Do you ever stop to consider what a predicament you would be in should your husband be taken away? Could you continue to live as you are now doing, and educate your children, or would your children be forced to forego the advantages of an education and thus be handicapped throughout life, to provide the necessities of existence? A policy in The Manufacturers' Life Insurance Company will solve this problem. If your husband lives, it means a guaranteed competence for maturing years. If he dies, it means protection for YOU against want. Remember that we have special plans and rates for total abstainers. Write us today, stating your husband's age, and full particulars will be mailed you.
