**THIEVES MAKE A BIG HAUL OF READY MONEY**  
Twenty-six Thousand Dollars in Currency Stolen From the Cosmopolitan Bank of New York  
New York, March 13.—Theft of \$26,000 in currency from the vaults of the Cosmopolitan bank, a Bronx institution was made known here yesterday by the police. The robbery occurred sometime on Monday night after the bank had closed and was not discovered until Tuesday. The money had been placed in the vault by the cashier.

The police said the robbery apparently was an inside job. The money was in a safe deposit box in the vault, entrance to which was gained by opening the combination, and the box was opened with a key. The bank messenger, sent to get a package of papers, it was said, found the door of the vault open and the safe deposit box ransacked.

In another bank yesterday, the Public National, on Upper Broadway, a thief snatched \$880 in bills which a young woman depositor had just drawn from the cashier. The police later arrested a man seen running from the bank.

## MAY DROP THE DAYLIGHT SAVING BILL

Ottawa, March 13.—It is beginning to look as if the daylight saving bill will fall by the wayside. The rural members are strongly opposed to the measure, and are urging the Government to drop the bill. It is understood that Hon. T. A. Greer shares their views. In the United States the daylight saving will come into effect again

## JACK JOHNSON NEEDS MONEY SAYS WILLARD

World's Champion Claims There is Nothing to Statement That Bout at Havana Was Fixed

(Special to the Journal)  
Lawrence, Kansas, March 13.—"Jack Johnson simply needs money, and is trying to put over another match," was the comment of Jess Willard, when speaking of the statement received from Havana to-day in which Johnson claimed the championship bout with Willard four years ago was a pre-arranged affair.

"There is absolutely nothing to it," Willard continued, "I refuse to dignify the statement with a denial for as far as I am concerned it is simply a crude joke."

## EIGHT HOUR DAY ON L. & P. S. AFTER MAY 1ST.

Sir Adam Beck Makes Announcement of Better Conditions for Employees of Municipal Owned Radial.

Hamilton, March 13.—None of Sir Adam Beck's statements of facts and figures concerning successful operation of the London & Port Stanley lines aroused such general approval as has this announcement that, commencing May 1, all employees on the London & Port Stanley Electric Radial are to work eight-hour days. "We can afford to give our men an eight-hour day," he told an audience at the Twentieth Century Club last night, "because we are making enough money to do it. And further, we are making another general increase in wages which amounts to \$10,000 a year." He faced an audience composed largely of workers, and they voiced their approval with earnest "Hear, hears" and applause.

P. O. P. Shy of Debate  
The eight-hour day announcement is the biggest new development of the campaign, but closely seconding it is the unexpected refusal of the officials of the P. O. P. League opposing Hydro-radials, to summon a monster meeting of the citizens of Hamilton and let Sir Adam speak for radials, and any one of their officials speak against them. Hydro-radial supporters are somewhat disgruntled in view of the statements that have appeared in P.O.P. literature, and a lot of citizens who in all sincerity were following P.O.P. leadership are somewhat bewildered at the significant turn of events.

## MUST FIND OUT IF THE FORMER CZAR IS ALIVE

New York Man Cannot Collect Damages Awarded Him Against Nicholas Until Proof of Death is Produced

New York, March 13.—Bernard Naumberg, a lawyer, was named today by Supreme Court Justice Benedict in Brooklyn as a committee of one to ascertain whether Nicholas Romanoff former czar of Russia, is dead or alive and, if dead, who is next of kin.

Tonight Mr. Naumberg is eagerly looking for someone who can solve the riddle for him, for on its solution rests the collectibility or non-collectibility of a \$117,450 judgement, which Mr. Naumberg recently obtained against Mr. Romanoff on behalf of the Marine Transportation service corporation.

The corporation, in the early part of the war, transported a large quantity of sugar to Russia upon the then czar's order. Before collection was made, Nicholas was deposed and, according to generally accepted reports, slain.

Mr. Naumberg recently learned that the late czar had \$1,000,000 on deposit in the National Bank here. He obtained a court judgement for \$117,450, but upon presenting it to the bank was informed that the bank could not pay out any of the fund unless Nicholas either were served with notice or were proven dead.

Mr. Naumberg then applied for appointment of a receiver for the fund, hoping to obtain satisfaction from the receiver. Justice Benedict denied the application, however, telling Mr. Naumberg it would be necessary first

## MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at tongue! Move poisons from liver and bowels at once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

## DIRIGIBLE TO BE TRIED IN TRANS-ATLANTIC FLIGHT

Spokane, Wash., March 13.—Albert B. Perry, a naval aviator, announced here yesterday that he has been ordered to report shortly at Cape May, N.J., to act as chief engineer of a dirigible balloon with which it is planned to attempt a trip across the Atlantic ocean under government direction. He is here under a brief tour of duty.

Perry said the start would be made from Newfoundland some time next month, with the destination Queens-town.

## RATION CARDS DID NOT STOP EATING OF SUGAR

Jersey City, N. J., March 13.—Putting the United States on a sugar ration did not reduce the consumption in 1918, according to the annual report of the American Sugar Refining company, issued here yesterday, which stated that while some sections used less of the product than in the absence of regulations, others drew more heavily on the supply, making the daily consumption approximately 10,000 tons, the same as for the last ten years.

The company did a \$200,000,000 business, making a profit of \$6,661,383, which was \$3,369,607 less than that of 1917 the report stated.

## SEAPLANES CARRY NINE PASSENGERS ON A TRIP

New York, March 13.—Two naval seaplanes which left Hampton Roads at 10 o'clock yesterday morning, landed at the naval air station at Rockaway Beach at 2:30 in the afternoon after making what is believed a record flight over the course, estimated at 300 miles.

The machines carried heavy photographic equipment and many pictures were taken en route by Lieutenant W. L. Richardson, chief of the photography division in the naval service. One machine was piloted by Ensign Southern and carried four passengers, including Lieutenant Richardson and the other was piloted by Ensign Irvin and carried five passengers.

A writer in the Toronto Globe states that the apple, once the boasted fruit of Canada, will come to its own during the coming and following years.

## HIGH PRICES FOR ORDINARY HORSES

Thoroughbreds Now Bring Unprecedented Figures in Kentucky and Virginia.

New York March 13.—Kody Patterson, trainer and manager of the Robert L. Gerry horses, has just returned from a trip which embraced Kentucky and Virginia, where he went in quest of thoroughbreds. He states that it is almost impossible to look at a horse for which five figures are not asked.

The present condition of the market in the land of the blue grass is such that horses in the ordinary times would bring hundreds are held at four and five times the figures of a couple of years ago. He was particularly desirous to garner several "chasers, but up to date has been unsuccessful.

## CHANEY T HARD F WITHY

Sam Harris Says Will Be In Good Battle Next

When news was flashed to Baltimore that Rocky Kansas, the Buffalo heavyweight champion, would grant George Chaney's demand for a return engagement in the roped arena, providing the great knockout lightweight in the world immediately redoubled his efforts in training so as to be right top form for his Buffalo contest the Broadway auditorium on Thursday night under the auspices of the Vedrome A. C. Chaney is determined force Kansas into a return go over ten or fifteen round distance. He alleges that if he stops Ernie, or so he beats up the local lightweight beyond question, then he can publicly accuse Kansas of dodging him if local champion continues to ignore Chaney's demand for a Baltimore battle.

In a letter received from Sam Harris, the Baltimore impresario, who is interested in Chaney, this statement was the outstanding feature: "George is working like the very devil to be the best form of his career for your Ernie's boxing abilities. I must to box Pete Hartley the fans of the city were rather indifferent as to Ernie's boxing abilities. I myself looked with doubt and misgiving as whether Ernie would give Hartley fight. To my surprise the Buffalo youngster proved to be a very clever boxer and hit Hartley almost at will in several of the rounds. The ninth round

## THE VAL

Alfalfa, Brooks, Alberta, 1918  
The finest crops in the country are to be seen on the irrigated land in Southern Alberta. This is a remarkable fact made by those who have traveled through Western Canada. And there is no doubt that this remark is true. All the crops on irrigated land in Alberta are as good as those in Brooks. This is a small town on the main line of the Canadian Pacific Railway, about a hundred miles from the city of Calgary, and the centre of one of the most fertile pieces of country on the continent. Though sparsely settled, it is estimated that a quarter of a million bushels of wheat will be harvested from irrigated lands in this district this year. Many fields will yield from thirty to forty bushels to the acre. And there is nothing extraordinary about yields of this kind, such being obtainable every year, the fields up
