

Has It Ever Occured to You

That in Newfoundland there is a valuable coal field worthy of the attention of every serious investor in the country.

Millions of tons of coal of the highest quality lay buried in the earth in the South Side of Bay St. George.

The operations carried out during the past eight months exceed the most sanguine expectations.

Are you going to be one of those who shared in the greatest mining industry ever developed in Newfoundland.

We want every man in this Dominion to be a shareholder in the success of this venture.

A Tribute to Hon. W. J. Higgins.

The friends of "Billy" Higgins in St. John's are highly amused at the "Bolshi" press in its efforts to blackguard him. Every man in St. John's East, Higgins' birth-place, is a friend of his,—he has no enemies. Some may differ from him in politics for political or interested reasons, but they all admire him. He is an inspiration to every boy and every parent in Newfoundland.

By his industry, by his talent, and above all by his manly character, he has risen from a stenographer in an office to one of the highest positions in his Native Land; and it was not pull, or the influence of powerful friends that put him there, but his own unaided pluck and ability.

He has achieved the very front rank amongst his professional brothers,—he has now, a comparatively young man, forged his way to the front as one of the leading legal men in the Community. If he has an equal,—he has no superior as a criminal lawyer, as every one in St. John's is aware. His charges to successive species of juries in criminal cases in the Supreme Court have been masterpieces. They have shown a wisdom and familiarity with all the details of his profession that have surprised more experienced lawyers, and he has displayed a knowledge of human nature, when dealing with intelligent juries, that has been marvellous, thus securing Justice, always tempered with Mercy, for many unfortunates.

Higgins is an all-round good scout, and I'll wager my hat that if his opponents required an arbitrator, or a man in whom all sides would have the greatest confidence, Higgins would be, as he has often been before, the unanimous choice. St. John's East is proud of its talented son. Thousands of his school-mates, both at home and abroad, hold him up as the highest type of citizen. And why? Simply because with all his success at the Bar, and in the political field, he has never suffered from "swelled head."

He is the same kind, generous, open-handed Billy Higgins to-day as he was when he was playing hockey with the boys of the city schools, and his friends will see to it, that at the election next month, Bill Higgins will lead the poll, and that his team mates will be with him, and the rest—NOWHERE.

Every Liberal in the "banner district" of Liberalism is behind Sir Michael Cashin, and Higgins' team will roll up the largest majority ever polled in St. John's East. The old Liberals in this district are not taking the "Bolshi's" seriously. They are only amused at their antics, and from Beck's Cove to Cape St. Francis, Higgins' friends are rallying, and many old Liberals who opposed him six years ago are now the most ardent friends he has. He has proved himself to be square, reliable, and generous, and the best interests of his native land are safe in his hands and in those of his colleagues.

Make no mistake about Higgins—he will beat all previous records, and the Bolshi's won't save their nomination fees.

St. John's East was never more solid for Liberalism than it is to-day, and the banner-bearer-Higgins and his team will poll a vote that will be an object lesson to the rest of the constituents.

St. John's East is too intelligent and too independent to be gulled by political apprentices, and the present member has proved his worth in many political crises since he entered public life, and friends and readers outside St. John's can safely discount all the froth the Bolshi's shoot at Higgins. He is in the fight to win, and WIN HE WILL, BECAUSE HE DESERVES TO WIN.

Of all the poisons taken into the blood, the germs and pus contributed by diseased gums (Pforrhea) are the most destructive to the human system. If every red blood cell is forced to fight against numbers of germs to the cell, the blood cannot attend to the building up of the body, and it allowed to continue the system is bound to break down and eventually you are an invalid. Kidney, stomach, heart trouble, rheumatism and many other diseases are brought on by diseased gums and teeth.

Curtis Bros. Handle Co.

Notice is hereby given that incorporation of the above company is now complete, and all shareholders of Curtis Interim Receipts and Guarantees are requested to send same in to us, without delay, so that we can send same to Chicago and obtain the regular stock certificates and guarantees.

The Handle Co. is making excellent progress and its earning record will prove very satisfactory to shareholders. It is planned to put the company on a dividend basis in November. The company has been adding to its plant capacity and this has absorbed a lot of past earnings, but earnings for 1920 will amply justify this expense.

The Churches Denounce Local Press.

A number of the city churches yesterday the preachers took occasion to denounce the press in connection with the present political campaign, in the sincerest sound. We regret that we cannot do justice to any one of them. We should have liked to be able to report verbatim the able sermons delivered in all cases, but we were unable to arrange for same. At Wesley, Rev. Mr. Bugden, the pastor, preached in the evening from the text found in Isaiah, chap. 26, verse 2. His subject was, "Righteousness exalteth a nation." He instanced three great factors in the life of a nation that should tend to uplift it and make it righteous, as they were three great pillars of public opinion, viz., the Home, the Pulpit and the Press. He dwelt principally on the latter, and thought that no man in the city should say the Press of St. John's was what it should be. On the contrary, during the past few days, uttering words of truth, it had been witnessed in its columns. The Press should not be used for any small, mean or immoral purpose. One very apt quotation used was, "that bad money always drives good money out of circulation." That might happen with the Press of St. John's if we were not very careful. The preacher elaborated on this with very great acceptance. He thought that in the political warfare as it appertains to politicians and the press, the rule should be to play the game, and not the man. The reverse, he thought was the rule in some cases. The Press played the man and not the game. He had no hesitation in saying that the papers printed in St. John's lately were unfit for children to read, and not decent enough to come into respectable people's homes. He called upon all to be worthy of our heritage, and to see to it that the three great agencies named be kept clean and good. It was a eloquent and timely sermon, and splendidly delivered, considering the reverend gentleman is suffering from a severe cold.

At St. Thomas's, we understand, the Rev. Dr. Jones, preached from the subject, "The Flaming Eyes of Job," and also denounced the unclean press of the city, and asked that it be suppressed.

At the Congregational Church, Rev. D. B. Ashford read the letter from the Council of the Board of Trade as published by us on Saturday, and commented strongly on the same. He was glad that such a body as the Board of Trade had taken the matter up, and said that no country that he had visited or knew, would such writings be tolerated as those which have been appearing during the present election campaign, and he called upon his people to turn it down.—News.

From King's Point.

The Liberal Progressive members, MacKay, Moore and Short, arrived here 6.30 p.m. Tuesday. They held a most successful meeting in the Orange Hall. Mr. John Gillard acted as chairman and also made a strong address. The speeches from members were heard with great enthusiasm. Mr. MacKay made a great impression on the people, and I feel sure that that every voter will mark his ballot for MacKay, Moore and Short.
