\$20. STAR \$100.
SHUTTLE SEWING MACHINE.
 Patented May, 1867.
 THE Star Shuttle Sewing Machine makes a stitch all over both sides of material sewed, which will not rip or travel. Does all kinds of work equally well as single's high priced machine. Combines simplicity with durability, and is well adapted for the family use of the dressmaker, tailor, grocer, or family.—
 Mr. J. SPAFFORD, having been appointed General Agent for Ontario, wishes to engage a few good local and travelling agents, to whom good inducements will be offered. For machine, sample of work, or terms, address

 SATURDAY EVENING, OCTOBER 19.
Local News.
To-Night.
 To-night Dick Sands' Minstrel Troupe will perform in the Town Hall. We observe that they have lately given exhibitions of their varied accomplishments in London to large audiences, and giving also excellent satisfaction, and we have no doubt they will be as effective here as they were there, and will have a bumper house.
REDUCED FARES TO THE RIFLE MATCH.
 The Grand Trunk Railway will carry for one fare to London and back, all volunteers who are competitors at the approaching District Rifle Match. It is hoped the G. W. R. will do the same. As we noticed before the match has been postponed until the 5th of November.
 We learn from the Banner that the rate of assessment in Dundas this year will be two cents on the dollar. Even that rate, which is equivalent to thirty-three and a third cents on the dollar of annual value, is not sufficient to meet the year's liabilities. To meet the deficit it is proposed to issue debentures.
BOARD OF TRADE.—A public meeting of the Board of Trade was held in the Town Hall on Friday evening, Mr. Geo. Anderson in the chair, for the purpose of providing extra means to procure the incorporation of the Board. The attendance "expense" will be \$50, and a motion was carried recommending that each member subscribe fifty cents, which, in addition to the funds on hand will meet the necessary outlay.
BEVERLY FLOUGHING MATCH.—At the annual match held in connection with the Beverly Agricultural Society, on Saturday last, on the property of Benoni Vansickle, Esq., at Lynden, the prizes were secured by the following competitors in the several classes.
 1st prize John Martin; 2nd John Stewart; 3rd, John Ryan; 4th, B. Vansickle. Boys' CLASS.—1st prize, Jas. Thompson; 2nd Walter Armstrong; 3rd, Jas. Smith.
SUDDEN DEATH.—On Thursday the 10th inst., a man named Samuel Seddons, who was working for Mr. W. C. Wortley of Drayton went to the barn alone to thrash peas. He did not come to dinner as usual, and when his grandson, who was sent to look for him came to the barn he found him dead on the floor with the fall still in his hands. A post mortem examination revealed the cause of death to be a disease of the heart.
ARTS EXHIBITION.—The directors of the Mechanics' Institute have decided to open the proposed Arts Exhibition, on Monday the 4th of November, to continue open for one week both day and evening. Those having articles of virtu worthy of exhibition, and who have not been called upon, would confer a favor on the Directors by leaving their address, and the list or names of the articles with the Librarian at the Institute. Further particulars will be given in a few days.

PARTING WORDS OF GEN. MICHEL.
CANADIAN VOLUNTEERS—THE DEFENCE OF CANADA—OUR COUNTRY'S FUTURE.
 Previous to his departure from Montreal, Gen. Michel was presented with an address from the Mayor and Corporation, on behalf of the citizens, and with another from Col. Dyde, on behalf of the Volunteers. In reply, he delivered the following address, which will be read with interest by all classes, but especially by Volunteers:
 Mr. Mayor and Gentlemen, Col. Dyde and Volunteer Militia.
 I think I am entitled to consider the gentlemen of Montreal and the Volunteer Militia as one united body of civil patriots, vieing with each other in devotion to their country, and loyalty to the crown of England. To you, then, collectively, I tender my heartfelt thanks for the kindly addresses now presented to me. His Honor the Mayor has been pleased to speak favorably of my endeavours, both as a commander of the army in this country and as an administrator of the Government—Col. Dyde, of the encouragement I have given to the Volunteers of Canada. My business was to encourage the military spirit, the spirit of self-defence, that I might find in this country, and to give (if required) auxiliary aid. What did I find in Canada? Loyalty to the backbone, a noble military spirit, a determination to be a country, respected by her powerful neighbour, and looked upon as such by the comity of nations. Could I, then, have done less than place my small ability or energy that I may possess at the disposal of Canada? On my arrival in Canada I found little more than a Volunteer force. You have now a fairly organized, well equipped force of over 32,000 men. But, good as your volunteers, admirable as they are for the reserve force of the Dominion, still we must recollect that they are the elite of the country, men so required in their different positions in life that serious injury arises from any protracted absence. In your first line of defence you must have a militia, and let your second be composed of these patriotic volunteers. But our time is short; yet before we part I would wish you all to take home with you one or two points for your deep consideration, to be pondered over here, and your civil lives steadily to be carried out. I now speak to your whole country, but very especially to you, men of Montreal. You are placed in a position held by no other city that I know of in the world. You are placed on the only spot in a vast continent which can be made the receiving house of one third a continent's exterior trade, and able to despatch that third to Europe. You have the power of being, and you must be, one day or other one of the most flourishing capitals on the face of the globe. But you are unawfully situated; your gains, some day, if you are unwisely perous, may be taken to pay for your capture; your very prosperity may be the cause of your ruin. I will endeavor, then, as a legacy, to leave you one or two words of advice:—Fortify—arm—open the great water route to the sea, as a soldier, I tell you that your city and island may be made most powerfully strong, at no very great expense. Montreal, Kingston and Prescott particularly, should immediately be fortified. Your Militia should be made real. Your Volunteers a second line. Whilst the grand route to the sea, by the Ottawa and French River should, as soon as possible, be undertaken, giving you back bone of military strength, and bringing to your doors the vast trade of the vaster West. I see before me a vision of the great West, both of the United States and Hudson's Bay Territory, pouring its volumes of wealth by this route to Montreal, and from thence to Albany and Quebec for Europe. I see the vast metallic fields on the shores of the Superior and Huron and Upper Rivers pouring forth their wealth. I see the unemployed millions of the old world hastening to this land of plenty, and I behold Montreal the undoubted capital and Queen of this noble Empire. But, no, it is no vision—it is a reality of the future. And so I say to you, men of Montreal, open quickly your canals, develop your resources, fortify and arm, and peace and plenty will be the result. I now wish all a God-speed. Go on and prosper—Farewell.

TO-NIGHT.
 To-night Dick Sands' Minstrel Troupe will perform in the Town Hall. We observe that they have lately given exhibitions of their varied accomplishments in London to large audiences, and giving also excellent satisfaction, and we have no doubt they will be as effective here as they were there, and will have a bumper house.
REDUCED FARES TO THE RIFLE MATCH.
 The Grand Trunk Railway will carry for one fare to London and back, all volunteers who are competitors at the approaching District Rifle Match. It is hoped the G. W. R. will do the same. As we noticed before the match has been postponed until the 5th of November.
 We learn from the Banner that the rate of assessment in Dundas this year will be two cents on the dollar. Even that rate, which is equivalent to thirty-three and a third cents on the dollar of annual value, is not sufficient to meet the year's liabilities. To meet the deficit it is proposed to issue debentures.
BOARD OF TRADE.—A public meeting of the Board of Trade was held in the Town Hall on Friday evening, Mr. Geo. Anderson in the chair, for the purpose of providing extra means to procure the incorporation of the Board. The attendance "expense" will be \$50, and a motion was carried recommending that each member subscribe fifty cents, which, in addition to the funds on hand will meet the necessary outlay.
BEVERLY FLOUGHING MATCH.—At the annual match held in connection with the Beverly Agricultural Society, on Saturday last, on the property of Benoni Vansickle, Esq., at Lynden, the prizes were secured by the following competitors in the several classes.
 1st prize John Martin; 2nd John Stewart; 3rd, John Ryan; 4th, B. Vansickle. Boys' CLASS.—1st prize, Jas. Thompson; 2nd Walter Armstrong; 3rd, Jas. Smith.
SUDDEN DEATH.—On Thursday the 10th inst., a man named Samuel Seddons, who was working for Mr. W. C. Wortley of Drayton went to the barn alone to thrash peas. He did not come to dinner as usual, and when his grandson, who was sent to look for him came to the barn he found him dead on the floor with the fall still in his hands. A post mortem examination revealed the cause of death to be a disease of the heart.
ARTS EXHIBITION.—The directors of the Mechanics' Institute have decided to open the proposed Arts Exhibition, on Monday the 4th of November, to continue open for one week both day and evening. Those having articles of virtu worthy of exhibition, and who have not been called upon, would confer a favor on the Directors by leaving their address, and the list or names of the articles with the Librarian at the Institute. Further particulars will be given in a few days.
