Around the City

BUILDERS AND CARPENTERS SIGN
AGREEMENT FOR 1907.

There will be no labor trouble in the building trades in Edmonton during trades in Edmonton during building trades in Edmonton during trades in Edmont

and Joiners of America, which agreement, which reflects credit "diplomats," was negotiated by P. C. Foley as representative of the Building Trades council

The Building Trades Council. The unions interested in the building trades in Edmonton are the carpenters masons, bricklayers, plumbers, plasterers, builders' laborers, lathers, painters, electricians and sheet metal workers. Of electricians and sheet metal workers. Of these unions all are members of the building trades council or will be in the near future except the masons and bricklavers, who do not affiliate as a with the Manufacturers' Association,

Carpenters Strongest Union.

There are two carpenters' unions in Edmonton, the United Brotherhood and the Amalgamated. Both work in harmony and the same wage scale invariably rules for both unions.

The United Brotherhood is not only the United Brotherhood is not only the universe carpenters' union but is the mines on a large scale and put in

the stronger carpenters' union but is the strongest union in the building trades council. It has a membership of 400, all of whom are active mechanics with their names on some pay roll in the city. Their, agreement also rules for the Area Romann and the city of the Area Romann and the city. Their, agreement also rules for the Area Romann and the city of the Area Romann and the city. Their, agreement also rules for the Area Romann and the city. Their, agreement also rules for the Area Romann and the city of the city. The city of the city. The city of th Amalgamated, which have a membership of about 50.

The agreement between the carpenters and the master builders is the important event of the labor year. It is

penters reach an amicable agreement without hitch or friction, the public can rest assured that all is quiet on the Potomac. There will be no labor war. Agreement is Advanced One.
The agreement which was reached by

the committee representing both sides, and which has been notified by the union and by the builders' exchange, is a haps could not have been reached in city five years ago or even two years ago, under any persuasion.

It re-affirms the agreement for a universal eight hour day among the carpenters, for a raise of wages from \$3 to \$3.36 per day, for a distinct understanding that carpenters are not to "job" after hours, and that carpenters who be-come contractors must join the buildthe regulations of that body, or pay a is for a closed shop. It provides for the working out of the card system and while it gives the builders protection against the irresponsible wood-butcher style of contractor, it also gives the car-

labor at least nearly commensurate with the demand. Labor, like capital, is tim. It does not flow freely to centres port at all. of disturbance. The towns in which good wages and peace are assured are the towns that get the good mechanics and plenty of them. With the heaviest true as regards the action of the minbuilding year in the city's history in sight, it is now practically assured that there will be will be a sight assured that there will be men enough to do the work

Other unions will undoubtedly follow the carpenters in the near future. The builders' laborers already have an agree-The plasterers, electricians and sheet metal workers have not yet received their charters from their respective headquarters, but will undoubtedly be fully organized within the next thirty ment. The bricklayers and stone mas-

The spirit demonstrated in the agreement between the carpenters and builders is a guarantee that all the other

Devans, formerly in-

Mr. Munns is also identified with the Eastern Coal Co., with mines in Sydney, B.C., and the Cassiar Coal Development Co. of British Columbia. Speaking with the Bulletin this afternoon he stated that he expected fully as serious a coal portant event of the labor year. It is the wind-vane, so to speak, which in-dicates the direction of the sentiment of both employer and employed.

Therefore, when the builders and car-penters reach an amicable agreement will make the demand next year much greater. In order to facilitate the supplying of the demand Mr. Munns hear approves of the proposed scheme of the board of trade to secure lower freight rates during the autumn months for transportation of coal to further eastern sections.

THE MINISTER REPLIES TO AT-

TACK
The bluff and insinuation of the leader of the opposition against the public works department of the province that has gained notorious circulation during the last few days was vigorously and fully disposed of by Hon. W. H. Cushing in his speech yesterday afternoon in the legislature. The leader of ers' exchange and become subject to all the opposition repeated his insinuation and was promptly asked to formulate premium for their labor. The agreement his suspicion as a regular charge, whereupon he veered off on another track.

Misleading and Untrue. Before the orders of the day were called the minister of public works called attention to what he termed misleading antees peace for Edmonton in this its big year, but it guarantees a supply of the proceedings of the House in a fair

> Report Untrue The report as published in the Journal

Unworthy Journalism.
The function of a newspaper was t there will be men enough to do the work and whether the building of the year be four million or five million will be a matter of no great difference as the labor will flow automatically to Edmonton from this time forth in the same way that it flows to the big cities of the containing the American side.

The function of a newspaper was to publish facts as far as possible, but when it distorted the truth to advance its own political ends it was not worthy of a place in the community. The minister here read from the Journal's article of Feb. 27th.

New how had Mr. Cushing answered his questions. He first of all referred the member for High River to the public accounts, which do not begin to furnish the details required. * * * But that was not the real answer at all, bethe department did not furnish such de tails of its expenditure to the public."
"It is true," said the minister, "that I will come in under the agreed did refer him to the public accounts. It ons have an agreement of their own outfurnish details." The department furnished every detail
