailing all over the country. While in Yarmouth and St. John the highest temperature during the last twenty-four hours has been 83 and 82 degrees above, respectively. In Toronto the thermometer has registered 92, in Montreal and Chatham 88, in Quebec 87, in Charlottetown and Sydney 72, in Halifax 76, and in Boston and New York has risen to 93 and 96 respectively.

TWO BOYS SAID TO BE FIREBUGS.

Evidence Against Linkletter Lads Heard Today.

More Witnesses in the Street Walking Case—The Two Prisoners Were Remanded—Their Story Told.

A large attendance on the part of the public this morning, mostly all of whom were young fellows, was the main feature in the police court this morning. At first it seemed as if their interest was aroused by the charge of arson against the young Linkletters, but as the morning wore on it was apparent that the young girls, Snodgrass and Goldsworthy, were the attraction.

Two drunks were fined \$3 each, and one \$4, with the usual options.

Minnie Ryan had to answer to a charge of wandering about St. John street between ten and eleven o'clock last night. Officer Lee proved the case, and Minnie, who seemed much upset at the position she found herself in, said she was coming home from Carlton and going to a boarding house on Sydney street where she worked. She told the officer lies as to where she had been, because she was excited at the time of her arrest.

Magistrate Ritchie remanded her. Charles Raynes, who belongs to Bangor, bound up his arm and posed as a cripple, going from door to door on Dock street, asking for assistance. His case was passed in a printed card which bore the following doggerel:

"A YOUNG CRIPPLE'S APPEAL TO YOUR CHARITY."

"For every penny that you give I know that you'll be blessed. You'll never miss it from your purse When this poor cripple's lead is cast."

Give what you wish.

Detective Killen arrested Raynes and found about eight of these cards on him. On examination it was found that nothing was the matter with his arm.

His honor sentenced Raynes to three months hard labor, despite the latter's hard plea for a fine.

John P. and James P. Linkletter, two boys who are brothers, were charged with arson.

James Wales of 30 Southward street, gave evidence against his brother, John, who was charged with arson. James said that he saw his brother, John, on Sunday evening. He saw the two prisoners hanging about just before the outbreak. James described the house adjoining Mrs. Carleton's house on Sunday evening. He saw the two prisoners hanging about just before the outbreak. James described the house adjoining Mrs. Carleton's house on Sunday evening. He saw the two prisoners hanging about just before the outbreak.

John Steele, 43 Lombard street, also an I. C. E. employe, said he saw the two prisoners on Sunday night between 8.30 and 9.15. They spoke to him. Jeremiah Daley, 112 Charlotte street, said he had seen them on a piece of vacant land adjoining the woods for the last two months, which the prisoners and other boys had been playing on. George Maloney, of Lombard street, gave similar evidence, but added that he thought it was rubbish the boys burned.

The boys were remanded until next Wednesday and bail was refused. The witnesses were bound over in \$200 each to appear at the county court, the fourth Tuesday in August.

The case against the two girls, Ethel Snodgrass and Bessie Goldsworthy, for wandering about the streets between five and six in the morning, was again taken up.

Officer White said he saw the two girls standing in their doorway soon after one o'clock in the early hours of Tuesday morning. It was on Brussels street and at Snodgrass' home.

Snodgrass, sworn, said on Monday night she and Goldsworthy went over to Portland. They returned soon after ten o'clock and went to Goldsworthy's home on Frederick street, but they couldn't get in. They then went on to Brussels street, but met with the same fate. However they managed to get into the passageway, and sat down and slept. About 12.30 Charles Cochran and Sandy McKenzie came along and they stood talking to them until Officer White appeared. The men then went, and the girls resumed their rest on the floor. About five o'clock Snodgrass' sister and a girl, Katie Carr, opened the door and looked in, but didn't stay. The two prisoners then followed them, and caught the Snodgrass girl on Germain street. Witness taxed her sister with staying out all night, and then told the porter at the Victoria hotel that her sister hadn't been home all night. They were on their way back to Brussels street when Officer Crawford arrested them.

His honor severely cross-examined the witness, who seemed to treat the matter as a very light way.

Goldsworthy did not make any statement.

His honor remanded them for enquiries, as they were not the first girls seen going up that alley with Tam O' Shaners on, gathering in little boys with knockerbockers on. He went on: "Boys may be bad, but if it wasn't for bad girls, they wouldn't be half as bad as they are." He regretted there wasn't a home they could be sent to for a good long term, as the only home of the kind was Catholic.

During his honor's remarks the girls behaved in a most indecorous manner.

FIVE DEAD ALREADY TODAY IN NEW YORK.

Heat Even More Intense Than Yesterday.

Mother, Crazed by Heat, Plunged a Carving Knife into Her Baby and Then Tried Suicide.

NEW YORK, July 19.—No relief but rather a promise of more intense heat and even greater suffering came to New York today. Even with every park in the city thrown wide open and with practically every restriction removed, hundreds of thousands have been unable to escape the severest suffering.

At seven a. m. today five fatalities had been reported. Two of the victims fell from windows in which they were sleeping in hope of getting a breath of air and were dashed to death on of air and were dashed to death on of the pavement. The others were directly from heat exhaustion. In Brooklyn a weather crazed mother plunged a carving knife into her 18 months old child killing it instantly and then made an unsuccessful attempt to take her own life. Her wounds were slight.

Official figures given out by the government weather bureau today show that the lowest temperature reported during the last 24 hours was at 6 o'clock this morning. The government thermometer stood 78 at that hour having fallen on an average of one degree an hour during the night. From that time however it began to rise, reaching 80 at 8 o'clock and 84 at 10 o'clock.

PHILADELPHIA, July 19.—Torrid weather prevails again in this city and vicinity today. The intense heat continued through the night and at 9 o'clock this morning the government thermometer had reached 90 degrees, a rise of five degrees in one hour, and at 10 o'clock, 92 degrees was the record.

WASHINGTON, July 19.—The high temperature of yesterday continued in Washington today, but lower humidity and a stirring breeze offer considerable relief. At 8 a. m. the temperature recorded at the weather bureau was 82, and is practically the same as yesterday's at the same hour. Temperature is rising rapidly and doubtless the maximum will be from 93 to 95 degrees. The heat continues with little abatement in many quarters. The greatest intensity of heat centres in the Ohio Valley and north portion of middle Atlantic states.

The outlook for thunder storms during the next 24 hours is not very bright. Ohio Valley and thence eastward, is fairly good. With the showers there will be more or less fall in temperature. Thursday afternoon or night, and it now seems probable that the prevailing high temperatures will be temporarily interrupted by Friday.

FIFTY DOLLARS REWARD FOR HEROIC DEED.

At the City Hall this morning his worship, Mayor White, following out the direction of the city council, presented to John McDermitt the sum of fifty dollars in gold, a reward for saving the life of Pilot John Lesney some time since, in an accident that occurred in the harbor.

His worship, in making the presentation, spoke in most eulogistic terms of the brave deed.

A COP'S HOLIDAY.

Policeman Thomas Burchill is on his holidays, and is having a royal good time. He has been fishing and picking berries, rowing and swimming, so that when he returned to town this morning his friends on the force hardly knew him. The genial Tom has some fishing stories to tell that have a most peculiar ring to them. He says the biggest one was 3 1/2 pounds. No one has seen the fish as yet.

RUSSIANS ON LAND FIGHT JAPS AT SEA.

Kamimura's Squadron Bombarded Off Korean Coast.

Russian General Declares His Army Is Better Trained Than Ever—Japs Unable to Advance.

TOKIO, July 19.—Admiral Kamimura reports that his flotilla of torpedo destroyers was shelled by the Russians at Tsushima, the attacking force numbering about 200. The flotilla replied and silenced the Russians, after which cavalry was discovered retreating and was shelled. The flotilla also discovered a Russian patrol at Sunshin and turned its fire upon them. The cruiser Chihaya shelled the Russian guard and signal men posted on a hill north of Goka, in the western extremity of Lashinpo, in Northeastern Korea.

Headquarters of the Russian Army, Godaykan, Manchuria, July 19.—In conversation with a correspondent of the Associated Press regarding the present military situation Gen. Barjankof, commander of the third Manchurian army today adopted a most optimistic tone. He declared the Japanese were unable to advance, both on account of the strengthening of the Russian position and because they have not fully recovered from their own losses at the battle of Mukden. He said: "Never during the whole war has the Russian army been so strong in every respect as at present. The Japanese know this, and therefore they wish for peace."

MILLIONAIRE WHO WEDDED.

JEWESS DISLIKES PUBLICITY.

NEW YORK, July 19.—James G. Phelps-Stokes, the New York millionaire settlement worker, who was wedded yesterday to Rose Harriet Pastor, the east side girl, whom he met in the course of his work in the tenement district, sailed with his bride today for Europe, on the steamship Cedric.

Mr. and Mrs. Stokes will remain abroad several months. They will tour Europe in an automobile. Ask concerning his plans after returning to America, Mr. Stokes said that "We already have had too much publicity. A great deal has been said about my wife and I going to raise the fallen and maimed that sort of talk. They seem to overlook the fact that the people of the east side are as self-respecting as we are."

Falling to appreciate a recent New York newspaper joke, the London Star's "Gazette" gravely announced: "An Irish schoolmaster on a visit to New York a week or two ago was discovered by a policeman in a sewer. At the police court he explained that he thought it was the entrance to the new underground railway."
