**National
Thanksgiving.**

The Government has been considering the matter of the observance of a National Thanksgiving Day for Newfoundland. We believe that such a proposal will meet with general approval. Yesterday the Importers' Association had before them a letter from the Government as to the annual observance of such a day in January. The Importers were asked to suggest the most suitable day in January, and they recommended the last Monday in January, and it is not improbable that this date will be decided on, and a Proclamation to that effect issued. It might be well for the Government to embody their proposal in a bill which could be laid before the Legislature. After the passage of such a bill, Thanksgiving day would become a statutory holiday.

We observe also that the Importers have decided to retain the half-holidays on Wednesdays, but they have placed the whole holidays on Mondays. Many were in favor of Saturday. Others, however, were opposed to this as it is the chief business day of the week in retail stores. The chief advantages of Saturday or Monday is that it allows a holiday on Monday night, ready for business on Tuesday. There is however no particular advantage to these who stay in town, and they lose the break in the week which the Wednesday holiday affords.

THE EXPRESS.—The incoming express was delayed by the snowstorm east of Alexander Bay last night and is not expected to arrive until about 10 o'clock to-night.

NEW LIFE**Found in Change to Right Food.**

After one suffers for months from acid dyspepsia, sour stomach, and then finds the remedy is in getting the right kind of food, it is something to speak about.

An Eastern lady and her young son had such an experience and she wants others to know how to get relief. She writes:

"For about fifteen months my little boy and myself had suffered with sour stomach. We were unable to retain much of anything we ate.

"After suffering in this way for so long I decided to consult a specialist in stomach diseases. Instead of prescribing drugs, he put us both on Grape-Nuts and we began to improve immediately.

"It was the key to a new life. I found we had been eating too much heavy food which we could not digest. In a few weeks after commencing Grape-Nuts, I was able to do my housework. I wake in the morning with a clear head and feel rested and have no sour stomach. My boy sleeps well and wakes with a laugh.

"We have regained our lost weight and continue to eat Grape-Nuts for both the morning and evening meals. We are well and happy and owe it to Grape-Nuts."

**Famous
British
Admiral**

Tells What Zam-Buk Did For Him.

Many famous persons have testified to the great value of Zam-Buk, and amongst the most recent is Admiral Rodney M. Lloyd. Writing from the Royal Naval Club, Portsmouth, England, Admiral Lloyd says:

"I have found Zam-Buk most reliable for healing cuts and abrasions; while for the relief of skin irritation it is invaluable."

Another famous user of Zam-Buk is Mr. Frank Scudamore, the War Correspondent, who supplied Canadian papers with their dispatches during the Boer War. Mr. Scudamore says: "Some poisonous dye on my under-clothing came in contact with a small ulcer on my leg and blood poisoning set in. Inflammation, pain and swelling followed. My medical man's treatment did not seem to do any good, as ulcer after ulcer broke out, until my left leg from knee to foot was one mass of sores. I had seventeen deep ulcers at one time. I could not put my foot to the ground, and was really in a pitiful state. A friend advised Zam-Buk, and I applied this herbal balm. It was really wonderful how it soothed the pain and healing and gave me ease.

"I continued with it, leaving off all other treatment, and at the end of a week's treatment my leg was not like the same. A few boxes of Zam-Buk healed all the sores, and bit by bit now, healthy skin covered the places which had been so deeply pitted and scarred by ulceration and blood poisoning. The limb is now perfectly healthy."

Zam-Buk is a cure for piles, zema, cold cracks or chaps, ulcers, ringworm, cuts, abscesses, burns, children's rashes, and for all skin injuries and diseases. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, price. Refuse imitations.

LETTER TO BOSTON POST.

To the Editor of the Post:—The appalling catastrophe which has brought sorrow and desolation into so many households in Newfoundland is not fully understood by the casual reader. One must have lived among these humble folk, as I have done, to realize in the faintest degree the awful misery that such a catastrophe entails. The dreadful sufferings endured by the dead and the maimed and frozen survivors pale into insignificance before the misery in store for their wretched and destitute families. The rule and sudden wrenching of domestic ties is sad enough, but the aftermath is yet to come. As the poet Kingsley says:

"These fishers went sailing away to the west,
Away to the west when the sun went down;
Each thought of the woman that loved him best,
And the children stood watching them out of the town;
For men must work and women must weep,
And there's little to earn, and many to keep,
Though the harbor bar be moaning."

There are numbers of Newfoundlanders in the New England States, and we all know by experience of the proverbial generosity of the American people in circumstances such as these. Will you please publish this letter, and I am sure that your appeal to the public will meet with a generous response?

Thanking you in anticipation, I remain, yours very respectfully,
THOMAS J. FARRELL.

P. S.—I enclose herewith my check for \$25.

**Help for New
foundlanders.**

(Boston Post, April 8th.)

The sympathetic letter from Thomas J. Farrell, of Titicut, which is published elsewhere in the Post to-day, and which was accompanied by a generous contribution, should arouse the community to the dire needs of the survivors of the recent disasters to the crews of the Newfoundland sealing vessels and the families of those who perished. If ever there was a case for kindly charity toward fellow creatures, it is this.

If the Boston Chamber of Commerce or some association of the natives of Newfoundland hereabout will become sponsors of a fund for relief of the unfortunate victims of the calamity, the Post will give every assistance in its power, feeling sure that the people of Boston and vice versa will respond with their traditional promptness and liberality to an appeal of such direct and powerful call to humanity.
