## CAN MAKE THE OLD ANVIL RING EVERY DAY NOW

Blacksmith Says Four Years of Indigestion is Gone and all His Old Time Strength Has Returned in Full Force Since Taking Tan-lac. Was Almost Down and Out

"Anybody to see the way I swing my hammer now and make the old anvil ring would never think that a short time ago I was almost down and out," said Roy Steeves, well known blacksmith of Dover, West County, N. B.

"For four years I suffered from stomach trouble and during the past year was so bad off I could hardly hold out under the strain. I had all the usual symptoms of indigestion, but the worst one I believe was smothering spells. I had to get up often in the night and walk the floor fighting for air."

"The second day after I began taking Tan-lac I could see an improvement and it kept up steadily until now I am in better health than in years. All my strength has come back, I sleep like a log and get up in the morning feeling fine and ready for a big day's work every day."
