

WATERLOO NEWS RECORD

GOOD TIME HOUSEWARMING AT FORSYTHS NEW PLANT

Forsyth's Production New Factory Scene of Auspicious Event Last Night When Hundreds Attend Housewarming.

IT WAS ONE REAL BIG TIME.

The Forsyth's Good Time Housewarming in their new factory at Waterloo last night was undoubtedly the best event of its kind held in what everybody last night voted, "the best town in Canada" and the hundreds of invited guests from the Twin-City and from Toronto enjoyed every minute of the good time provided. The commodious plant was an ideal spot to hold an event of this kind and the guests present marvelled at the transformation that has taken place at the corner of Duke and Albert streets. It is not our intention to dwell on the present factory accommodation at this time, but to those who were unable to be present last night, we can only say they missed one of the finest treats imaginable. As one entered the main doorway he was greeted with the words "standing put most prominently over

MR. J. D. CLAUDE FORSYTH, President John Forsyth Co. Ltd.

on the different instructions stamped them as leaders in their chosen profession. Mrs. Louise Thiele in Dramatic Readings with piano accompaniment by Prof. Thiele was recalled again and again. The entire program rendered by this popular organization was one worthy of professionals and they will always be welcomed to Twin-City music lovers. That the Forsyth staff have good dramatic ability there is no gainsaying and the different numbers put on more than pleased. The cast in the mock wedding namely: Mr. N. R. Perry, minister; John Spiering, groom; Miss Grace Watson, bride; Miss Delphine Berlet, bridesmaid; and Mr. O. F. Danneker, groomsman, showed exceptional ability and the little sketch brought down the house. Another sketch that proved a winner was the Corner Drug Store put on by the Waterloo girls. Mr. Urban Heit, taking the part of the druggist most acceptably and being ably assisted by a bevy of Waterloo girls.

A real business touch was introduced when John Picard, one of the live wire salesmen put on a demonstration of the Forsyth products, being assisted by Mr. C. Caldwell of the John Brase Co. of Toronto.

A Real Fashion Parade. The audience were given the privilege of seeing a real fashion parade of the Forsyth production the different designs being shown on living models. This same parade had its amusing side and was thoroughly enjoyed. Special mention must be made of Mr. C. Wagner, the stilt walker, who made such an impression in the Victory Loan parade on Monday night. Other items on the program were a funny take-off on the loose quill, a musical taking place, it being very fitting in view of the fact that the present quarters were at one time an hotel, and some excellent sleight of hand work by Mr. W. H. Hewitt of the Clothing and Haberdashery Co. of Toronto. Mr. Don Cameron of Kitchener, the cartoonist, gave a remarkable demonstration of his ability, his local take offs being of the best. The concluding numbers of the program were given by Mr. Archie Caya with Doc Koopke at the piano and they stamped "Archie and his companions as top notchers in character sketches in the Twin City. The girls of the sewing department, sang a rousing chorus which was the fore-runner for everyone to join in and when the programmes were distributed everyone present sang.

The most pleasing event of the entire evening took place shortly before

ELMIRA-HAMILTON RAILWAY

(Continued from Page 1)

Sir Adam Beck was in fighting trim. His outline of the success of the hydro election enterprise, the increasing demands for power, and his reference to the necessity of maintaining confidence were vigorous and as usual forceful.

Sir Adam informed the meeting that the route had been surveyed partly in 1916 and that the best engineers available in all departments had been employed on the job. He referred to the growing demand for power and said that until the Chippewa development is ready Ontario faces curtailment of hydro.

"There will be greater restrictions on the power users in the Niagara zone than there were during the war," he said. "The shortage of coal is a serious matter and industries are clamoring for more power. My fear is that in ten years all the power we get by the Chippewa scheme will be absorbed too."

The Chippewa scheme had been enlarged, he stated, till now a maximum of 500,000 horsepower is expected to be developed. The capital expenditure per horsepower would be reduced and power might be available to the users at pre-war prices.

Sir Adam stated that even in England there was a demand for local operation of railways and Lloyd George had said it should be done even if at a loss, so great was the improvement of service that could be obtained, but with radicals here, he pointed out, estimates were not submitted unless it was sure the project would be self-sustaining.

Sir Adam referred to his recent defeat at the polls and referred to the Farmers' Government.

"If I were a member of the Legislature," he said "it would be my duty to stand by them. It may be the greatest thing that ever happened to the country, that we have a chance to demonstrate whether party politics are absolutely necessary in governing the province."

Sir Adam alluded to the necessity of labor having a greater share in the government policies of the country.

Mayor Mercer of Galt favored the radical proposal in general, saying: "It is one of the best things ever put up to this group of municipalities in the way of transportation. I have faith in the proposition and am sure it will be a benefit."

Mayor A. W. Mercer presided at today's meeting, which was not public. Representatives of the following municipalities were present: Guelph, Galt, Kitchener, Hamilton, Hespeler, Waterloo, Dundas, and the townships of Puslinch, Woolwich, Waterloo, North Dumfries, Beverly and West Flamboro. Elmira Village and St. George were also represented. About 75 representatives were present.

Among those who attended from the city were Mayor Gross, chairman Geo. Lippert, Sr., C. H. Doerr and Mr. Geo. H. Clarke.

Among others who were in attendance at the meeting were Reeve A. Jensen and Mr. Groff of the Waterloo Township Council, Reeve Solomon Koch of the Woolwich Township Council, Reeve Stump of Elmira and Messrs. Werner Little of the same town, Reeve Bohlander of Waterloo, C. W. Schedel, Bauer, R. Edmonds, Haberger, Bechtel and others of the same town.

LABOR SLATE PARTLY SELECTED

The members of the Waterloo Labor Club held an important meeting last evening, when the advisability of placing candidates in the field at the forthcoming municipal elections, was discussed and a decision arrived at. The Labor Club decided on last night was for Mayor, D. Bohlander, Reeve, Marvin Storch, and for Deputy Reeve, Herman Sturm. In the event of Mr. Sturm not consenting to stand, Mr. Simon Kiesewetter will be selected. The aldermanic selection was not decided on, it being decided to leave this matter in abeyance until after the nominations. The question of selecting a slate for school trustees was also brought up and the consensus of opinion seemed to be to place candidates in the north and south wards only this year and placing candidates in the other two wards next year. In deciding on this course the members were of the opinion that four labor candidates to be elected this year might weaken the School Board by having so many new members on in one year. The Club will also have a candidate for Water and Light Commission.

Mrs. H. Becker and daughter, Pearl, of New Hamburg, and Mrs. J. Kaufman of Peru and were visitors at the home of Mr. and Mrs. E. E. Frey, Young St., yesterday.

HOTEL EWALD CHANGES HANDS

The Hotel Ewald which has been conducted successfully the past few years by Mr. Jacob Ewald, has changed hands. Mr. Ed. Reinhardt, of the Alexander House, having purchased the fittings and business. The change will take effect December 1st.

Of republics now existing, the oldest is San Marino, a tiny country situated near the Adriatic and wholly surrounded by Italy. This little republic is said to date from the fourth century A. D.

PRINCE WELCOMED IN PARLIAMENT

Says Au Revoir, But Not Good-Bye

OTTAWA, Nov. 7.—The Prince of Wales at noon today visited the Senate and the Commons, and after shaking hands with the legislators made a brief speech. In both houses he received a great ovation. At the conclusion of his reception in the Commons he met the members of the press gallery.

"Au revoir but not good-bye," was the parting greeting of the young Prince. "I have had a wonderful time in Canada and have seen many wonderful things. I thank you for your kind welcome. I hope to be able to hear your debates when I again visit Canada which I hope will be soon. You will then be in more comfortable quarters. So I will say au revoir and not good-bye. Au revoir, Messieurs."

Three cheers and a tiger followed from the crowd of the lusty legislators. At the conclusion the Prince with his left hand shook hands with each member as he passed. Mr. Speaker announcing the names.

BOY FALLS UNDER WHEELS OF TRAIN

TORONTO, Nov. 7.—The body of the boy who was crushed beneath the wheels of a freight train in the Leaside freight yards yesterday was identified by Raymond McBrien of 82 Melville Ave. as his son, Frank McBrien. The boy together with three companions, who ran away immediately the accident occurred, boarded a freight train at North Toronto and rode out to Leaside. They waited for the first down train to bring them back to their homes. When the 4.45 p.m. train came through, the four lads attempted to board it, but McBrien's foot caught a switch frog and threw him beneath the wheels.

FIRE AT LAMBTON GOLF CLUB

TORONTO, Nov. 7.—Fire caused by spontaneous combustion in a large pile of soft coal destroyed the shed and garage of the Lambton Golf and Country Club early this morning and for a time threatened the existence of the men's building, which is one of the oldest and most historic golf clubs in Canada.

The prompt response by the firemen of No. 13 station was largely responsible for checking the flames. The loss is estimated at close to \$10,000, which is covered by insurance.

RESIGNATION DEMANDED

REGINA, Nov. 7.—Following a meeting of protest, the Regina G.W.V.A. has telegraphed Dr. W. A. Cowan, the Regina M.P., whose face was slapped by Col. Currie in the Commons on the other day, that he resign at once. His view of the Canada could not afford to adopt the Great War Veterans' gratuity plan is considered an insult.

DOUBT AS TO GOV'T. INTENTION

OTTAWA, Nov. 6.—Another clear-cut intimation that the Unionist Government will not carry on should the other day, that the resignation of the House its policy, and to take a definite stand on questions involving large expenditures said that the members should vote as they saw fit but he added the point was that if the members signified their disapproval of the Government stand by voting down its policy then—other Government should have to carry on.

The G. W. V. A. Plan. The majority of the members heard from today appear to favor Major Andrew's amendment to the motion for the adoption of the report of

WILL ADOPT 48-HOUR WEEK

WASHINGTON, Nov. 7.—From present indications there seems to be every likelihood that the international labor conference will adopt the proposed convention on the 48-hour week. No doubt there will be modifications of the original proposal, and the final vote may be some time distant. The expectation is that the convention will secure the necessary two-thirds votes of the delegates present.

VICTORY LOAN TOTALS

TORONTO, Nov. 7.—The Victory Loan totals up to noon today are: Canada \$260,365,992, and Ontario \$348,218,850.

BOWLING RESULTS

G. W. V. A. BOWLERS BOMBARD. The G. W. V. A. played their first game of the season before a good crowd of persons on Kay's Alley last evening, and the soldier boys opened up with a heavy bombardment, winning their first game and losing their first game against the famous former Allan Cup winners, Kitchener hockey team.

The Marmora Club won two out of three from the Never Trime, and the Capitals three straights from the Knights of Columbus.

British Troops Keep Order.

LONDON, Nov. 7.—The War Office has confirmed a report that British troops are occupying Belgium to preserve order during the plebiscite there. British Troops distributed throughout Germany where plebiscites are to be held, total 15,000, the statement said.

The greatest battle of the late war was probably the Battle of Verdun, in which hundreds of thousands of men were engaged, and which continued with brief interruption for more than a year.

The lowest point reached by icebergs on their journey from the Far North lies about 40 degrees, which would be opposite the coast of the central part of New Jersey.

A FEW SWEEPINGS FROM THE VICTORY LOAN "CLEAN-UP"

(By Dinty Moore)

Your battle zone. Is the VICTORY LOAN.

Say, it was funny to see the "Cops" jump out of the Station when we went up the first bomb. They thought wild cannibals were invading the town.

Lady Belle Shoe are striving hard for the bunting.

Oscar Vogt came down last night for his Flag and 3 Crowns. The Great West felt is great on all things. The employees "felt" the opportunity.

Now that "Kap" is taking it easy once more, having reduced his working hours to thirty a day, his friends will see more of him.

The Metcalfe Candy Co.'s employees are an example to the rest of their trade. They copied the bunting with many "Don'ts" and "Do's." They were the candy kids at the Metcalfe plant yesterday too.

Mayor Gross was in the office this morning feeling very confident that his big plant would "shoot over" today. Go to it, Mr. Mayor, this is a fact, not a "night mayor."

Mr. Jacques and Lee Galloway were on the job last night with their employees until their results. Those boys are "jake" when it comes to VICTORY BONDS.

Wall! Wall! Wall! Woeller Boldue was the first Waterloo Factory to "Go over the Ridge." Well done, Mr. Woeller!

Frank Hodgins is a happy guy these days. Just think five of his assigned plants have "went over" big. Cheer up, you other fellows.

We mustn't overlook Mr. Knell's excellent work. He is leading the

returned men, came from Mr. J. A. Calder in Parliament to-night.

The minister after remarking that it was only fair and proper that the Government should state to the House its policy, and to take a definite stand on questions involving large expenditures said that the members should vote as they saw fit but he added the point was that if the members signified their disapproval of the Government stand by voting down its policy then—other Government should have to carry on.

The G. W. V. A. Plan. The majority of the members heard from today appear to favor Major Andrew's amendment to the motion for the adoption of the report of

the committee. This would substitute the G. W. V. A. plan for the committee's proposals. They did not all indicate how they would vote, however. The number of Government members who have so expressed themselves combined with uncertainty as to what the attitude of the Opposition members will be was clearly causing anxiety around the corridors of Parliament.

Mr. Levi Thompson, Liberal Unionist who spoke during the afternoon disapproved with Mr. Calder's view that the Government should resign in the event of an adverse vote. Another report says that the Government will not be defeated on the question and will carry on under any circumstances.

AT THE THEATRE

Impressions of a first-Ni

STAR HAS EXCELLENT BILL

BALANCE OF WEEK. Johnny Spivens, taking the part of a country boy, whose ambition is stimulated by a love affair and mock-up by his companions surroundings. His role in "In Wrong" gives him the opportunity to combine heart throbs and stumbles in a most delightful manner. The story is one that brings you back to boyhood days when the old swimming pool held first place in the activities of the boys. It didn't matter whether mother allowed you to go or not you simply went and then took the consequences. However, with the story of the boy, it had not only his mother to consider but in spite of all this he found time to fall desperately in love with Milla Fields. The course of true love is never smooth, however, and when Mrs. Coleman, an old friend of Morgan of New York City, arrives at the little country village all the old friends are there to greet him. His Fifth Avenue style of dress, his ice-cream pants, his cane, his spats, all make a deep impression on the village belles including Milla, and much to Johnny Spivens' heartfelt fears, he seems to gain favor as the days go by and Johnny put to his wit's end to get a position in the village. Johnny is naturally a very nice fellow and with the talents of the other village boys ringing in his ears that he has lost his girl to the wiles of the city chap, he decides to leave home. Leaving a note for his mother and packing a few belongings he starts away from the village when he hears shouting and sees that marauders are attempting to rob the village bank. It seems that a posse has discovered the intended bank robbery and has taken him for one of the robbers. Johnny rides into the farmyard on a neighbor's horse, believing that it is just his luck to be taken for a bank robber and hanged.

FIRST—A BAD COLD

Then—Down with 'Flu

Don't let your cold develop into an attack of influenza and pneumonia, or bring on a hacking, irritating cough which may last all winter.

At the first sneeze or shiver, open the Red Box and take a Dominion C.B.Q. Tablets, regularly until every trace of the cold is gone. You won't have to take many.

DOMINION C.B.Q. break up a cold in a few hours—often over night—in clear the head—stop headaches and neuritis—drive away that "grippy" feeling.

Keep DOMINION C.B.Q. always in the house. Get the red box at your druggist's today, so you will have them on hand when needed. Prepared by the National Drug and Chemical Co. of Canada, Limited.

We heard that Forsyth's Victory Loan dinner was equal to any "Waterloo"—Everything on the table including flannel cakes and tripe, but they're all on the job this morning singing "Those nose, that eyes, that teeth." This is the reason they were not in the parade last evening.

Dinty and Moore were over applying for a job at the W.G.A.R. early this morning after seeing the beautiful girls in their Parade last night. Their employees sure are a 100 per cent crew.

We know the Aviator is honest but it's an awful hard job for him to throw out \$500 in Bonds. We hope his hand is steady, and all the BONDS are found. Lang-Treacy are glad of this opportunity to enrich some of the citizens. Be on hand to grab the envelope when it falls, at 2.30 p.m.

Capt. A. Boyd Fleming addressed the employees of the Doon Twines at 11.45 this morning. Now watch them buy BONDS. You're "doon" fine Captain—how about the Doon employees?

The Mutual Life went "over the top" this morning just as we were going to press. They will now hold a "mutual" admiration meeting.

ON CHRISTMAS MORNING

KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Faj Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Faj Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

SEVERAL FOR SOL

OTTAWA, Nov. 7.—All day on the question. Both the Government and the Opposition were agreed that the Government should resign in the event of an adverse vote.

When the Government was asked to resign, it was reported that the Government would not be defeated on the question and will carry on under any circumstances.

The majority of the members heard from today appear to favor Major Andrew's amendment to the motion for the adoption of the report of

the committee. This would substitute the G. W. V. A. plan for the committee's proposals. They did not all indicate how they would vote, however. The number of Government members who have so expressed themselves combined with uncertainty as to what the attitude of the Opposition members will be was clearly causing anxiety around the corridors of Parliament.

Mr. Levi Thompson, Liberal Unionist who spoke during the afternoon disapproved with Mr. Calder's view that the Government should resign in the event of an adverse vote. Another report says that the Government will not be defeated on the question and will carry on under any circumstances.
