During Change of Life, says Mrs. Chas. Barclay Graniteville, Vt.—"I was passing brough the Change of Life and suffered

from nervousness and other annoying symptoms, and I can truly say that LydiaE.Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what LydiaE. Pinkham's

Vegetable Compound has done for me during this trying period. Complete restoration to health means so much ing women I am willing to make my trouble public so you may publish this letter."—Mrs. Chas. Barclay, R.F.D., Graniteville, Vt. No other medicine for woman's ills

has received such wide-spread and un-qualified endorsement. No other med-icine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is inequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

#### The Trinity Railway.

Editor Evening Telegram. Sir,-In your issue of Nov. 10th appeared a letter expressing indigna-tion on the part of a disappointed Trinitarian, because there seems some possibility of the Branch Line Bonavista passing within one and nalf miles of the village of Trinity, without entering it. There are certain facts in connec-

ion with this matter which need ven-It is quite true that the line does not actually enter Trinity.

The station, however, for Trinity as at present contemplated would ituated one and a half miles from the illage, and the latter is thoroughly accessible by a thoroughly good driv ng road. In order to run the train

to be built, for which another con ract with the Reid Co. would have to e formulated. Before such a contract is made the lectorate should be shewn good reaons for the tremendous extra exense entailed in building such a subranch as the one your correspondent

writes of. The cost of the sub-branch would half of line). Besides this there would be very large compensation to be paid for the land not yet acquired

I'rinity? The population is somewhere about 00, and your correspondent does well

ot to "trespass on your space" in at railway almost two miles away from the centre of population."

The centre of what population? In passing through Trinity East and Port Rexton the line passes imme-

diately through about 1,100 people with another 1,100 within three or It is optional with prize miles of it. The last number might more rea ably clamor for a sub-branch, than inity of the 400. So far as the railis concerned its object seems to e to pass through and among the reatest number of people, hence it

roids the village of Trinity. Should, however, such a sub-branch built, what is the result to the pubpoultry or other stock, and hey would have to pay ten cents ex tra fare for the privilege of being side tracked as it were and delayed at least an hour in Trinity. Freight from St. John's for Bonavista, Catathey are requested to imlina and East Trinity would also be proportionately charged extra.

A very large expenditure for the Colony, and quite unnecessary delay with increase in fare for passengers and freight for points North of Triny would be the direct result of such sub-branch. The disappointment of a few is not

ufficient reason for the electorate to anction such a proposal. "Trinitarian" produce reason able evidence for the extension of a spur line into Trinity; let him show the exact whys and wherefores of such a proceeding, and then when the general public thoroughly understand the proposition, let those who pay the ELECTOR.

#### Got Father Morriscy's "No. 10" Just In Time To Save His Life.

Mr. Aylward's letter tells the story: Campbellton, N.B., Feb. 5, 1909. Father Morriscy Med. Co.,

During the winter of 1907, while travelling on the Gaspé Coast, I contracted a severe Cold which settled upon my lungs.

After I returned home I wrote to Father Morriscy explaining my case. I received a letter from him with a prescription for his medicine, which could not be filled at the time here. After one week's delay I received it just in the nick of time to save my life After one month's use I felt like

a new man. Jno. Aylward. There is not much time to lose when a cold settles on the lungs. Pneumonia kills within a week. With Father kills within a week. With Father Morriscy's "No. 10" at hand, you don't even have to wait for a doctor. "No. 10" cures all throat and lung troubles. It is a reals Lung Tonic, and fortifies against future attacks.
