Don't Haul Bricks IN JANUARY

Now is the time to haul while the weather and roads are good. Then you are all ready to start building that new home or barn away ahead of the other fellow next Spring. We might also say that

Interprovincial Pressed Brick

is the brick you should haul, that is, if it is a faced brick you are looking for. They are made of extra heavy shale, natural colors, and have fine cut edges and a very smooth surface. Write for a set of samples and see for yourself what a strong, handsome brick "Interprovincial" really is. Write to-day—all charges paid by us.
