OXFORD.

Mary Ann Johnston, formerly of Brantford, and wife of O. M. Johnston, who was at one time a resident of Woodstock, through the firm of the Woodstock Sentinel-Express, has been notified by the Ontario Land Office that she has been granted a right of way for a road through the land of the late James A. Moore, of Brantford, formerly of Oxford county, which is left entirely to his wife, who will receive about \$45,000. About half of this is life and \$15,000 accident insurance.

THE WESTERN FAIR.

The Management of Canada's Favorite Exhibition Again in Harness—Interesting Information for

One of the leading events of Western Ontario is the holding annually of the Western Fair, which was established in 1868 and has been run successfully and well ever since.

The success of the fair of 1892 is still fresh in the memory, and the beautiful lithographs and fencibles from which, and also their advertisement in this paper, is gained the information that the date is from Sept. 1 to 23. There is not a single doubt that the usual minds of the directors will be providing the grand success of the fair.

The live stock, agricultural and machinery departments are always a grand display, but there is every reason to believe that this year will be even better than during the past. This is the first time for many years that the directors have failed to compete against the fair.

The closing of the fair will greatly increase the cattle, sheep and hogs. Then in the poultry department the best exhibit ever shown in London will be forthcoming, as the Western Fair is the place in the section for selecting specimens for the Ontario exhibit at the World's Fair, and when it is considered that London breeders will make up fully one-half of the Ontario exhibit, it is not too much to expect to see some of the best of the best specimens in the world.

The dairy interests are looked after properly, and a repetition of the immense exhibit of past years may be looked for.
