### HAPPY THO' MARRIED?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The teelings of nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free

The building is a comparatively large one, being 36 feet in length and 20 feet in width, and capable of accommodating about 60 pupils it must have been a source of much pleasure to the Chairman of our Educational Board, Rev. To the addresses of both pupils and people Father O'Flaherty replied in suitable language; expressing his pleasure at being able in such a short space of time to meet them in the new hall, which from the time of the planning was always an object of its planning was always an object of interest to him
