Efforts to Amalgamate the two Senior Lacrosse Leagues Make Good Progress

International Baseball League Will Adopt Its 1915 Schedule in New York City Te-day-Presentation to Art. Ross.

All the indications appear to point to an amalgamation of the Dominion Lacrosse Association, and the National Lacrosse Union, making one strong -professional league, with two series played-East and West. Conferences between the two bodies are now under way

Jess. Willard, the new heavyweight champion, re ceived a great welcome in New York City. Billy Gibson and Maxey Blumenthal, managers of Jim Coffey and Al. Reich, respectively, offered to guarantee the new champion large amounts for him to box their men.

The schedule of the International League-which expected, will be adopted at a meeting of that body in New York City to-day-in all likelihood will be made public the latter part of the week.

Lacrosse enthusiasts in New Westminster are attempting to enlist the interest of Con. Jones in the game at the coast. They profess to see in him the after church. Great Mogul of lacrosse, and believe that without him the game would be dead

Harry Pickering, the ex-Tecumseh player, who is on a visit to the East, is of the opinion that the game will be a success at the Coast again this year. The players will all take a chance and duled for week nights, which, although highly adverplay on the percentage system.

Investigation of records at his birth place indicate that Jess Willard is thirty-three years of age, instead of twenty-eight, as was supposed when he met Johnson. When Willard decided to enter the ring he chopped five years off his age.

After holding the Chicago's scoreless for seven innings. Eddie Plank, who made his debut with the St. Louis Federals, allowed his opponents a cluster of three runs. He was defeated by 3 to 1 in his initial effort.

Wendell Holmes has been appointed captain of the Toronto 'Varsity team, which will tour the United Smith & Sons Carpet Co. States next month. They play their first game at Hobart College on May 26th.

Tom Flanagan says that if Johnson had been the Johnson of Reno he would have whipped Willard with a glove on one hand and a cream puff in the

One objection to the amalgamation of the two big
