WINTER WEATHER
HARD ON LITTLE ONES
Our Canadian winters are exceed-
ingly hard on the health of little
ones. The weather is often so severe
that the mother cannot take the little
one out for an airing. The conse-
quence is that baby is confined to
overheated, badly ventilated rooms;
takes cold and becomes cross and
peevish. Baby's Own Tablets should
be given to keep the little one health-
y. They are a mild laxative which
regulate the stomach and bowels and
thus prevent colds. The Tablets are
sold by medicine dealers or by mail
at 25 cents a box from The Dr. Wil-

tario.

SOILS AND COMPOSTS

Best Suited for Pot Plants, Hot
Beds, Seed Sowing, Etc.

Well-rotted, Tough, Fibrous Sod the
best Basis—How to Prepare It—
Substitute Potting Soil—Bone
Meal a Valuable Fertilizer.

(Contributed by Ontario Department of
Agriculture.)
SECURING suitable soil or com-
post for all features of flor-
iculture or horticulture is a
very important matter and the
best results are to be obtained.
The best basis for all ordinary pot-
ting soils is well-rotted, tough, fibrous
sod, taken from loamy or light
clay loam soils. Sod from an old
pasture field, or from the roadside,
from where the grass has been kept
fed or cut down constantly, will give
the closest growing soil, with lots of
fibrous roots attached. These fibrous
roots are one of the very necessary
essentials in potting soils to keep
the soil open and friable. The sod
should not be cut from heavy clay
soils, or where noxious weeds, espe-
cially "couch," "spear" or "twitch"
grass is growing. The sod should
not be cut from near pine or cedar
trees as the turpentine in the leaves
or pine needles of these trees is very de-
trimental to plant life. It is also
best not to cut the sod from very
swamp soil. Well-rotted barnyard
manure such as from an old hot bed,
or cow manure, are both good ferti-
lizers to use for a soil compost. Horse
manure alone is not a good fertilizer
for a compost. About one-third horse
manure and the balance cow manure
will be suitable. Late in autumn or
early spring is the best time to pre-
pare the soil compost, autumn pre-
ferred.

THE BUREAU OF COLONIZATION

enced young men, and experienced

tor of Colonization, Parliament

plication forms. Applications will

order in which they are received.
By authority of
BENIAH BOWMAN,
Minister of Lands & Forests
Feb. 20.

Tempering or Mixing Soils.—If the
soil is of a heavy clay loamy nature
about one part sand should be mixed
at the time of using, with eight or
nine parts of the soil compost. For re-
potting purposes, for plants such as
geraniums, roses, chrysanthemums
and similar plants. If the soil the
sod is taken from is of a light
loamy nature, a very little sand, if
any, will be required.
For Begonias, Coleus, Callias
(Arum Lilies), Gloxinia, Salvia,
Ferns and similar plants one part of
leaf soil (rotted leaves) or black soil
from the bush (decayed leaves), plus
be added to the compost and sand
before mentioned. Black leaf soil
from the bush does not make
a good potting soil for but very few
plants, it should be mixed with other
soil as stated.
Substitute Potting Soil.—A good
substitute potting soil or compost may
be made by mixing about seven or
eight parts of good, light, loamy gar-
den soil, or loamy sub-soil taken
from underneath sod, with one part
sand and one part leaf soil as before
mentioned, mixed well together. One
part of dry cow manure, which can
be secured from the fields where
cows have pastured, or one part of
pulverized sheep manure should be
added as a fertilizer for this substi-
tute potting soil. The pulverized
prepared sheep manure can be pur-
chased from the fertilizer stores at
the rate of about \$2 per 100
pounds. Or about one pound of fine
bone meal or bone flour to each
bushel of soil may be used as a sub-
stitute for the above named.
Sheep and cow manure are two of the
best fertilizers to use in connection
with all horticultural work, whether
incorporated in potting composts as
stated, or used out of doors as liquid
solutions for flower borders or the
vegetable garden during summer, if
the ground is not rich enough in fer-
tilizers. Soak the fine barnyard
diluted one-half with water makes a
good liquid fertilizer for outdoor use
where the soil is poor.—Wm. Hunt,
D. A. College, Guelph.

A New Blood-Food Has Been Discovered That Works Wonders

For years doctors have been search-
ing for a combination that would
enable them to inject into thin blood
the elements it lacked. This can
now be done, and any weak-blooded
person can quickly be made stronger
and well.

Already a small army of ailing
people have proved the merit of tak-
ing after each meal with a sip or
two of water two chocolate-coated
Ferrozone tablets. This is easily
done, and even one week's use of
this wonderful blood-food will prove
how nourishing and strengthening
and flesh-building the treatment is.
Just think of it—Ferrozone up-
lifts the entire nervous system, re-
moves the blood, makes it rich and
red—gives the sort of aid that's
needed in throwing off weakness and
lagour.

Tens of thousands enjoy the ad-
vantages of renewed health through
Ferrozone; if you'll only use it, you
will surely grow strong, too; its ben-
eficial action is noticed even in a
week. You see it goes right to
work, removes the causes of the
trouble and then quickly makes a
cure.

For those who sleep poorly and
have nervous apprehensions, Ferro-
zone has cases.
Where there is nervousness, poor ap-
petite and languor, Ferrozone makes
the patient feel like new in a few
days.

In tired, nervous exhaustion,
spring fever and debility, the power
of Ferrozone is known from coast
to coast and universally used with
grand results.
Let Ferrozone build you up, let it
win you back to robust health—it
will do so quickly if you give it the
chance. Sold by all dealers. 50 cents
per box or six boxes for \$2.50. Re-
member the name Ferrozone.

It was unofficially announced on
Saturday that the Newcastle United
soccer team will accept the invitation
of the D.F.A. to tour Canada this
coming summer.

The **PROFESSIONAL** and **BUSINESS SECTION**
has been established to assist professional, business and
technical men and women.
Many officers, soldiers, sailors and war workers, who
sacrificed their positions during the war, now desire to
secure employment in the occupations for which they have
been specially trained.

Employers should not wait until increasing business
forces them to employ anybody they can obtain, but should
look ahead and avail themselves of this unusual opportunity
to enlist the services of highly trained workers, ordinarily
secured only with difficulty. On application there can be
referred to you, for example:—

| ENGINEERS | LAW CLERKS |
| ARCHITECTS | COMMERCIAL ARTISTS |
| BUSINESS EXECUTIVES | SALES MANAGERS |
| ACCOUNTANTS | TRAVELLING SALESMEN |

These workers are returning to civil occupations with
increased initiative, a broader view of life, and a greater

DOCTOR WARD, The Specialist

**SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION,
BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DIS-
EASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS.**
The knowledge gained from many years' experience in treating disease is of much benefit
to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that
he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient
the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered
specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION
A CONDITION AFFECTING MANY MEN—THE GREAT AM-
ERICAN DISEASE—IT IS BROUGHT ON BY OUR MAN-
NER OF LIVING—OUR WORRY AND HURRY—AMERI-
CANS EXHAUST MORE NERVOUS ENERGY THAN ANY
OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their
nervous system. These men do not know what is the reason they
don't feel right—why they can't work like they used to—why they
tire so easily and why they are irritable, nervous, despondent,
weak, pale and lack ambition. These conditions require the ex-
pert knowledge and treatment of a specialist who has had many
years' experience in just such ailments. A specialist learns by
experience to know just the right treatment at the right time so
that the patient can be dismissed at the earliest possible time. Men
affected with nervous exhaustion have no endurance—no ambition
—everything they attempt is an effort. Life to them appears as a
long, gloomy future. Their appetite is poor and variable—they be-
come irritable, cross and discouraged. They have pains and aches
in various parts of the body and there is often indigestion and
pains in the stomach. Sleepless, wakeful and restless nights fol-
low.

RHEUMATIC AILMENTS
**SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBA-
GO, PAINS IN BACK, SWELLING, ACHING, PAINFUL
CONDITIONS IN ANY PART OF THE BODY—INFLAMED
AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY
OTHER SYMPTOMS.**

Hundreds of men are suffering with some form of Rheumat-
ism. Many of these men go from day to day suffering untold agonies
thinking they cannot be cured. They have tried liniments, rub-
bing, massage, salts and other treatments without experiencing
any relief, and they are now going through life thinking they
are martyrs to that burden called Rheumatism. If these men could
only know how easy it is to get rid of many rheumatic conditions,
I know they would not suffer another single day. Then all suf-
ferers of rheumatism would be strong and healthy if they could
get rid of the condition. Rheumatic patients are nearly all strong
and robust before being attacked by this ailment, and therefore
it is so hard for the man to understand why he should suffer the
agonies of such a condition. When a man gets rid of such a condi-
tion he feels that a heavy burden has been lifted from his life, and
he starts right out to make up for lost time both in money and
pleasure. When a man comes to my office suffering with the
above condition he is given a most careful examination, and he is
given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man
