## THE ROSARY SPLENDID PLAY

Words of Appreciation Only From

Large Audience Saturday

Evening:

When the curtain went up at the Opera House last Saturday evening on the opening scene of "The Rosary," it was before an audience refined, expectant, and, possibly, rather disposed to be critical; for so high were the expectations aroused over this semi-religious play, that only by a first class company of artists could those anticipations be realized. When the curtain fell upon the closing scene

"Oh, memories that bless and burn;  
Oh, barren gain and bitter loss;  
I kiss each bead and strive at least to learn  
To kiss the cross."

There was but one expression of opinion, and that was that seldom was there presented in this city so excellent and so satisfying a theatrical production. It is a serious play with a serious motive, yet there runs through it a charming little love story and delightful strain of comedy that delights everybody. It is a play with a purpose, an educational production with a motive, and pleases all, without offending the susceptibilities of any.

As Rev. Father Kelly, Mr. John Meehan is the bright particular star, and his interpretation of the beautiful character of the conscientious, deeply religious priest leaves nothing to be desired. Never for a moment does Mr. Meehan forget that he is presenting a strong, serious, earnest character, and every person who witnesses this character as portrayed by Mr. Meehan comes away with a deeper respect and stronger love for the holy office. Miss Richardson in the double role of the twin sisters acts a difficult part that could be satisfactorily presented only by such an artist as she is. Every member of the cast is peculiarly suited to the character which he or she essays, and there is not a mediocre member in the entire cast.

All were much pleased with the splendid reception, and frequent appreciative applause which they received in their initial performance last evening and will do their utmost to deserve continued appreciation at both performances today. No lover of a clean, wholesome elevating play should miss attending today's presentation of "The Rosary."—Moncton Times.

## Stanfields Buy Out Hewsons

Halifax, Nov. 8.—It is learned that Stanfields Limited, of which John Stanfield, M. P., is president, whose works are at Truro, has absorbed the Hewson Woolen Company, of Amherst, the terms of the merger being that the Hewson shareholders shall receive par for their stock together with the current half yearly dividend. It is proposed to push the knitting department at Amherst, where labor for this purpose is more easily obtained. H. I. Hewson, manager of the Hewson mills, will remain at Amherst as local manager there.

### Very convenient.

An enterprising builder was one day in conversation with several friends, when he was accused of using inferior materials in the construction of houses which he had recently built, of which a gentleman arrived who A hot argument ensued in the midst of which one of the jerry-built cottages, and the matter was referred to him.

"Well, sir," said he, "I can assure you they are the most convenient houses I ever shod in."  
"But," said one of the listeners, "they convenient due to you say."  
"Oh, hand yer wheest till I explain. When first I cam' to bide in Mr. Jerry's house, I had to rise in the middle of the night an' open the door to let out the cat; but the cat can gang out an' come in an' there the cracks an' I'm saved a big bother."

## HER SKIN SEEMED ON FIRE

Every Other Treatment Failed  
But "Fruit-a-tives" Cures

GRAND LIGNES, QUE., Jan. 2nd, 1910.  
"My wife was greatly distressed for three years with chronic Eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did any good. He also advised her to wear rubber gloves and she wore out three pairs without getting any benefit. As a last resort, I persuaded her to try "Fruit-a-tives," and the effect was marvellous. Not only did "Fruit-a-tives" entirely cure the Eczema, but the Asthma, which she suffered from, was also completely cured."

We both attribute our present good health to "Fruit-a-tives." N. JOUBERT.  
"Fruit-a-tives" will always cure Eczema or Salt Rheum because "Fruit-a-tives" purifies the blood, corrects the Indigestion and Constipation, and tones up the Nervous System.  
"Fruit-a-tives" is the only medicine in the world made of fruit juices and valuable tones, and is the greatest of all blood-purifying remedies.  
50c. a box—6 for \$2.50—or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

## SERIOUS ACCIDENT LUMBER CAMP

Last Friday, Edward Demeau a young married man belonging to Robinsonville, met with a bad accident, while working for the Dalhousie Lumber Company near Richards on the I. N. R. He was holding an axe in his hand when a dry stub fell on the axe driving it deeply into his leg just above the knee. The injured man was at once hurried to the Hotel Dieu Hospital where he now lies. The wound is a serious one but is not painful and the patient is making good progress toward recovery.

## OBITUARY

MISS ETHEL DUFF

Death has again visited the home of Mr. and Mrs. George Duff, Tide Head and taken their youngest daughter Ethel. It is one year and nine months ago that their only son Charles was killed in the C. P. R. wreck at Spanish River near Webbwood, Ont. and Ethel after the death of her twin brother seemed to gradually decline.

Although never robust she was in her usual health until within a few hours of her death, naturally such a sudden death comes as a great shock to her family who have the sympathy of all in their bereavement.

Ethel although of a quiet and retiring disposition had many friends who will daily miss her old accustomed place. She has been a member of Tide Head church choir for the past nine years and was an ardent and conscientious worker. The funeral took place Saturday afternoon at 2.30. Service was conducted by the pastor, Rev. C. A. Hardy.

The pall bearers were—George Mann, Blair Adams, Claude McDougall, Sherman LeTurgey, Daniel McDougall, Robert Blair. The deceased leaves to mourn her loss a father, mother and two sisters, Mrs. Walter Thompson of Mt. Hebron, California, and May at home.

## REPORTED MISHAP TO S. S. GASPESIAN

Deck Cargo Thrown Over Board to  
Lighten Steamer

An unconfirmed report has been received here that the steamer Gaspesian while on her voyage from Gaspe to Montreal ran on the rocks near the mouth of the St. Lawrence and the crew had to throw overboard all her deck load of cargo before she could get off. The steamer proceeded on her trip seemingly undamaged but will most likely be surveyed at Montreal or Quebec.

## SMALL FIRE IN CAMPBELLTON

Early on Wednesday morning fire was discovered in the basement of the building on Gerrard Street opposite the I. C. R. station occupied by the Exchange House and F. J. LeBlanc.

The brigade with a couple of streams soon extinguished the blaze which was confined to the basement, the stock in the store above being damaged only by smoke. The loss will be trifling. The fire is thought to have started from an over heated flue pipe.

### No Resemblance.

"Now, Nora," said the departing physician to the Irish girl, who was nursing a bad case of fever, "if the patient soon wakes again, give him a dose of this medicine. I shall be in at six."  
The hour for his return arrived. The physician once more visited the sick patient, and found him raving. He had been so, said the nurse, for hours.  
"And did you give him the medicine?" inquired the puzzled doctor.  
Nora shook her head.  
"But didn't I tell you to give it to him if he saw snakes again?" demanded the physician.  
"But he didn't say he saw snakes this time, doctor," replied the nurse, confidently. "He said he saw red-white-and-blue turkeys with straw hats on!"

### Utilizing Waste as Fuel.

The greatest work which has been carried on by the British in Egypt, since their occupation of that country has been the construction of dams along the Nile for the purpose of providing water for irrigating the Nile Valley. As a result of this work vast areas, previously waste, have been brought under cultivation and the output of the country is increased.  
Another enterprise, of little less importance, is now under way. This is for the purpose of utilizing suds, a thick tangle of water plants in the Nile bed. This growth has for generations seriously interfered with the navigation of the Nile. It has recently been discovered that it can be utilized as a fuel. The new fuel is known as suddite.

### The New Boarder Again.

"For ten years," said the new boarder at a Montreal boarding-house, "my habits were as regular as clockwork. I rose on the stroke of six; half an hour later I sat down to breakfast; at seven I was at work, dined at twelve, ate supper at six, and was in bed at nine-thirty; ate only hearty food, and hadn't a sick day in all that time."  
"Dear me!" said the edacious, sympathetic tones, "and what were you in for?" An awful silence ensued.

### Australia has Tallest Tree.

Australia claims to have the tallest tree in the world. It has long been thought that to California belongs this distinction, but while California trees are of gigantic dimensions, they do not come up to Australia's eucalyptus trees. The Californians are noted not so much for their height as for their girth and diameter. The tallest tree in California yet discovered was found by actual measurement to be 340 ft. high. Australia's record gum tree can beat this by 140 ft.

A Record in Book Publishing.  
The first (Canadian) edition of 5000 copies of Dr. Stephen Leacock's latest book "Nonsense Novels" which was published on June 12th, by Publishers Press was completely sold out in the record time of three days, and a second edition is almost sold.  
John Lane, the great English publisher recently said that Canadians were the biggest buyers in the world of new books.

Bride (putting on travelling dress): "Did I look nervous during the ceremony, Kate?"  
Kate (bride's eldest sister): "A little at first, but not after Alfred had said 'Yes.'"

### Ben's Logic.

"Ben," said his friend, waking up from a reverie in which he had been gazing abstractedly at the shiny expanse of Ben's skating-rink-for-utens, "is there nothing you could do for your baldness?"  
Ben, by the way, is only forty.  
"No, lad!" he replied, with decision. "Fifteen years ago I was courted strong, and I tried lots o' things. But about that time t' Prince of Wales—Edward, you know—came to open t' new hospital, and I said to myself as soon as ever I saw him liftin' his hat to t' crowd, 'Ben, my lad, the can give it up as a bad job, and save thy brass.' If ther was owt 'at 'ud cure a bald head they'd 'a' cured him."

John Jacob Astor was fined 40 shillings in London for auto speeding. He's an Anglo-sauc-maniac now.
