OPENING SESSION OF CONFERENCE

(Continued from Page One).

to the preacher, of service both in combatting the views of infidels and sepietics, and as an anchor for one's own faith. He advised his hearers to read the sermons of great preachers, and unconsciously they would become eloquent. They need not fear the charge of plagiarism—great artists copy masterpieces.

"The only thing you really give the people," said Mr. Huestis in conclusion, "is yourself. In some way you must incarnate the truth you are to speak. Be sincere. If you don't ring clear metal will have no use for you."

At the conclusion of Mr. Huestis' address, a hearty vote of thanks was tendered to the speakers of the morning and at 11:15 the meeting adjourned.

Two addresses will be delivered this evening, one by Rev. A. W. Coon on "The Bible and its attitude to the moral and industrial problems of today," and an address by Rev. E. W. Daleish, B.A., on "The evangelism of the future."

Thursday's Program.
The program for Thursday is as follows:—
9 a.m.—Devotional exercises, President and Rev. W. R. Seeley.
10 a.m. and 2 p.m.—Ministerial session.
Evening session—Laymen's conference, G. W. Smith, presiding.
8 p.m.—Devotional exercises.
8:15 p.m.—The Laymen's Missionary Movement in Relation (1) to the Finances of the local church, W. T. Henry; (2) to the Foreign Field, Dr. A. M. Scott.
Rev. Dr. Carman is expected to arrive in Stratton on Thursday and will preach the ordination sermon on Sunday morning in the Metropolitan Methodist church.

The following is a partial list of the members of the Ministerial association who have already arrived: T. C. Buchanan, president of conference; T. J. Johnson, Ode; A. C. Farrell, Medicine Hat; A. W. Argue, R. R. Peck, Claresholm; C. H. Shepherd, Leduc; A. T. Flynn, Davyland; Chas. Bishop, Calgary; E. S. Bishop, Nanout; R. Pearson, Calgary; Rev. Bosworth, Rev. Strand, Rev. F. Johnson, Clover Bar; Rev. Geo. Johnson, Maple Creek; Dr. Lawford, Paton; Rev. Ed. Barnes, Red Deer Industrial institute; Rev. Galloway and wife, Sedgewick; P. H. Newell, Bentley; W. Dalgleish, Swift Current; R. Aldridge, Vermilion; W. J. Connolly, Camrose; A. W. Coon, Calgary; J. B. Berry, Landon; E. J. Hodgson, G. W. Dalgleish, W. E. Ober, Okotoks; J. N. Wilkinson, Valley City; E. A. Bowen, Blackhills; T. Powell, Lacombe; W. A. Lewis, Macleod.

NOT DECADENT.
But British Social Conditions Need Improvement.

Toronto, May 30.—"England is not a decadent and dying nation," said Sir Robert Borden in a speech at the address to the Empire Club. His subject was "The attitude of modern Liberalism to Empire." He declared that the Liberal party was misrepresented by the press, society and men of finance, and that the people of Canada did not get an opportunity to read fair accounts of British public bodies.

Sir Robert admitted that all was not well in the social condition of the country, there was too much of an increase in drunkenness, a great number of unemployed, and much distress among the poor in the slums, but the opponents of the government had no plan to bring forward by which to effect an improvement.

Referring to the charges of lack of patriotism, Sir Robert said that the Nonconformists and old Puritans who formed the backbone of the Liberal party were not great shouters but felt as deeply and perhaps more deeply than their noisy opponents. While advocating peace they believed that the best way to ensure peace is to be ready for war.

Looking for Scene of Massacre.
Kenora, Ont., May 31.—Archbishop Langevin and a party of twenty have left for Massacre Island and the site of Fort Charles, where they will continue exploring. Although tradition positively indicates where soldiers are placed where young Verandree, his father, Aulneau, and nineteen companions were killed by Sioux, the tombstone said to be on the site of the slaying has never been located definitely since 1843.

Running to Death.
Kingston, Ont., May 30.—Dr. James Third, professor in Queen's Medical college, in an address on hygiene referred to the ambition of thousands to break the running record. In their reckless effort he said they are turning the first stone of an early grave. Such was our present Marathon craze.

Oppose Net Weight Law.
Portland, Ore., June 1.—Every effort will be made by the grocers of the country to defeat the proposed law requiring the placing of net weight on each package of food stuffs, according to influential members of the National Retail Grocers' Association who arrived here today.

Leaves the Railway.
Medicine Hat, Alta., May 31.—W. R. Perry, accountant of the C.P.R., at divisional headquarters here was tonight appointed secretary treasurer of the city at a salary of \$1,000 per year.

Two Quakes Recorded.
Bome, May 31.—The seismograph at Mileto observatory registered two earthquakes Sunday. One was in the morning, close by, the second was in the afternoon and it was at a distance

ZIONITES MAY COME

Magrath Paper Gives Information Concerning Large Immigration Movement Proposed.

Magrath Pioneer: The initial step is quietly being taken in a project which may eventually result in bringing one of the largest colonies into Alberta in the history of Western Canada, Messrs. Wilson, E. H. Brown and Fred Brown representing the people of Zion City, Ill., have been in Southern Alberta during the last two or three days looking over the land and endeavoring to decide upon the most favorable district for a large colony of newcomers. They will take a careful survey of the soil and conditions of the various province before deciding upon a location.

Interviewed, these gentlemen gave a slight idea of the magnitude of their plans. Their object is to secure about 40,000 acres through the homesteading and pre-emptive privileges, and possibly very considerable land as well. About 100 families would come from Zion City at once and settle and later a large number would follow from the same city. They propose going into the dairy-farming business very extensively, will raise stock and carry on mixed farming. Their plans are to enter the work on a large scale. The land will be broken and cultivated with steam plows and in every other way most modern methods will be used.

Questioned as to how large the colony was liable to be should they be able to get the land desired, the gentlemen were non-committal, but intimated that the 40,000 was only a first step. They would later need possession of the number who farm about 100,000 acres for the accommodations of coming to Western Canada. They were very favorably impressed with the outlook here and did not look upon the move as an experiment, as several families had come from Zion City from time to time and were now doing well in Alberta.

After having decided upon a location they will do all probability seek certain concessions from the government.

Murdered for Remonstrating.
Newburgh, N.Y., May 30.—Martin Fadden, aged about 50, was shot and killed at his home at Latinsburg, Ulster County, yesterday, following a dispute with Henry Craft, a neighbor. Craft, who is about 25 years of age, is under arrest charged with the shooting. The story of the murder is as follows: Fadden and his wife were engaged in a dispute with Mr. Fallon, who was passing Mr. Fallon's house when Mr. Fallon had erected and gave to Mr. Fallon's farm. When Craft was passing Mr. Fallon's house he latter stepped to the door and reproved Craft. Craft pulled a revolver and fired four shots at Mr. Fallon, who dropped dead in the doorway in the presence of a family. Craft was delivered to the authorities. Mr. Fallon formerly lived in New York City. He leaves a widow and several children.

Tax Bill Laid Over.
Washington, May 30.—The decision was 50 to 35, the Senate decided today to postpone until June 10, the further consideration of the income tax question in connection with the tariff.

Consideration of the sugar schedule was continued, but after two amendments to it were voted upon, the Senate switched off to a decision on the possibility of getting a vote on the Bailey Income Tax amendment.

Mr. Fallon presented his arguments for a vote on the tariff in a forcible manner, but did not succeed in prevailing upon Senator Aldrich to cast a vote in advance of the tariff schedule. The amendments to the sugar schedule on which votes were taken, were those eliminating the Dutch standard from the tariff schedule, and lowering the duty on refined sugar from 1.90 cents per pound to 1.82 1/2 cents per pound. Both were defeated.

Soldiers Escaped.
New York, May 31.—The escape of four soldiers who sawed their way out of the guard during the morning hours was reported by the United States military authorities at Fort Totten on Long Island today.

It is believed that the men procured a boat and made their way to this city. The names of the escaped soldiers are Kirk, Clark and Edwards. All wear old military uniforms. It is thought that they proceeded toward Bayville where soldiers from the fort and the local police are searching for them.

Newfoundland House Meets.
St. Johns, Newfoundland, June 1.—The legislature opened today. Yesterday the members were sworn in before Commissioners. Sir Edward Shea and Hons. Skelton and Bishop.

The assembly elected Warren, of Port de Grace, as speaker. The vote was unanimous. Sir Robert Bond did not put in an appearance, and his opposition was led, in his absence, by former Minister of Justice Kent. The nine ballot boxes of St. Barbe are still uncollected, owing to the harbor being ice blocked.

Riots in Quaker City.
Philadelphia, June 1.—The strike situation is critical today and 12,000 policemen are on guard. Mayor Roybarth says it is necessary he will wear in 10,000 additional men. The first outbreaks occurred last night, when a crowd of strikers' wives and daughters stoned strike breakers. Two women were arrested. Downtown several cars were raided and the crews beaten. Many arrests were made.

Alleged Conspiracy.
Jefferson City, Mo., June 1.—An alternate writ was returned to the Missouri supreme court today in the suit brought by Attorney General Major against sixteen leading Missouri railroads, alleging conspiracy to fix rates in violation of the anti-trust laws of the state. A general denial is entered by the roads.

THE ITALIAN POLICE ROUND UP BAD GANG

A Score or More Leaders of the Notorious Camorra Captured While in Concealment.

Rome, June 1.—The police arrested here yesterday several members of the notorious Camorra of Naples by raiding a meeting where a number of suspects had assembled. Reports differ as to the details. One version is that the meeting was held for the purpose of initiating a new member, according to custom was to prove his courage in a knife duel. Another version is that the society were electing new chiefs. Forty-five leading members were present and one story says that all were captured after a severe struggle with the police. Another police report says that twenty were arrested.

PHILADELPHIA RIOTS.
Transit Company Keeps Cars Moving, But Strike Leaders Say They Are Gaining.

Philadelphia, Pa., June 1.—Rioting and disorder marked the third day of the trolley strike in this city and throughout the day 30 streets were made for attacks on street cars manned by non-union men. The Market Street line was the most active. The branch of the Universal Peace Union each passed resolutions today urging the city police to keep the trolleys running. A crowd attacked a car at 4th Street and the police beat it back. A further safeguard against violence, Mayor Royburn promulgated a closing ordinance. All saloons must close between the hours of 10 and 7 a.m. The order becomes effective tonight and will remain in effect until the danger line is passed. A crowd attacked a car at 4th Street and the police beat it back. The liquor dealers claim that the mounting police saved bars from being looted and that the disturbance. The police charged the crowd and made a dozen arrests. Stones were thrown and one woman passenger was badly injured. Another outbreak occurred at 46th Street and Lancaster avenue, following a trolley car. A crowd rushed to the trolley. Speedy action by the mounted police was badly injured. The police were compelled to enter the crowd and to disperse it, but no arrests were made. At 2:30 p.m. a trolley car was struck by a crowd of 500 men and boys placed a torpedo on the tracks. At Front and Arch streets the mounted police fired their revolvers and threatened to shoot.

Though admitting that the transportation facilities provided are far below the average, the Rapid Transit officials affirm that the company has not materially improved its conditions and will soon be able to run its cars on a schedule approaching former operating conditions. It was announced that the company had to accept 200 men from outside points to act as strike-breakers.

MONTREAL'S CLEAN UP.
Says Alderman Prodig Demanded \$300 to Push His Application.

Montreal, June 1.—Another sensation developed at the session of the royal commission when a man named Calve swore that Ald. Wilfrid Joseph Froux demanded \$300 to push his application for a position on the police force. Calve swore he told Froux it was impossible to pay the latter had said: "Well, a little to one fellow and a little to another, in the end he has worked me out for my Calve's testimony is being continued. A demand has been made for recognition of the 'citizens' body' and the so-called 'citizens' committee,' with the right to be represented by counsel with the power to subpoena witnesses. The petition of this body was signed by upwards of 4,000 persons, and presented by Victor Gaudet. His reason d'être is the allegation that the citizens' committee, represented by Messrs. Perrin and LaFolgue, is not likely to bring out any extenuating circumstances and therefore a cross-examining body is necessary.

Mammoth Banking Concern.
New York, June 1.—Establishment of a new \$40,000,000 banking institution in this city resulted from the annual meeting and election of officers of the Carnegie Trust Company today. The new banking institution, which will continue to be known as the Carnegie Trust Company, resulted from the purchase of the controlling interest in the Nineteenth Ward Bank and the Twelfth Ward Bank. Its capital is \$40,000,000. The new board of directors includes representatives of all four institutions. Charles C. Dickinson, who organized the Carnegie Trust Company, heads the new financial Titan, which becomes one of the largest of its kind in the United States. The consolidation is the culmination, it is alleged, of a keen battle of wits and dollars between the Carnegie Trust Company and the Empire Trust Company, in which the former was the victor.

Chicago, May 31.—Robert E. Law, one of the best known Masons in the state, died suddenly during the initiatory ceremonies of Washington Chapter, No. 43, Royal Arch Masons, at the Masonic Temple. Mr. Law was a past High Priest of the Chapter and a prominent member of the Shrine. He also was a 32nd degree Mason.

Prof. Buffalo Bill.
Cheyenne, Wyo., June 1.—Professor William F. Cody is a member of the faculty of the Buffalo Bill Cavalry school, which opened today at Cody, Wyo. The "professor" occupies the chair of applied sciences, the same, it is suspected, meaning the slaying, rope throwing, Indian slaying and similar polite accomplishments.

Mission Workers Meet.
Jersey City, N.J., June 1.—Workers for the salvation of the lowly and the downtrodden in all the large cities of the country are present at the convention opened today by the National Federation of Gospel missions. Methods for raising money will be discussed by prominent authorities during the next six days.

PHILADELPHIA STRIKE.

All Organized Laborers May Be Called Out.

Philadelphia, Pa., May 31.—"If the Philadelphia Rapid Transit Co. does not meet the demands of the trolley workers by Thursday night a strike of all organized labor bodies of Philadelphia affiliated with the central labor union, representing 75,000 men, will be called on Friday morning."

President J. T. Murphy, of the Central Labor Union, electrified the strikers attending the meeting at Broad Street and Susquehanna avenue tonight when he made this statement, disclosing for the first time the wide scope of the plans formulated to bring the street car strike to a successful issue. He did not conceal himself with making this announcement that this big body of men would be called out unless the Transit Company came to terms, but declared the proposal was the endorsement of the presidents of these international trades.

The hundred special policemen have been sworn in for duty tomorrow to help the company keep its cars in operation and the Mayor declared that he would swear in another 1,000 men if necessary to keep order. He also declared as a last resort he would take over the street car system and run them under a city direction of the city authorities if the city transportation facilities for the benefit of the public can be provided in no other way.

As a further safeguard against violence, Mayor Royburn promulgated a closing ordinance. All saloons must close between the hours of 10 and 7 a.m. The order becomes effective tonight and will remain in effect until the danger line is passed. A crowd attacked a car at 4th Street and the police beat it back. The liquor dealers claim that the mounting police saved bars from being looted and that the disturbance. The police charged the crowd and made a dozen arrests. Stones were thrown and one woman passenger was badly injured. Another outbreak occurred at 46th Street and Lancaster avenue, following a trolley car. A crowd rushed to the trolley. Speedy action by the mounted police was badly injured. The police were compelled to enter the crowd and to disperse it, but no arrests were made. At 2:30 p.m. a trolley car was struck by a crowd of 500 men and boys placed a torpedo on the tracks. At Front and Arch streets the mounted police fired their revolvers and threatened to shoot.

DIED ON LONELY PRAIRIE.
Tragedy in Northern Alberta Which May Never Be Revealed.

Calgary, May 31.—Charles A. Holden, of Grand Forks, North Dakota, who has just returned from a home-sight inspection trip, reports to the police one of the most mysterious tragedies which have taken place in the province. He says that he has had to deal with for some considerable time.

With a party of four, Mr. Holden was out looking at homesteads. They came across the body of a dead man, and everything around him except the grass where he was lying, and part of his clothes which were between himself and the ground. All the letters and belongings which would lead to identification had been burned, and only a jack-knife was found on the man.

"SALADA"

It has been found necessary to advance the prices of these teas to the grocer. Consequently the consumers will have to pay a correspondingly increased price, but undoubtedly they will be willing to do this in order to get the finest tea the world produces.

Owing to the steadily increasing cost of fine Ceylon Teas such as are sold to the public under the brand

BROTHER CHARGED WITH THE MURDER

Man From Mississippi Faces Regina Court Charged With Killing His Brother.

Regina, Sask., May 31.—The trial of Ernest Morris, charged with the murder of his brother near Milestone on the night of April 5 last opened this morning before Chief Justice Wetmore, the final selection of jury being as follows: M. T. Green, G. W. Wagner, E. C. Corbeau, Arthur McDonald, W. McFarlan, F. Dymott, James Wiltworth, A. J. Johnson, J. B. Campbell, W. G. Dand, Neil McAnall and George Peacock. The prosecution is being conducted by Alex. Ross, with C. E. D. Wood defending. The case was presented to the jury by Ross, crown witnesses being excluded, who admitted the evidence to be largely circumstantial. Charles B. Morris, a union, Miss., and built a shack on a farm near Milestone. Later he was joined by his brother, the accused. On April 5th deceased went to Milestone and was last seen alive by a neighbor about a mile from the shack. It is maintained by the crown that the accused was home when the brother returned, that he killed him by first shooting him, then hitting him in the head with an axe and placing the body on the bed saturated this with coal oil, which he fired. This is the outline of the case the crown will seek to establish.

Dr. Cook, of Milestone, who performed the autopsy, was the first witness called.

NEW CANADIAN CRUISER.
Most Powerful Vessel on the Great Lakes Arrives From Old Land.

Montreal, May 31.—The new fisheries protection cruiser Simcoe, built at Newcastle-on-Tyne, for the Canadian government, arrived at Montreal harbor this morning and was inspected on behalf of the marine department by Hon. L. P. Brodeur and accepted. The Simcoe is specially built for the government and is the most powerful vessel on the American or Canadian upper lakes. She is specially adapted to carry heavy guns and can be converted into a cruiser. She will be stationed at present in Georgian Bay. It is said that heavy guns have already been shipped to lake ports for her.

WHY ECZEMA PATIENTS SUFFER.
No Wonder They Despair—But Cure Has Now Been Found.

It is a strange thing about eczema. After wasting money on nostrums, dosing the stomach or smearing on greasy salves for years, many a skin sufferer gives up despairing.

"What is the use some may be cured, but my case is hopeless."

But a trial of the simplest remedy—just a little oil of wintergreen properly compounded (as in D.D.D. Prescription) will wash away that itch. In fact, it will take away the itch immediately, the instant D.D.D. is applied.

Read this letter from Mrs. G. J. Hutten, of Newfrew, Ont.: "Jan. 15, 1909. "Since I was a child nine years old (and I am today thirty years old) I have suffered with Eczema in my hands. I have spent money on all kinds of medicines and ointments, but I find nothing equal to D.D.D. I have used five bottles and today my hands are perfectly healed. I shall never be without it in my house and will always recommend it to my many friends and neighbors who suffer from this awful torture, Eczema."

Now, if there is anyone in your town suffering with eczema, ringworm, tetter, psoriasis or poison ivy, tells this sufferer to sit back and say, "I have tried everything, there is no cure for me." Tell him to write for free sample bottle of D.D.D. Prescription to The D.D.D. Laboratory, Department B.W., 23 Jordan Road, Toronto, Ont.

The "Wise Men of the West" look for Stephens on every can of Paint

The "Wise Men of the West" buy STEPHENS—and shun "Guess" paint. By "Guess" paint, we mean paint mixed by hand. The painter "guesses" so much oil should be mixed with so much pigment. Then he stirs it up until he "guesses" it is mixed sufficiently.

Another kind of "Guess" paint is made by manufacturers who have not made an adequate study of Western Conditions—therefore do not realize that paint to withstand the tremendous climatic extremes of the West must differ in many respects from paint suitable for other territories.

Now Stephens House Paint is the product of a company who have spent twenty-seven years studying Conditions right here in the West.

We know the exact amount of Manitoba Linsed oil (acclimated) and the exact amount of pigment to use to produce a paint best adapted to withstand the peculiar Western climate. The pigment and oil are ground together and incorporated by the most up-to-date machinery. Each brushful contains the same amount of oil and pigment. No "Guess" work about the mixing of Stephens House Paint.

The "Wise Men of the West" (the big railways and milling companies and hundreds of shrewd buyers) look for Stephens on every Can of Paint they buy. They know by experience that Stephens possesses the "longest life."
