ALL TEACHERS should know that an experience of over fifty years, during which time abstainers and non-abstainers have been kept in separate classes by the Temperance and General Provident Institution of Great Britain has demonstrated the fact that abstainers are much better lives than non-abstainers. During the last thirty years each section has been large enough to constitute a good sized Company, even in Great Britain, and being conducted by one management, both have no doubt been looked after with equal care.

In the non-abstainers section mortality has been about the tabular expectation, while in the abstainers the saving from mortality has been about 30 per cent. on the average—a most important difference. More on this question next issue.

The Temperance and General Life is the Abstainers Co. of Canada.

A REPORTER COPYING PAD

is an invaluable aid to every teacher. It gives an exact reproduction of your own handwriting. From 70 to 200 copies can be taken from **one writing**.

It Costs Only \$2.00.

Mr. S. J. Keys, Principal Gore Bay Training School says:—

"I have been using one of your Reporter Copying Pads for nearly a year, and am more than satisfied with it. It does its work just as well to-day as it did when I first used it, and makes the copies very clear and distinct. It is a valuable help to me in preparing my paper for examination, and I would not be without one under any consideration. I must heartily recommend it to all in need of a Copying Pad"
