

ENING TELEGRAM FASHION PLATES.

Home Dressmaker should keep catalogue Scrap Book of our Patterns. These will be found very useful to refer to from time to time.

8817. PRACTICAL NATTY DRESS FOR MOTHER'S GIRL. GIRL'S DRESS WITH SHIELD.

This is a smart little dress, that produces an equally good effect in woolen goods. It may be made over the head, when adjusted, as provided with a shield, that like the cuffs and belt may be made of contrasting material. Brown and pink suit with brown or blue silk for trimming would make a very dress. Fine colored lenzetta soutache braiding would also be effective. The pattern is cut in 4 sizes, 6, 8, 10, 12 years. It requires yards of 44 inch material for the skirt.

8808. A COMFORTABLE NEGLIGE. FOR DRESSING OR HOUSE SACK.

This neat little dressing sack has many practical features. It may be worn with square neck opening or the turn over collar, and the sleeves may be made in either of two styles. The 3/4 inch tucks in front are a pleasing amount of fullness, as well as serving as a simple trimming. The pattern is cut in 6 sizes: 32, 34, 36, 40, 42 inches bust measure. 11 yards of 2 1/2 yards of 36 inch material for 36 inch size.

PATTERN COUPON.

Please send the above-mentioned patterns as per directions given below. No. ....

Ulcers and Sores

Cannot Resist Zam-Buk's Healing Power.

An illustration of the way in which Zam-Buk cures even the most serious and chronic cases of ulcers, eruptions and sores is provided by Mr. R. H. Barker, of Glencain, Ont. He says: "I would not have believed that any remedy could cure so quickly, and at the same time so effectively, as Zam-Buk cured me."

"My face began to be covered with a kind of rash, which itched and irritated. This rash then turned to sores, which discharged freely and began to spread. I first tried one thing and then another, but nothing seemed to do me any good, and the eruption got worse and worse, until my face was just covered with running sores. Apart from the pain (which was very bad), my face was such a terrible sight that I was not fit to go out. This was my state when some one advised me to try Zam-Buk. I got a supply, and marvellous as it may sound, within little under a month every sore on my face was healed. I was so amazed that I have told the facts to several persons, and I have no objection to your stating my experience for the benefit of other sufferers."

Zam-Buk is purely herbal in composition, and is the ideal balm for babies and young children, for whose tender skin coarse ointments are so dangerous. Zam-Buk is a sure cure for cold sores, chapped hands, frost bite, blood-poison, varicose sores, piles, scalp sores, ringworm, inflamed patches, babies' eruptions and chapped places, cuts, burns, bruises and skin injuries generally. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., St. John's, Nfld., upon receipt of price.

Curling Season Opens.

This season's curling schedule opened yesterday in the new Curling Rink when the Cowan medal (inter-division) was played for, the teams being designated White and Green. The ice was in fine condition and great interest was manifested in the game, there being quite a number of spectators present. The game was as close one from start to finish, and ended up with each side having secured 83 points. The scores were as follows:

White. Green. H. LeMessurier, 5. J. C. Jardine, 13 R. Stein, 16. J. Syme, 11 F. Brebn, 10. T. Winter, 14 S. Ryall, 17. W. B. Warren, 8 W. H. Duder, 12. J. Peters, 13 A. Donnelly, 14. W. Martin, 15 F. W. Hayward, 14. E. W. Rowe, 11

Later the Greens defeated their opponents by 4 points. The Reds and Blues to-day play the second series for the same prize.

Ball at British Hall.

The Field-Spencer Association held their annual ball at the British Hall last night. There was a very large attendance and the music was furnished in good style by the C. L. B. band. The ballroom was beautifully decorated and presented a very attractive appearance. The scene was a brilliant one when the dancing was in progress, the varied colored costumes of the ladies adding beauty and charm that enhanced the spectacle. The ball was voted the most successful in the history of the Association. Dancing was kept up till the first blush of dawn.

STARTS THE NEW YEAR A NEW MAN

QUEBEC FARMER TELLS WHAT DODD'S KIDNEY PILLS DID FOR HIM.

They fixed up his kidneys, made his blood pure, and made him feel young all over.

Franklin Centre, Que., Jan. 18.—(Special)—"The only way to start the New Year right is to get the health right, and Mr. William Gamble, a well-known farmer living near here is telling his neighbours how he gets his health right."

"I am a farmer sixty-seven years of age," Mr. Gamble says, "and I suffered with a weak back and stoppage of water off and on for ten years. I used several boxes of Dodd's Kidney Pills, and they made a new man of me. Dodd's Kidney Pills are the best medicine I have ever taken."

"Dodd's Kidney Pills will make a new man of you because they make the kidneys strong and healthy and able to do their work of straining all the impurities out of the blood. Pure blood means new life. It means good circulation and renewed strength and energy all over the body."

Dodd's Kidney Pills cure all forms of Kidney Disease from Backache to Bright's Disease, and they are also doing a great work by giving renewed health and energy to thousands of Canadians who are run-down, tired and generally feeling no good for anything. Start the new year by toning up the kidneys with Dodd's Kidney Pills. It will pay you.

TOKIO, Jan. 19.—The twenty-five men who were charged with entering into a conspiracy with a view to the assassination of the Japanese Crown Prince, have been condemned to death.

Special to Evening Telegram.

DUBLIN, Jan. 19.—The Independent says that the Government is about to appoint a committee to investigate Irish finances, with a view to establishing Home Rule. It will also appoint a Committee of the Cabinet to frame a Home Rule Measure.

Lord Courtney has written a letter to the Freeman's Journal saying that the time has come to prepare for Home Rule. Although a Liberal, Lord Courtney has been a Unionist, so far as Irish matters are concerned, and heretofore has opposed Home Rule.

Special to Evening Telegram.

HARBIN, Jan. 19.—The epidemic of bubonic plague threatens to become an international danger, unless foreign control is introduced, because of the ignorance of the Chinese authorities. The Government remains cooped up in the centre of the city, and his residence is guarded by troops. The extent of the Plague is being concealed, whilst the rivers are polluted through the bodies of the victims being thrown in them. Mukden is seriously invaded by the disease and the bodies of the victims litter the streets.

Special Evening Telegram.

LONDON, Jan. 19.—Mrs. Asquith, wife of the British Premier, was a witness to-day in a slander case, which involved persons prominent in society. Mrs. Horace West was suing her father-in-law, Sir Algernon West, for damages for making remarks concerning her separation from her husband. Mrs. West stated that her invitation to Court functions had been renewed after her case had been laid before King Edward.

Special Evening Telegram.

DUBLIN, Jan. 19.—Redmond has been unanimously elected president of the United Irish League. O'Connor, Devlin and Daniel Boyle, Irish M.P.'s, were guests of honor at a banquet given at the Mansion House, as a compliment to the success of their mission in America and Canada in October last. During his speech Redmond said, "the veto power of the Lords would be abolished before the Coronation without the creation of peers. So long as the Liberals abide by their pledges on the veto and Home Rule questions the Irish party would support them without regard to minor issues, and did not object to Home Rule being so drafted as to fit in with the larger plan."

Can't Round Cape John

Messrs. Bowring Bros. last night had the following message from Capt. Kean of the s.s. Prospero from Nipper's Harbor: "Here to-night, La Scie says it is impossible to get north of Cape John. Will see for myself in the morning. If forced to retreat, would advise going direct to Morston's Harbor. Ice exceptionally heavy."

Obituary.

Death visited us on January 8th and claimed for its victim a venerable and respectable resident of Point Lance. In the person of John Careen, aged 72 years. He was a sober, industrious man, and led a model life always attending to the calls of his Church. A few weeks previous to his death he was attended by Rev. Father Fynde, P. P., who administered the last rites of his holy religion. He died a peaceful death which was a consolation to those left behind. He leaves two daughters, one son, and a large number of relatives to mourn their sad loss.—R. I. P.

DOROTHY LOUISE ARRIVES.

The schr. Dorothy Louise, Hiscock, master, which arrived here yesterday afternoon, made the run from Oporto in 24 days. She came out to this coast in 18 days and owing to stormy weather had to shelter at Bay Bulls. She had some stormy weather on the run across, but nothing occurred of a serious nature. She will shortly load fish for Europe.

TIM AND TUCKER, Delaney and the Cute Man Have a Conference.

"That's the worst fault in us," said Tucker, "we keep up a question too long altogether; now the rumpus about the doctors won't subsist till the 'day of the races.'"

"Well, you know," said Delaney, "this is such a quiet city that a little noise makes a racket. You get out in the woods anytime and bawl out to yourself and you'll hear the echo of your voice, why 'till almost frighten you. That's because everything is so silent, and 'tis the same around here, we have so little to occupy our attention that a small row like the doctors keep people gabbling all winter."

"You're a wonderful smart man, Delaney," said Tucker, and he looked at Delaney with about as much respect as the doctors have for the Councillors. "Why anyone who'd look at your head ought to know you were not out for something above the ordinary."

How many men there are who have great heads but it takes us years to discover them, and when we do find them all the hair has flown from their craniums.

"Do you know," says Mrs. Tucker, "tis dangerous to find a smart man, after he has lost his feathers. He feels so proud that you are at last going to haul him into prominence, that he sleeps not in the night time, and is consequently a raving maniac in the day time. At night, he ponders on what he will do to make his people glad, and doesn't fall asleep till four in the morning. In the morning, he gets on the 'go' and reveals his

plans to his supporters. Some smile and tell him he's a smart man and give him every encouragement. Others listen to his yarn and say nothing, and between them he finds it a hard job to discover the feelings of the majority."

"Well," says Tucker, "there's something in that. For my part, I think I'd prefer to get noticed a little early in life, for you're not half as sensitive in your young days as when you get old and wrinkled."

"Well, what do you think of the Wrestling Match?" says Delaney. "Why, Tim, I'd like to hear your opinion on it. People are asking me what you think of it, and 'tis only fair and square that you give it to us."

"To me," said I, "wrestling matches would not do incitement. I know perfectly well that if I am after popularity I should say that I fairly adore it. But I have been to wrestling matches, and I have wrestled with life all my days. 'Tis one continual wrestle from morning to night. As for wrestling matches, what I've seen of 'em would never educate you. I paid to get in and got squeezed between two bigger men. I acted as a kind of a tender to keep them asunder when they got too excited, but that's about all the fun I ever got out of it, and that jumping up when all the rest of the gang jumped up, and sitting down when I was jerked down by the other two men using me as a prop to ease themselves down by degrees. The crowd at a wrestling match should tell the public if they intend to

The Feeders of New England

The men who supply New England with food are the Wholesale Grocers.

Last Autumn 76 of them went on an excursion and after returning home sent us a testimonial that is very highly esteemed. Many of these famous firms have been selling our products for 12 to 15 years, but have not heretofore inspected the pure food works.

To The Postum Cereal Co., Ltd., Battle Creek, Michigan.

Greeting: We, the undersigned Wholesale Grocers of New England, desire to express our thanks and appreciation for the courtesy, hospitalities and entertainment offered to us during our recent brief visit to Battle Creek.

We were more than pleased and gratified at the methods, cleanliness and extent of your works, in the production of the food products—Postum Cereal, Post Toasties and Grape-Nuts. We need not speak of their world-wide reputation and health-giving qualities, for that is already established by their popularity.

"There's a Reason."

We assure you of our hearty co-operation in your behalf and our best wishes for your continued success.

Placentia Notes.

Recently a club has been formed by the Star Hall members. It has been organized to distribute Catholic Literature through the isolated parts of Placentia Bay. It consists of two men, Messrs. W. J. Walsh and James Bindon, and these men will collect papers and magazines and then forward them to those poor people who cannot subscribe to such papers. Mr. W. J. Walsh first thought of this great work, and it was he who first brought it before the members of the Star of the Sea Society. We must congratulate Mr. Walsh upon such good work, and we can assure him that he has the heartfelt support of Placentia. He also needs outside help to make his work a success. There are hundreds of Catholic papers, indeed I may say thousands, consigned to the flames, and thus are of no value to any one. Had those papers been collected and distributed to poor people who are unable to pay one cent towards subscribing to any paper, what a great thing it would be. Just picture to ourselves what beautiful reading and instructive lessons these people would glean from such papers. But seldom do we people think of such good work. No! We read our papers and say, "Those papers are read; they are now no good; we will burn them." But when it is too late we see the difference. Those men will collect papers and they will forward same weekly, and will be glad to receive as many as possible.

A number of Placentia men who were at Bay of Islands engaged at the herring fishery, returned to their homes during the past week, some doing well while others have done very little.

Constable E. Whalen arrived from St. John's by Friday's train. He is now here on a visit to his parents and will return to the city on Wednesday. Constable P. Whalen, also in the city force, is a brother of the former.

On Monday, 16th, Mr. V. P. Parsons, the new R. C. teacher for the boys' school, was introduced to the pupils by Rev. V. F. Reardon. He spoke of the good work done by Mr. Parsons in Marystown and wished that he would continue to do the same in Placentia, and he will gain the high step that our teachers have gained.

Tuesday has been the coldest day for 1911. At 9 a.m. the thermometer registered 3 below zero!

38 Hours in America.

(By W. R. Holt.)

America says that I have broken all records for rapid travelling, combined with the transaction of business, and when America admits that she has been beaten at her own "hustling" game it must be true.

I received my orders to go to America at eleven o'clock on Saturday morning, December 10. I left Boston at 12 o'clock the next day, and I re-entered the Daily Mail Office at 3.29 on Friday morning, December 23. Within that period I had visited New York, Baltimore, Philadelphia, Washington—a total travelling distance of 7,000 miles. I am not the only man who has been to New York and back within twelve days, but I am certainly the only man who has been from London to Washington and back in a little less than 12 days—12 days 15 hours 39 minutes, to be precise, having "interviewed" the President of the United States in the meanwhile. I broke the record between New York and Washington; I broke the record between Philadelphia and Paddington—covering the distance of 261 miles in 271 minutes—and I most certainly broke the record between Paddington and the offices of the Daily Mail. In that last trip all records went to smithereens.—Daily Mail.

STAFFORD'S Liniment will cure Coughs, Colds, Bronchitis, when applied to the Chest, only 14 c. a bottle.

Here and There.

AT THE RINKS.—Both skating rinks were largely attended last night. The ice was in good condition and the skaters enjoyed the sport thoroughly.

CURLING CLUB.

Tem applicants were admitted to the Curling Club at the meeting held Tuesday night. The outlook for the coming season is very bright.

TRIP FOR COAL.

The Bellaventure will go to Sydney on the 27th for a load of coal. The Adventure will also go for a load about February 7th.

WILL ARRIVE BY TRAIN.

Mr. M. Shallow, who will act as referee in the coming Olson-Oppelt wrestling match, is expected to arrive from Grand Falls on Saturday.

CLEAN BILL OF HEALTH.

The Nina L. anchored in the stream when she arrived from Messina yesterday. Dr. Campbell boarded her and after examining the crew gave a clean bill of health.

ENJOYABLE DANCE.

A very enjoyable dance was held at the O'Donel Wing last night in aid of the building fund. About fifty young men and women attended and the dance was kept up till 2 o'clock in the morning.

CARD TOURNAMENT.

A very successful card tournament was held last night by the Central Amusement Club in the basement of the Star Hall. About 100 players took part. The prizes were won by J. McGrath, L. Drover and P. Chisholm.
