LOCAL AND UPPER CANADA NEWS OF THE STRIKE.

> Officials Express Confidence, But Men Say They're Firm to Stay Out -- New Workers on Local Division.

A railway official, running between this city and Montreal, gave it as his opinion yesterday that there isn't a trackman orking on his line of route, and that it is not improbable that the drivers, especi-ally if there should happen an accident along the road, will follow the policy of those already on strike. Reports received at the C. P. R. head-
