ROTHESAY WON FROM ST. JOHN HIGH IN SPORTS SATURDAY

The Final Score Was 75 to 14 Points — Rothsay Boys Proved Superior in Nearly All Events Which Were Closely Contested.

The annual inter-collegiate meet between Rothsay and St. John High School was held Saturday afternoon, on the Rothsay Campus, under ideal weather conditions.

Rothsay got away with a lead in the first event and continued winning by the score of 75 to 14 for St. John High School.

The High School boys took defeat well, and were game sports throughout the meet. Special mention must be made of the one mile race—when a St. John student came in but a few inches behind the Rothsay winner. In each case first man was given five points, second man, three.

Rothsay now holds the cup, having won three successive years.

Those in charge of the meet were:

A. C. Skelton, I. Gilbert, E. R. Hanson, judges.

TWO GENTLEMEN WORTHY OF COMMENT VISITING THE CITY

A. Monkhouse Was With Munition Plant in Russia Early Last March — With John Hofer They Are Bound For The Front.

Two gentlemen worthy of comment were in the city Saturday. They remained indoors and amused each other with stories of their recent adventures. They soon became acquainted, although each came from widely distant centres. One gentleman—A. Monkhouse, born in New Zealand, had experienced much. As late as March 6th, 1918, he was in Moscow, Russia, being engaged in ammunition work. But the peace recently made by the Russians with the Huns, coupled with the Bolshevik element forced him out of the country. On beginning his travels—now an exile—he was forced to travel in what was known as fourth rate wagons, these were commonly used for conveying exiles into Siberia in pre-war days. Reaching Vladivostok they journeyed in a small tramp vessel used as a Russian transport, and soon were picked up by an American vessel, and later landed in France. Here the speaker related an interview he had had in one of "Frisco's" hotels with a representative of the "Hearst papers"—Next day he was somewhat disagreeably surprised to read "he had made pro-German statements." In order to combat the writer he published an article in all the local papers, and also in a magazine.

A few days afterwards he enlisted in the British Legion in "Frisco," proving again he was not a pro-German, and he may now be overseas—joining the Royal Engineers and recommended for the Officers' Training Corps. He has a wife and one child, now in England, who escaped there, by way of Holland, to his companion and had him produce from his suit case a souvenir of Russia—"War bread"—made from the sweepings of floors. It resembled the bread, but colored darker. Only two ounces were allowed each individual in Russia as a day's ration.

Both young men left this morning for Windsor, en route overseas. The former is in charge of the Jewish Legion, which came in yesterday.

Special to The Standard.
