

USE

"Corona" Dry Arsenate of Lead

Spraying Orchards and Potato Plants.
 "CORONA" dry is not an experiment, it has been used by many of our leading farmers for years.
 One pound of "CORONA" will do the work of from two to three pounds of Arsenate Paste, and be more effective because:—
 It is a perfect, dry, fine white powder, and does not contain 50 per cent water.
 It is pure and contains nothing but Lead Oxide and Arsenate Oxide, the only two chemicals essential of an Arsenate of Lead. It gives an even application, covers more thoroughly, and sticks to foliage longer.
 It mixes easily and readily in water, no working up to prepare for the spray tank. No straining. It is only necessary to shake the proportional amount into the spray tank.
 By using the same weight each time you spray, your mixture is always the same strength.
 No sediment, no lumps, no water, never clogs spray nozzles.

Wanted—Good driving horse, not less than 1,000 lbs; also for sale or exchange two mares, 800 and 900 lbs. Apply to W. G. Jones, Canning 3sw

CORRESPONDENCE

To the Editor of Advertiser:
 Sir:—In an article appearing in The Advertiser under date of June 23rd, and signed "A Member," I made premature statements of the action of the Aylesford Fruit Company; inasmuch as they were susceptible of being used to prejudice members of other co-operative companies against the management of the United Fruit Co. which had advertised its annual meeting to take place on June 27th and 28th when delegates would have an opportunity to discuss their stewardship.

FRED CRICHTON.

The following letter was received recently by Mrs. Schofield from Capt. B. L. Nelly, France giving the details of her brother, the late Hugh Spencer:

Belgium, June 7th, 1916.

Dear Mrs. Schofield:
 Long before you get this letter you will have been officially notified of the death of your brother Hugh which took place at No. 3 Canadian Casualty Station near here last night, June 6th at twenty minutes to nine o'clock.

I was with him at the time of his death and stayed until the body was prepared for burial.

He was brought into the hospital at 3 a. m. on the morning of the 4th, wounded through the kidneys, and from the first it was seen that he could not live. His lungs were also involved. He was an ideal patient and had everything done for him that could be done to make his last hours comfortable.

After the first he suffered very little and on the morning he died I went in to see him at four o'clock and when I asked him what kind of a night he had had he said "fine, I slept great."

"This was his spirit right through, never complaining and always saying he was getting on well."

I saw him two or three times a day while he was in hospital, for although I did not know him previously, I took an interest in him especially as he came from my native county of Kings and I knew of your family.

The nurses who looked after him were Miss Hare (who is in charge of the hospital Miss Leslie of Montreal and they both did everything they could for him, especially Miss Hare who has a brother in Kentville with the C. P. R. and naturally she took a more friendly interest in him.

The night nurse (whose name I do not know) and myself were with him when he died. He will be buried today at 2 p. m. If possible and can get away I will attend. I don't know of anything I can tell you more. He had the services of the chaplain attached to the hospital. In fact he had everything that could possibly be done for him.

Miss Hare is writing you personally and while here I might say—in fact I want to emphasize the fact that she was most kind and attentive to him from the moment he was brought in.

I saw his pay book, note book, a few letters and such like that he had in his pocket, photos too packed for you and they will be forwarded by the authorities.

He asked me to write and tell you he was wounded, etc., but I don't think he felt he was not going to get better and we didn't tell him for it would do no good and perhaps only worry him.

That fight he came through and in which he was wounded was one of the worst which has taken place in this war on the whole front and he has done his duty to country and like thousands of others has paid the supreme price.

If there is anything I have omitted to tell you and which you would like to know don't hesitate to ask me.

I shall see that his grave is marked.

Sincerely yours,
 B. L. NEILEY, (Capt.)
 c/o Canadian Corps, H. Q. France.
