

## A Paying Business for You

Are you looking for one? Here it is—contract ditching with a Buckeye Traction Ditcher for farmers and land owners who find hand ditching too slow and costly.

Hundreds of thousands of acres of rich land need only under draining to make them immensely productive. Why shouldn't you set free a part of this wealth, and incidentally enrich yourself also? The

cuts 100 rods to 150 rods of ditch a day—every foot clean, smooth, true to grade and ready for tile. You can

operate winter and summer—in frost or hardpan—and as a rule do all the actual digging yourself.

Mr. Wiles, of Plymouth, Mich., who has operated successfully for some years, writes:

"I bought the Ditcher three years ago, principally to tile my farm, and have tiled it completely. Have done enough outside work to more than pay back the price of the machine and all expenses, so my tiling cost me nothing. On one job I dug 80 rods in 4 hours, and on another 160 rods in 9 hours. Have not paid out \$10 for breakage."

Now, this is concrete evidence and should convince you. We have other letters—many of them—equally to the point and will be pleased to send you our book of facts—entitled "Dollars in Ditches"—which gives some wonderful Buckeye records.

"I'm going to put my money in a home", you say.

A good idea. But don't forget that if death intervenes one payment made on a home will bind your widow to pay the mortgage or lose the home.

One payment made on an Imperial Life policy will bind this Company to pay your widow and save the home.

The proceeds of life assurance policies have paid off many mortgages.

We have an interesting booklet about this subject. Just ask for a copy of "That Home of Yours" and we'll send it to you post free. Address:
