

## INDEX

153

II	
Habitat of oysters . . . . .	9
Halifax, N.S. . . . .	9, 96
Hammond bay, B.C.—	
breeding oysters from . . . . .	132
occurrence of few Pacific oysters in . . . . .	130
Prince Edward Island oysters in . . . . .	126
taking of plankton in . . . . .	127
Hatschek, Berthold . . . . .	25, 70
Hazel, used as cultch in Italy . . . . .	108
Heart—	
of larva . . . . .	50
of spat . . . . .	74
Heider, Carl, diagrams of . . . . .	20
Heilprin, Angelo . . . . .	8
Hemibranch . . . . .	70
Hermaphrodite character of Pueræ . . . . .	
and European oysters . . . . .	131
Hillsborough bay . . . . .	94
Hoek, P. P. C. . . . .	3
Hog (George) island . . . . .	95
Holland, oyster culture in . . . . .	3, 109
Hone, Everard . . . . .	3
Horst, R . . . . .	3, 24, 25
criticism of Brooks by . . . . .	27
diagram of cleavage . . . . .	20
figure of straight-hinge larva by . . . . .	38
figures of young oysters by . . . . .	57
on fixation of spat . . . . .	66
on growth of shell . . . . .	30
on ignorance of locomotory stage . . . . .	30
on use of trawl net . . . . .	40
opinion re byssus . . . . .	66
reference to the foot . . . . .	48
Hubrecht, A. A. W. . . . .	3
Huxley, T. H. . . . .	3
keeping larvæ in confinement . . . . .	31
on breeding season in oysters . . . . .	38
on fixation of spat . . . . .	66
on ignorance of locomotive state . . . . .	30
on time of spawning . . . . .	78
on use of fine towing net . . . . .	40
opinion re adductor muscle . . . . .	67
quoted on spat . . . . .	57
Hyatt, Alpheus . . . . .	74
Hybridization, impossible between Pacific and Atlantic oysters . . . . .	131
Hydroids . . . . .	102
I	
Identification of bivalve larvæ . . . . .	34
Ignorance relating to the oyster . . . . .	1
India	
occurrence of oysters in . . . . .	9
Indian river	
. . . . .	95
Intestine	
of spat . . . . .	29
Intestinal system—	
of larva . . . . .	49
of spat . . . . .	71
Italy, oyster culture in . . . . .	
. . . . .	3, 108
Jackson, R. F.	
discovery of posterior adductor by . . . . .	49, 67
figures of palps by . . . . .	75
figures of spat . . . . .	57
on fixation of spat . . . . .	66
on lamellibranch gill . . . . .	71
on obscurity in oyster's history . . . . .	30
on rate of growth of spat . . . . .	85
on time of spatting . . . . .	84
opinion re byssus . . . . .	66
reference to the foot . . . . .	48
Japan—	
bamboo used as cultch in . . . . .	108
occurrence of oysters in . . . . .	9
Java, occurrence of oysters in . . . . .	
. . . . .	9
Jeffreys, J. Gwyn.	
. . . . .	3, 38
Jurisdiction over oyster areas	
. . . . .	122
K	
Keir bay . . . . .	82
Kellia . . . . .	35, 53
Kellogg, V. L., on hermaphrodite character of <i>Ostrea edulis</i> . . . . .	134
Korschelt, Eugen, diagrams of . . . . .	20
L	
Labrador current . . . . .	96
Lacaze-Duthiers, H. de . . . . .	25, 38, 41
discoveries of . . . . .	3
keeping larvæ in confinement . . . . .	31
reference to the foot . . . . .	47
Leeuwen . . . . .	69
Ladysmith, B.C., transplanted Atlantic oysters at . . . . .	127
Lamarck, J. B. . . . .	8
Lamelleæ . . . . .	69
Lamellibranchia . . . . .	8
meaning of term . . . . .	70
Lamellibranchiate gill, phylogeny of . . . . .	70
Lang, Arnold . . . . .	70
Lankester, E. Ray . . . . .	70
