VIGILANT SCORES AGAIN.

Poaching Tug Arrow Gets Away, But Leaves 86 Nets Behind.

Dunkirk, N.Y., Sept. 29.—The Vigilant, the Canadian cruiser, yesterday captured eighty-six nets belonging to Capt. Hanson of the tug Arrow.

Capt. Hanson saw the cruiser coming and ran south into American waters. No shots were fired.

The fishermen are becoming scared of the Vigilant, and take no chances of allowing her to get to close quarters when they are north of the boundary line.

Public Library Burns.

Brookville, Sept. 29.—The general store of S. D. Walker & Son, the public library, and the Bell Telephone office, all located in one building at Algonquin, were burned to the ground Wednesday night, also a private residence adjoining, occupied by Mr. Thorp, whose family barely escaped with their lives. The fire broke out about midnight. The absence of a fire-fighting apparatus rendered the villagers helpless. The fire is said to be of incendiary origin. The rear door was found open by Edward Orr.

THE CRISIS IN HUNGARY

Germany Back of the Emperor-King Francis Joseph.

Hungary Looks To the Slavs—Significant Statement of the Independent Leader—Former Premier Fejervary Unable to Get Emperor to Consent to Universal Suffrage to Defeat Coalition Movement.

Vienna, Sept. 29.—Emperor Francis Joseph yesterday received in audience Baron Fejervary, the former Hungarian Premier, and Count Goltchowski, the Austro-Hungarian Minister. The next steps of the Emperor are awaited anxiously.

Baron Fejervary's audience of the Emperor proved a failure, according to an Austrian authority close to the court. The baron insisted upon a plan to defeat the Hungarian coalition by the introduction of universal suffrage, but His Majesty was not willing to accept such a radical measure.

M. Polonyi, vice-president of the Hungarian Independent party, in an interview in Freie Presse yesterday, attributed to German influence the position of the Emperor-King to the demands for Hungarian coalition. He concluded with the threat that if Hungary can no longer find support among the Germans, she must look in the direction of the Slavs.

Students Begin Rioting.

Buda-Pesth, Hungary, Sept. 29.—The excitement among the students led to riots yesterday at the university.

Three students with Socialistic tendencies, were attacked by Nationalist students and roughly handled. Afterwards, some 300 Nationalist students marched to the hospitals, visiting those who were injured during the rioting Wednesday evening.

The theology students are also joining in the Nationalist movement. A meeting of students has been called to discuss the situation.

Provinces in An Unrest

Buda-Pesth, Sept. 29.—There is no abatement of the popular unrest. The Socialists gathered last night in front of the Imperial Club, but the police prevented disorder.

Reports from the provinces show increasing support for the coalition parties.

The coalition leaders, realizing the decided anti-Magyar tendency of many influential persons, are losing no opportunity to strengthen their position. Francis Kossuth demands the union of all Hungarian parties, "for the defence" of the Hungarian constitution, and it is believed that a private meeting of deputies, which has been called for October 2, the day before the great convention, may formulate plans to secure such a union.

Cholera Record.

Berlin, Sept. 29.—The official bulletin issued yesterday announced two new cases of cholera and no deaths since noon Wednesday. The total are 256 cases and 87 deaths.

Montreal Firm Assigns.

Montreal, Sept. 29.—The Haycock & Dudgeon departmental store, which is one of the largest in the city, yesterday made an assignment in favor of their creditors.

Loss by Fire.

Brookville, Sept. 29.—John Culbert, ex-M. P., suffered a loss of about \$1,000 yesterday through the partial destruction of his barn by fire. Two horses were burned.

WARDEN VESTER

Has Something to Say Regarding the Proposed Change in County Councils

(Ridgetown Dominion).

The local member for East Kent is in receipt of the following interesting letter from John Vester, Esq., Warden of Kent County, and, as that gentleman suggests, gives it publicity believing the subject dealt with one of great importance:

P. H. Bowyer, M. P. P.:

Dear Sir,—My attention has been called to a circular issued by Hon. Nelson Monteith, Minister of Agriculture, that announces the policy of the Government in reference to the construction of County Councils. It is stated that the councils shall be composed of the reeves, and mayors of towns not separated from the county, and such deputy reeves as may on further consideration be decided on. Now, sir, this question of deputy reeves is a very serious question if we are to have representation by population or representation on a financial basis. Take our county for an example. The Township of Harwich pays more county rate than the nine municipalities, as follows:

Township of Zone.....	\$898.90
Town of Blenheim.....	648.47
Town of Dresden.....	598.51
Town of Bothwell.....	221.26
Town of Ridgetown.....	927.46
Town of Wallaceburg.....	735.05
Village of Thamesville.....	273.42
Village of Tilbury.....	245.66
Township of Romney.....	1115.98

\$5664.71
You will see that the nine municipalities named only pay \$5,664.71, while the Township of Harwich pays \$6,151.21 of county rate. Now, sir, if we must have a change I hope that you will do your best to give us representation in proportion to the county rate each municipality pays or representation by population.

In conclusion allow me to say that I have been in municipal life for the last 24 years, and most of that time a member of the county council, so I have had experience in both the old council and the new, when we had 36 members and when we had 14, and I can assure you I much prefer the 14 members to the 36, it being much cheaper and the business done better and quicker and the best interests of the county being better protected. You will observe that our county is composed of 17 municipalities, which will be 17 members, and with a fair representation of deputy reeves we will have a very large council.

You may publish this if you think best. I remain, dear sir, your obedient servant.

JOHN VESTER,

Warden County of Kent.
Harwich, Sept. 28, 1905.

Mountain Splits in Two.

New York, Sept. 29.—A Rome despatch to The Herald says: A mountain near Ajello, called Pietra Calandria, 300 metres high, split in two Wednesday, owing to shocks of earthquakes, and threatens to bury the town. All the inhabitants have fled. There was a terrible cyclone at Sparandise, in the Province of Caserta. All the trees and telegraph poles were uprooted, houses were damaged and several people were killed and injured.
