Messages Received Previous to 9 A.M.

AIR RAID.

LONDON, April 26. over the east coast last night remained at a great height, because they were subjected to violent fire from anti-aircraft guns. The raiders were favored by a darkness of moonless night and the lightness of wind, but A correspondent in a town of Essex county says that a Zeppelin was picked up by a search light at the outskirts of the county, as it was sailing in a southerly direction. In a few ninutes it was outlined against the sky by other searchlights, then shrapnel began to burst around it from many directions. The Zeppelin climb-ed very high and hovered about for ed very light and hovered destward.

No bombs were dropped after the searchlights found it. The number of casualties and the extent of the damlages caused by the raid have not yet.

YARMOUTH AS WELL.

LONDON April 26 Yarmouth was bombarded as well as Lowestoft by the German warships which attacked the eastern coast yesterday. Four persons were killed and twelve wounded. The bombardment of Lowestoft and Yarmouth yesterday morning began at 4.10 o'clock, and lasted for about half an hour. Despite the heavy guns employed by the enemy ships, the damage was relatively slight. A convalescent home, swimming bath and pier, and forty dwell-ing houses were extensively damaged. Two men, one woman and one child were killed; three persons were seri-ously wounded, and nine slightly wounded. Fire was opened on Great Yarmouth at the same time. Here the damage was one large building seri-ously damaged by fire, and another building slightly damaged by shell

FRENCH POSITIONS BOMBARDED.

PARIS, April 26. French positions on the Verdun front west of the Meuse were bombarded last night. Attack was centered on the Avocourt woods and the first line of trenches north of Hill 304. In Woevre there was a big gun bom-bardment. An official French statement of this afternoon in which these developments are reported, says also that a number of German prisoners were taken in the course of a struggle.

FIGHTING IN THE AIR. PARIS, April 26. A French aeroplane and Zeppelin fought a duel at an altitude of 4,000 metres off Zeebrugge to-day. The aeroplane fired nine incendiary shells at the Zeppelin which appears to have been damaged. A German aeroplane of the Fokker type was brought down n an aerial combat near Lunevill

ST. PIERRE BULLETIN.

PARIS, April 26. (Official.) North of the Aisne during yester day's attack, which enabled us to capture a little wood south of Buttes ers, of whom one was an officer and seven sub-officers. Several reconnoi-tering parties, which attempted to raid our trenches during the night, were dispersed by our fire in Passy Troyon sector. West of the Meuse there was intense bombardment of our positions at Avocourt Wood, and of our first lines north of 304 Hill and lines north of 304 Hill, and east of the Meuse ordinary artillery activity. In Woevre the enemy executed a bombardment with heavy calibre guns on Haudromont and Ronvaux. Our artillery answered it most energetically. There was no infantry action during the night. In Lorraine the enemy tried a little surprise attack on our ittle positions north of Embermenil. This attack was repulsed with loss. In the Vosges, German reconnoitering parties were dispersed. South of this region those made on the level, from the enemy's own report, were unsuc-cessful. Attacks were launched yesterday by them on our Chapelotte positions, and cost them very import-

GERMANY'S ANSWER NOT YET EXPECTED.

PERLIN, April 26. The German answer to the American note may not be expected before the end of the present week. It may

be presented on Saturday.

The Associated Press learns that developments are impending which demonstrate the unmistakable desire of Emperor William to follow a course which will lead Germany and the United States out of the present crisis. The situation is viewed more opti-
