

TRADE NOTES.

The Lillie foundry at Perth, Ont., has passed into the hands of the James Bros. Foundry Company.

The Ottawa Saw Works Company are introducing new capital into their business. A joint stock company will be formed, and in all probability new works will be erected in Hull.

The Lloyd Manufacturing Co., of Kentville, N.S., have shipped a saw mill outfit to the Indian Reserve Agency, North-west Territory. Trial shipments of saw-milling machinery are in prospect to Newfoundland and Australia.

The Waterous Company, of Brantford, last month shipped to the Keewatin Lumber Company, at Keewatin, Ont., a No. 3 Allis band mill, with No. 2 Reliance log carriage, four head blocks, and a No. 1 extra heavy friction feed works.

Mr. James W. Woods, manufacturer and agent for lumbermen's supplies, Ottawa, has decided to erect a five story building in that city. The basement will be used as a store room for heavy goods and the offices and show rooms will be situated on the first floor, while the second and third will be used for storage purposes. The fourth and fifth stories will be fitted up as a factory.

We were pleased to notice above the entrance to No.

30 Wellington street east, Toronto, a sign bearing the familiar name of F. E. Dixon & Co. Enquiry elicited the fact that Mr. F. E. Dixon, who was for many years engaged in the manufacture of leather belting in Toronto, has resumed business in the same line. The firm have been appointed agents for Messrs. S. E. Norris & Co., manufacturers of leather and leather belting, London, Eng. (established 1775). Mr. Dixon reports that some of his old customers have already found their way back to him, and he hopes to see others, in addition to many new ones.

A recent issue of the Galt Reformer contains an account of an oyster supper tendered to their employees by Messrs. James Warnock & Co., of that town, the well known manufacturers of lumbermen's axes, cant hooks, peevies, etc. The event is regarded as one of the most significant which has taken place in that town, marking the cordial relations existing between capital and labor. Fifty-five years ago the business was established. It is now one of the most progressive in Canada, employing about one hundred hands, some of whom have been in the employ of the company thirty years, and many of them over twenty years. Mr. James Warnock, the head of the firm, died last year, and the business of the firm was placed in the hands of Mr. F. H. Hayhurst.

"WANTED AND FOR SALE"

Persons having for sale or wishing to purchase a particular lot of lumber, a mill property, timber limits, second hand machinery, etc., in fact, anything pertaining to lumbering operations, will find a buyer or seller, as the case may be, by placing an advertisement in the "Wanted and For Sale Department" of the CANADA LUMBERMAN Weekly Edition. Testimonials to the value of this department by those who have given it a trial state that the results of advertisements were frequently better than anticipated. The cost is comparatively small. Mill owners might, with profit to themselves, make use of this method of advertising their stock to a still greater extent.

The Best Excelsior Machine in the World

When two or more knives are run with one belt, all must stop when the belt is stopped to set bits or from any other cause. Our Machine has a belt for each knife, hence but one knife stops at a time. This great advantage should not be overlooked by purchasers. Time is money. Our Machine cuts more excelsior in a given time than any other machine. Get our circulars and prices.
