22d Sept. George III. crown- ed.	Easter-Tuesday
	Whit Monday
	Whit Tuesday

For the information of Travellers between Windsor and Parrf-
borough, &c.

THE Parrsborough packet sails regularly between Windsor and Parrsborough twice in every week, and occasionally three times ; but always from Parrsborough every Monday in the Summer season, wind and weather permitting, so as to be at Windsor on Tuesday, and will sail from thence the first high water that happens, at or after 8 o'clock in the forenoon of that day.—The passage money for each person is five shillings, and the freight for horses and neat cattle, is seven shillings and six pence per head. The vessel is 42 tons burthen, and has good accommodations for passengers ; and likewise for taking over horses, neat cattle, sheep, &c.

SUGAR FROM THE BEET-ROOT.

Doctor Achard has published, at Berlin, the results of a second trial, made on a large scale, to extract sugar from the beet-root under the direction of a commission appointed for that purpose by his Prussian majesty. By these results it appears that 1500 quintals of beet-root gave 5952 pounds of raw sugar ; 450 quintals of refuse, and 100 ounces of raw syrup. Thirty quintails of beet-root, cultivated according to the process of Achard, gave each six pounds three ounces of raw sugar. The refuse may be employed as coffee, or to distil spirit ; and is more profitable for feeding cattle than beets themselves. The raw sugar may be refined for every purpose whatever.
