A model last for women who prefer a long vamp with narrow or medium narrow toe. Made in all leathers 8" or 9" height, Louis or Spanish heels.

True Economy in Stylish Boots

THE model illustrated is preferred by many women who like the refinements of style, yet do not wish to sacrifice comfort or service.

It has the popular Louis heel, combined with long vamp and medium narrow toe. For those who like a somewhat more extreme style, a similar model is provided with the Spanish heel (a trifle higher and more tapering) and a slightly narrower toe. Either model is always in good taste, and you may be sure of getting style value and of practising true economy when you ask your dealer for them. These boots may be obtained in black or tan calf and kid.

More information concerning style values is contained in our booklet "How to Buy Shoes." We are glad to send a copy to any address in Canada, upon request to our Head office at Montreal.

Bigger Crops—Less Labor

If you had to—you could cut down on your acreage, seed and labor and get bigger, easier sold crops by using "GUNNS SHUR-GAIN FERTILIZERS."

They are compounded by expert chemists who have complete, up-to-date knowledge of every Canadian soil and crop requirement.

Prices will be firm this season, but with early shipping discounts they are lower to-day than later on. We suggest you avoid delivery disappointment and write to-day for prices and booklet.

GUNNS LIMITED, West Toronto, Ontario

PEERLESS PERFECTION

Canadian Farmers

are loyal to the colors; loyal to their citizenship; loyal to business enterprises of the Provinces; every patriotic appeal finds a ready response in a Canadian's heart.

We are Canadian manufacturers; we have been doing business in Canada for many years, making Canada's fence, and we are grateful for the patronage accorded us during these years from our Canadian friends.

Now is the time to stand by Canada's interests. We are doing our part to maintain a business regularity, and are manufacturing such a good line of fencing that it is worthy of special mention in connection with Canada's future relations to the nations of the world. Observe the illustration, and then ask yourself this question: "Is not a fence made of material good enough for such an important purpose—up hill and down hill work—the kind that should be used by every Canadian?" There is but one answer—Peerless.

Made of heavy Open Hearth steel galvanized wire with all the impurities taken out and all the strength and toughness left in. Every wire is crimped making the fence into one continuous spring. Top and bottom wires are extra heavy. Will not sag. Requires less posts than ordinary fence. That means a saving in real money. Absolutely guaranteed.

Don't buy a rod of fencing until you get our illustrated Catalog—describes our big line of farm, poultry and ornamental fencing—also Peerless farm gates.

Agencies almost everywhere. Agents wanted in all unassigned territory. Write tonight—save a day.

130-Egg Incubator and Brooder Both For \$17.50

If ordered together we send both machines for only \$17.50 and we pay all freight and duty charges to any R. R. station in Canada. We have branch warehouses in Winnipeg, Man. and Toronto, Ont. Orders shipped from nearest warehouse to your R. R. station. Hot water, double walls, dead-air space between, double glass doors, copper tanks and boilers, self-regulating. Nursery under egg tray. Especially adapted to Canadian climate. Incubator and Brooder shipped complete with thermometers, lamps, egg testers—ready to use when you get them. Ten year guarantee—30 days trial. Incubators finished in natural colors showing the high grade California Redwood lumber used—not painted to cover inferior material. If you will compare our machines with others, we feel sure of your order. Don't buy until you do this—you'll save money—it pays to investigate before you buy. Remember our price of \$17.50 is for both Incubator and Brooder and covers freight and duty charges. Send for FREE catalog today, or send in your order and save time.

Write us today. Don't delay.
