The Vice Regal Visit.

Lord and Lady Aberdeen and Lady Marjorie Visit Newcastle—Their Reception.

Their Excellencies the Governor General and Lady Aberdeen, and Lady Marjorie Gordon, accompanied by Capt. Hubert W. Wilton, A. D. C. of the Queen's Bays, arrived here in their private car about 4 o'clock. On their arrival they were met by the reception committee and a large number of citizens and escorted to the platform where Mr. Samuel Thomson, Q. C., read the following address:

ADDRESS.

To His Excellency the Right Honorable Sir John Campbell Hamilton Gordon, Earl of Aberdeen, Viscount, Founant, Baron Haldon, Methil, Tully, and Kellie, in the Peerage of Scotland; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom; Baronet of Nova Scotia; Knight Grand Cross of the most distinguished order of St. Michael and St. George; Governor General of Canada, &c.

May it please your Excellency: We, the undersigned committee, in the name and on behalf of the citizens of the town of Newcastle, County of Northumberland, respectfully beg to extend to your Excellency a cordial welcome, on this your first visit to this portion of Her Majesty's Dominion.

The experience gained by you, in the arduous, able, and honest performance of the duties pertaining to the important responsible positions you have held—as the representative of Her Majesty—as a member of Her Government, and as a legislator, have eminently qualified you for the Governorship of this Dominion; and we recognize in your appointment to that office a signal proof of Her Majesty's desire, for the good government and welfare of all classes of the people; and for the preservation of the civil and religious liberty now so thoroughly enjoyed, under the reign of our beloved Queen.

We desire to express our deep appreciation of your present address to this portion of the Dominion, and our recognition of your Excellency's desire, to become better acquainted with its institutions and inhabitants.

Although we cannot point out to your Excellency any striking evidences of great wealth and prosperity in our town, yet we can safely affirm, that the various industries and manufactures of the town, and the commerce of the community are in a healthy condition, and that, in common with other portions of the Dominion, a prosperous future awaits us.

Our educational institutions for the young, carried on so satisfactorily to all classes under our superior common school system, are in line with those in other parts of the Dominion.

As regards the loyalty and devotion of the people to the Throne of Her Majesty, they are second to none.

The deep interest you have taken since your assumption of the office of Governor General, in all that concerns the educational, moral, social and commercial affairs of the Dominion, is not unknown to us, and we sincerely trust that your promotion as Governor General, may be marked by visible progress in the material wealth and prosperity of the Dominion, and in the rational enjoyment of all those moral and social blessings that result from good government.

We also desire to extend to Her Excellency the Countess of Aberdeen a most cordial welcome. We recognize and appreciate the deep and abiding interest she has ever taken, in the material and moral welfare of the Dominion, and the laudable efforts she is making for the uplifting of her sex, to a higher plane in the intellectual and social arena, and for the alleviation of human suffering in the cure and care of the sick.

We sincerely trust that her prize-worthy scheme for the establishment of a Victorian Order of Nurses, which she has so much at heart, may receive a general support and be prosecuted to a successful issue; and that the seeds of philanthropic effort now being sown in that direction, will be long and abundant fruit.

We beg to assure your Excellency that, at all times, you can rely on the cordial efforts of the citizens of Newcastle, in support of every desire or act of your Excellency, for the peace, order and good government of the Dominion.

We earnestly pray, that your Excellency and your accomplished lady, the Countess, may be long spared in the full enjoyment of health and strength for the performance of your respective duties, and that wherever your future lot may be cast you may be the objects of divine favor and direction, and the recipients of Heaven's best blessings.

Signed on behalf of the citizens of the town of Newcastle this twenty-seventh day of October, A. D. 1897.

Lord Aberdeen made an appropriate reply and was loudly applauded by the people present.

They were then conducted to their carriage and the procession formed, headed by the Newcastle Orange Band, and proceeded to the Harkins Academy, where they were warmly welcomed. On entering the assembly room the pupils sang "Hurrah for merry England," after which bouquets were presented and the following address read by Miss Maud Lonsbury:

ADDRESS.

To His Excellency the Governor General of Canada and his illustrious consort Lady Aberdeen.

We deem it a great pleasure to have the opportunity of expressing to you, as the representative of Her Majesty the Queen, our loyalty and devotion to her throne and person. Our fathers were ever loyal and we too share in that noble heritage. Loyalty has ever characterized the people of the province of British North America. It has been so in the past. It is so now.

CATARACT AND COLDS RELIEVED IN 10 TO 60 MINUTES.

One short puff of the breath through the Blower supplied with each bottle of Dr. Agnew's Catarrh Powder diffuses this powder over the surface of the nasal passages. A TERRIBLE RECORD.

There is no longer any doubt that Vacher, the French Jack the Ripper, has the bloodiest record in the modern history of violent crime. He is now accused of nineteen murders and two assaults on women. He confesses to eleven murders and admits that there were more, but declines to give details. His confessions have been fully substantiated in most cases.

The latest charge against him is the murder of a girl 19 years old named Theresa Fry. She was walking on the road near Finsville at 5 o'clock on the evening of April 5 last. The man caught her by the throat and threw her down. The next day she was found dead, her body being thirteen knife thrusts, while two fingers were cut from the hands. Investigation led to no result beyond the fact that a tramp, who is supposed to have been Vacher, had been seen on the road by peasants before and after the crime. The wayfarer was described by the countrymen as having spoken in a fantastic manner like the murderer now under examination, who has repeatedly declared that he was raised up by Divine Providence as a scourge to humanity.

Another person, who was first accused instead of Vacher, has now been cleared of the terrible suspicion. He is a peasant named Banner, and he was under arrest for three weeks on a charge of the murder of one of the Shepherd lads whose throats were cut by Vacher.

COULD NOT LIE DOWN FOR EIGHTEEN MONTHS.

The sufferings of a Toronto Junction Resident from Heart Disease.

Not an exceptional case of heart disease but very distressing was that of Mr. L. W. Law, of Toronto Junction, Ont., who was obliged to be propped up in bed with pillows for eighteen months, because of moribund spells that would come over him whenever he attempted to lie down. No treatment had done any good until he tried Dr. Agnew's Cure for the Heart, and here one does give complete relief, and one bottle cured him, and today he enjoys the pleasures of good health as other people do. Heart disease will kill if not cured.—Sold by E. Lee Street.

STORY OF THE GREAT FIRE AT MIRAMICHI.

[By Mrs. C. F. Fraser, Halifax.]

The spring and summer of the year 1825 were prosperous seasons for the venturesome settlers who had crossed the ocean to make their home in that portion of British North America known as the valley of the Miramichi. The hardships of the pioneer days seemed to be over. The cleared land had already been brought under cultivation and the few cattle and sheep which had been transported with much difficulty from England had thriven and multiplied in the land.

On the 27th of May, 1825, a fire broke out in the town of Miramichi. The fire was caused by a careless settler who had left a candle burning in a room filled with dry straw and other combustible material. The fire spread rapidly and in a few minutes the whole town was in flames. The fire burned for three days and three nights, and destroyed everything in its path. The loss was estimated at \$100,000.
