NAVAL REVIEW ARRANGED FOR COLONIAL DELEGATES.

Big Fleet Assembled at Portsmouth—The Delegates Were Particularly Interested in the Dreadnought—A Good Report of Her Trials

PORTSMOUTH, Eng., May 3.—The colonial premiers were all brought here today as guests of the admiralty to get a glimpse of the empire's navy. Ten battleships, including the Dreadnought, cruisers and thirty torpedo boat destroyers, all belonging to the home fleet, assembled in these waters, were reviewed by the visiting statesmen, who were especially interested in the newest battleship.

MEXICAN TROOPS SENT TO GUATEMALAN BORDER

Government Says It Is Not Well Qualified, But Great Activity is Manifested.

CITY OF MEXICO, May 3.—There were few developments in the Guatemalan affair yesterday. At the state department it was held that the army had yet been received to the note requesting the extradition of General Lugo, who is being held in the United States. The government admitted that troops are being sent to the border but denied that this can be construed as a mobilization. Nevertheless, great activity prevails in that similar conditions exist in the military district at Chapala on the Guatemalan border.

KUROKI WAS WARMLY WELCOMED AT SEATTLE

SEATTLE, Wn., May 3.—General Kuroki and his staff, representatives of the Japanese exposition, arrived here yesterday after being delayed by a fog on Puget Sound. They received a royal and picturesque welcome by local Japanese and Americans who crowded every dock on the waterfront and lined the streets through Elliott Bay as the party landed from the Aki Maru. A hundred Japanese girls sang the National Anthem and the General's carriage was almost covered with flowers presented by school children. The reception at the wharf was in charge of the Chamber of Commerce, the Asiatic Society and the Japanese Association of Seattle. With General Kuroki are 15 army officers.

THREE WERE KILLED AND SIX OTHERS INJURED

JOHNSTOWN, Pa., May 3.—Three men were killed and six others injured, three fatally, yesterday in an accident in an ore mine at Ridgely, Bedford County. The men were all foreigners. A shifting crew placed a car on which the men had been unloading ore, on a trestle, while other cars were being placed. When the engine backed to the main track it struck the car which was there and it fell 30 feet to the floor below.

THREE WERE KILLED AND SIX OTHERS INJURED

Henry Baker, the Englishman, who has for some weeks been held at the Central Police Station, supposed to be insane, was this morning taken to Sand Point and handed over to the immigration officers. Baker will be deported on the steamer Empress of Britain tomorrow. Baker had been in England and was confined for a year in an asylum.

NEW YORK, May 2.—William J. Brewer, former president of the Washington Life Assurance, was sentenced today to a fine of \$200 for making a false and fraudulent report to the state superintendent of insurance in regard to the financial condition of that company. Two indictments against him, charging with perjury were dismissed. Mr. Brewer paid the fine.

ALLAHABAD, British India, May 3.—Serious anti-European riots have occurred at Rawalpindi, Punjab. A Hindu mob burned two bungalows, pillaged the Mission church, looted the post office, burned a garage and all the motor cars in it, destroyed the plant of a power house and smashed the windows of the residences of many Europeans. Armed police eventually obtained the upper hand and dispersed the rioters. The town is now patrolled by a squadron of the Tenth Hussars.

AMERICANS CHARGED WITH ATTEMPTED ASSASSINATION

In the House of One of Them the Police Found Apparatus for Use in Exploding Dynamite

GUATEMALA CITY, Guatemala, May 3.—Among the persons arrested on suspicion of having been connected with the attempt on the life of President Estrada, Cabrera, while he was driving through the streets of this city, were two Americans named Cooke and Wilkinson, a railroad contractor. The latter occupied a house adjoining the scene of the explosion and in it the police found an electric apparatus for use in exploding dynamite, a quantity of that explosive and other articles used in blasting. It is expected, however, that Wilkinson and his companion will soon be freed.

BIG BUILDING STRIKE IN PHILADELPHIA

4,400 Men are Out—Dispute Among the Labor Unions is the Cause.

PHILADELPHIA, May 3.—As a result of a dispute among the labor union, representing the bricklayers, masons and granite cutters of this city, work on many building operations was suspended today by an order of the master bricklayers who last night decided to stop until the unions came to an agreement. About 4,400 workmen are affected but if the dispute continues many workmen of other trades will be forced into idleness. The dispute concerns the laying of stone masonry. It has been made ready because the granite cutters supported by the builders claim they should not only cut the stone but lay it. The builders and the granite cutters have an agreement to this effect, which has two years to run. The bricklayers recently called strikes on several building operations on which granite workers were laying stone and the union refused to renew the wage agreement between the organizations and the builders which expired on May 1, unless the intention of the stone-masons was agreed to. The master builders last night requested the union to call these strikes which affect about 300 men until matters could be settled. The request was refused and the master bricklayers decided to inaugurate a lockout until the unions could agree.
