# Bishop Fallon Urges the Catholics to Vote for Union

## The Well Known Roman Catholic Bishop of London, Ont., Does not Mince Words in Telling Catholics why They Should Support the Union Government--Cannot Confound Quebec's Religion and Politics.

London, Ont., Dec. 8.—In a strongly worded statement issued last night, Rev. M. F. Fallon, Roman Catholic Bishop of London well known in Ottawa, urges all Catholics to support the Union Government in the coming election. He reprobrates "indiscriminate charges against the Catholics of Canada" arising out of resentment against Quebec, and he asks that his fellow Catholics be not misled by "mistaken sympathy with a province whose religion must not be confounded with its politics."

**Text of Statement**  
The text of the statement follows: "I am profoundly convinced that what everyone concedes to be a crisis in the world's history has become by reason of our war-time election, a national crisis in the history of Canada. Therefore, despite the misunderstanding or misrepresentation to which this expression of my view is certain to expose me, I feel it an obligation of conscience and a duty of citizenship to make plain my own personal position, and to influence, so far as my words may influence, those who have any confidence in my deliberate judgement. It is no exaggeration to say that the eyes of the world are fixed on Canada today, and that the ears of the world are listening for the message which will be voiced by the Canadian people on the 17th of December next. Nor when we call to mind the past that Canada has played in the great war is it surprising that the anxious attention of the world should be directed to that momentous decision which this country will then be called upon to make."

**Above Party Politics**  
"Were I not convinced that the issue, the dominating issue, is far and away beyond and above all party politics, I should never entertain a thought of breaking silence during an electoral campaign. Nothing more over, is farther from my mind than to associate myself with any accusation or insinuation of insincerity or disloyalty that may be made or suggested against the venerable and illustrious Canadian who leads the

neither with the one nor the other of the Liberal party which accepts his leadership in this crisis. "Yet it will not be denied that every element opposed from the beginning to Canada's participation in the war, every element desirous that Canada should now withdraw from the war, as well as all those who hold it as a principle that Canada is not concerned in the war, are united in their opposition to the Union Government, and in their desire to bring back to power, for their own unworthy purposes, the great leader who disclaims all sympathy with the principles they profess. "In the approaching election the issue which dwells in the minds of Canada's effective continued participation in the war. It is the issue which compels us to disregard all others, however important they might be at another time."

"It is charged that if voluntary enlistment failed in Quebec for the beginning and can no longer be relied upon elsewhere, its failure is due to the mistakes of the Government that directed the war activities of Canada. Be it so, we cannot solve our difficulties of tomorrow by the idle discussion of the mistakes of yesterday. We must face squarely the conditions of today, without special reference to Canada. Sir John Simon, who two years ago withdrew from the British cabinet because of his opposition to conscription, but who now wears the King's uniform himself, thus accurately states the issue which confronts Canada in this election: 'I can imagine only one crime which is to be compared to the crime of permitting the war to go on for an unnecessary hour, and that is the crime of slackening in our purpose, after all the sacrifices we have made.'"

**Has Fallen Behind**  
"Under voluntary enlistment Quebec has fallen far behind the other provinces. Some who speak for Quebec offer explanations for this state of things; others neither deny it nor apologize for it. I am concerned

**"CASCARETS" WORK WHILE YOU SLEEP**  
For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight. Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

**Dominion Express Foreign Cheques** are accepted by Field Cashiers and Paymasters in France for their full face value. There is no better way to send money to the boys in the trenches.

## The Record of the Union Government

They abolished patronage in appointments to Government positions, in the purchase of supplies and in awarding of Government contracts. Patronage was the Worst Evil in Politics. They controlled the packing houses by ordering that they must not charge a profit of more than two per cent. on their sales—that is to say two cents profit on a dollar.

They passed an order providing that the flour millers can make a profit of only 25c. on each barrel of flour. They stopped the use of grain in the manufacture of liquor. They stopped expenditures on almost all Public Works with the object of conserving our finances for the war.

They greatly extended the powers of the Food Controller, giving him practically unlimited authority. They increased the separation allowance to wives and other dependents of soldiers under the rank of sergeant from \$20 to 25 a month. They are standing no nonsense from the Quebec Exemption tribunals who tried to make a force of the thing.

Thousands of appeals from these Tribunals have been taken by the Government representatives and will be tried promptly. The Government are seeing to it that Quebec does not escape its duty. They have been in office only a few weeks and have been hampered through having to run an election forced upon the Country by Laurier
