

of different mission stations and to the making of a quilt and scrap-books.

On several occasions short papers on mission work were read, and short programmes rendered by the younger members of the Band. A comparative new branch of our work is in connection with "scattered helpers," during the past year we had three.

Our money has been raised in much the usual way, by membership fees, contributions to mite-boxes, and the proceeds of a concert and two "at homes." The total amount of money realized was thirty dollars and sixty-two cents. Besides this a box containing clothing, quilt and scrap books, valued at six dollars and fifty cents, was sent to the North West.
