ITALIAN SHOT BY UNKNOWN ASSAILANT

Pasquale Catalano is in the G. & M. Hospital suffering from three bullet wounds received Early Last Evening.

Another shooting affray took place in the city early last evening and like others, the man who committed the crime is still at large and the police are in the dark as to the identity of the assailant.

This time, Pasquale Catalano, an Italian who resides near the Beaver Board plant at Thorold was the victim and he is now lying in the General and Marine Hospital suffering from three bullet wounds, one near the heart and two in the left leg. Two of the bullets which were of .32 calibre, were located and extracted by Doctor Sheahan who is attending Catalano.

The shooting took place in the yard at the rear of De Conza's store on Geneva street and when the police arrived at the scene about nine o'clock they found Catalano lying on the ground, bleeding fast from three bullet holes. He was at once rushed to the General and Marine Hospital where his injuries were attended to.

Although several men who were in the party were questioned by the police none could or would throw any light on the identity of the gunman.

GEORGE DAVIS PICKS DEMPSEY
(Continued from page 6)
The gloves are big and the sparring partners do not lay on too strenuously, but Jack hits them out and, big as the gloves are, big Bill Tate, who is a monster, six feet six, and a very good big fellow, told me Dempsey would have to get some bigger gloves if he expected his sparring partners to stand the gaff for any length of time.

"CHUG CHUGS" AT THIS WEDDING INSTEAD OF SILVERY BELL NOTES

Houston, Texas, June 2.—With the exhausts from two twelve-cylinder Liberty motors beating the wedding march, Lieut. R. W. Meade of Cincinnati, Ohio, and Miss Marjorie Dumont of Yorkville, Ind., Saturday, were pronounced man and wife, more than 2,000 feet above the heads of 10,000 spectators at Ellington Field. A giant Handley Page bombing plane carried the wedding party of twelve persons.

Lieut. E. W. Killgore piloted the machine, and Chaplain Lieut. J. E. Rees, of Nevan, Ohio, acted as "skypilot". Following the ceremony, the party enjoyed a twenty-minute cruise.

NEWFOUNDLANDERS VISIT BRITISH FISHING PORTS

London, June 2.—Under the auspices of the Imperial Education Committee of the war office a party from the Newfoundland regiment visited Lowestoft, Yarmouth, Grimsby, Hull, Scarborough and North Shields. The difference between the Newfoundland fishing methods and those at most of these ports, except Scarborough where fixed nets are used as on the Grand Banks, was full demonstrated.

RIOT DAMAGE IN INDIA NEARLY MILLION POUNDS

London, June 2.—In the House of Commons at question time, Sir Edward Montagu, secretary of State for India, stated that he understood the totals of deaths and injured in the riots in India were about four hundred each, including 8 or 9 Europeans. Damage was nearly a million pounds sterling.

INFLAMMATORY RHEUMATISM PERMANENTLY CURED

NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY.

There are many types of rheumatism, but none worse than inflammatory.

It was this kind that almost killed Mrs. Edw. Warman, of Kent Jct., N. B.

Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak and despairing, she was at her wits' end when the remarkable cure of Thos. Cullen was published. This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer affects me."

Ferrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferrozone is a CURE, order to-day, 50c per box, or six for \$2.50, sold by all dealers or direct from The Catarrhose Co., Kingston, Ont.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of "Wych's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray haired, unattractive folks aren't wanted around, so get busy with Wych's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

VANCOUVER PEOPLE ARE ORGANIZED

Citizens of Coast City are Ready for Any and all Emergencies—The Situation Elsewhere.

Ottawa, June 2.—Messages received late last night state that preparations are about completed by the civil authorities and citizens of Vancouver to meet any emergency there. The charter of the Vancouver Union prohibits engaging in a general strike. There is a strong belief that the soldiers will condemn the strike action but in any event will remain constituted authorities.

Everything is quiet and orderly in the Trail, B. C., district.

There is practically no damage at Calgary. The public are experiencing no inconvenience other than restricted mail and express service.

Edmonton situation is apparently improving. Street cars and other services are being operated. The official organ of the Trades and Labor Council urged men to resume work. All mines in district 18 are idle and no attempt is being made to operate them.

At Medicine Hat eight unions voted in favor of a strike and three against.

At Saskatoon, postal and railway mail clerks have returned to work. The street car service will likely be resumed tomorrow, and the general feeling amongst the citizens is reported to be that the backbone of the strike is broken.

BERLIN PREPARING FOR POSSIBLE TROUBLE

Berlin, June 2.—The Government apparently anticipates trouble in Berlin in the near future, for the Minister of Defence, Gustav Noake, has tightened up the screws on martial law under which the city still lives. It was announced Friday night that the Minister had relaxed the provisions of laws of areas to allow demonstrations against the peace terms public meetings and parades. He considers this has been abundantly accomplished, and now forbids not only public gatherings but even private meetings indoors, unless specific permission is given.

OVERSEAS DOMINIONS TO BUY ARMY MATERIAL

London, June 2.—Replying to Col. W. W. Ashley in the House of Commons Saturday, Hon. J. F. Hope, the junior Lord of the Treasury, stated that negotiations were proceeding for the purchase by representatives of Overseas Dominions and Colonies from the dispersal board of motor transport wagons and a great variety of other material available.

AFGHAN MAIN OFFENSIVE IS DEVELOPING

Attacks Against Thal Successfully Repulsed by British—500 of Enemy Killed.

London, June 2.—The Afghan main offensive against Thal, under General Nadir Khan, the Amir's commander in chief, is developing. The latest official information from Simla, received on May 29 and 30, shows that all attacks on Fort Thal have been repulsed. The fort was bombarded throughout Wednesday last, and the Afghans occupied the lost base outside the fort. Air reconnaissance disclosed about 3,500 of the enemy near. Their camps were effectively bombed.

At the capture of the Afghan port Dalkop, opposite Chaman Baluchistan the British took 169 prisoners and killed 320 of the enemy. The British occupy the fort. Smart work was displayed at the assault and capture. The garrison made breaches in the walls, and the fort was finally reduced by a flanking frontal assault. The garrison fought bravely, but for the most part was killed or captured. It was the strongest fort in Afghanistan, having thick outer walls and broomproof shelters. Its fall has had a good effect in Kandahar and along the Chaman frontier, as showing the effect of high explosive shells.

Three British airplanes have dropped bombs on Kabul, capital of Afghanistan, and Jelalabad, the Indian office announced. The airplanes also have attacked formation of Afghan troops.

LONDON POLICE HAVE POSTPONED STRIKE

London, June 2.—London's threatened police strike, for which the members of the force voted by a big majority, has been called off for the present. At the demonstration in Hyde Park, which had been arranged for today by the police, it was announced that the executive committee of their organization had decided to postpone the strike until after peace was signed.

The announcement also was made at the Hyde Park meeting that the official billet of the policemen on this strike question was 44,539 in favor and 4,224 against a walkout. Secretary Hayes of the police union, in giving out the figures, explained that the strike committee was not anxious to call a walkout if it could have the men's grievances redressed in any other way. He added that he desired to avoid the public inconvenience of a strike, and to give Premier Lloyd George an opportunity of dealing with the matter personally.

NINE-YEAR-OLD BOY KILLED AT BRANTFORD BY AUTO TRUCK

Brantford, June 2.—A victim, it is alleged, of an auto race between two grocery trucks, Frederick Amos, nine-year-old son of Percy Amos, Alma street, lies dead here, while several serious charges hang over the head of a lad named McKee, aged 15, who was driving the car which struck the boy. It is alleged that McKee is but 15 years of age, when the law lays down 18 as the minimum for auto drivers, and that he had no driver's license. An inquest was held last evening, an adjournment being made until Wednesday next.
