New One-cent Coin.

The Minister of Finance is con- sidering the design for a new one-cent copper coin. The present one-cent piece while of excellent design is of so large size as to make it in- convenient to carry more than two or three in the pocket. The new coin will be slightly larger and slightly thicker than a ten-cent piece so as to be readily distinguishable to the touch. It will take some time to have the die made and the coins issued for circulation.

Tribute to Canada.

Canada has done wonderfully well thus far with its war finance, and there is every reason to expect that she will keep this pace to the end. Canada is enormously rich in unde- veloped resources and her promises to pay are among the best securities in the world. As a matter of fact, there is practically no difference be- tween Canada and the United States so far as financial responsibility is concerned. After the war there is bound to be a rapid development of Canada's resources with great in- crease in the visible wealth.—Buffalo Express.

Why Not?

"Was in her darkest hours,
When the maid was in despair,
Her lover sent her flowers,
And the flowers scent the air."

In a Liberal Mood.

"The judge was very nice."
"Yes?"
"Gave me a divorce, permission to
marry again, and intimated that if I
didn't do better than I did the first
time he'd grant me another divorce."

The Wonders of Observation.

Long ago a keen observer of hu- manly recorded his discovery that a small borrower never leaves the bank without glancing one way and moving off in the contra direction. A rival observer has just turned up in the Christian Science Monitor to report his conclusion, after years of patient observation, that a brass band and a small boy never move in opposite directions.

Caribou.

Migrating caribou along the Yukon river near the American-Canadian border were so thick during the first week of October that the United States Government steamboat Gen. Jeff Davis had difficulty in navigat- ing among the animals swimming in the river. Thousands swarmed the shores and waters. Members of the crew said they lassoed a dozen and hauled them aboard for fresh meat.

Wanted to Advertise.

The military authorities reject the name "Londonview" proposed to be given the new million-dollar hospital to be erected south of the city and a committee will now make a selection from a list of battle names. The military folk object to the institution being made to serve advertising pur- poses.

Whisky and Religion.

Leon Swift was fined \$10 in a St. Catharines police court recently, the result of a quarrel over religion that developed on a G.T.R. train after the doctrinal disputants had filled up on Niagara Falls whisky.
