BEDFAST FOR THREE YEARS

With Inflammatory Rheumatism

Helpless as an Infant—Now Walks Without Crutches.

Wonderful Recovery of Mr. John McCullough, of Uxbridge, Ont.

The Clafin Chemical Company, Windsor:

Gentlemen:—It is with much pleasure that I send you this testimonial regarding the wonderful benefit I have derived from the use of "Bu-Ju" Kidney Pills. Have been an invalid for nearly three years with inflammatory rheumatism, and was bedfast until about six months ago, when an old friend of the family called to see me and left me some of your pills. I began to feel the benefit of them after taking one box. I have continued using them, and am now able to get out of bed and dress myself, and can go out without crutches. Before taking the pills I was as helpless as an infant, and had to be taken care of like one. I honestly believe that your pills have been the cause of my getting better. I have tried about everything that could be thought of as a cure for my trouble, but feel this remedy of yours has done me more good than any of them, and I feel if I were a younger man, that by taking them for another few months I would be well and strong again; but, of course, I am an old man now, and have not the constitution to work on, but I hope this simple story of the way your pills have helped me will be of value to others. I remain yours truly,

JOHN McCULLOUGH, Uxbridge, Ont.

THREE STRIKERS ARE NOW AT WORK

Six Returned, But Half of Them Went Out Again—Foreman Ivers Talks.

The strike situation at the local G. T. R. roundhouse stands at present as follows, according to the railway officials: Of the sixteen men who went out on strike on Monday, three are now back at work. The company are at present making no effort to fill the vacant places. "Is it true that the six strikers who returned to work yesterday have reconsidered their action and decided to stay with the strike?" was asked of Locomotive Foreman Robert Ivers, of the roundhouse, this morning. "No, Three of the men are still at work this morning," was the reply. "The strike is not hurting us at all," continued Mr. Ivers. "There are six men working, and these are ample for our purposes just at present for our work is not being held back in the slightest. The only thing I am sorry for is that we will have, in time, to take other men from other places of those who remain on strike. "It is said that machinists are scarce and that you are having difficulty in obtaining the required number of men." "We are not trying to get any more men just now," Mr. Ivers said, and he intimated that the company expected that the remainder of strikers would return to work within the next few days, and that they would be received. County Constables McGrath and McIntyre are on the roundhouse premises. There have been no signs of any molestation of the men who are at work and any damage that might be done on the G. T. R. property. There is no anticipation of any trouble, however, and today none of the strikers whatever were to be seen in the vicinity of the roundhouse. Mr. Ivers was asked by The Advertiser to say whether the G. T. R. was considering the alleged grievances of the strikers at all, but he would not say that no complaints of any kind had been made to him by the men who went on strike. "It is all poppycock," he replied. "No company would treat its men so inconsiderately."

Asked whether the company would not consider this proposition, Mr. Ivers had nothing to say, except that no complaints had been lodged with him, and that the company had nothing to redress. Locomotive men said that the reports of the effects of the strike in the various shops between Sarnia and Montreal have been greatly exaggerated. Outside of Stratford and Port Huron they say that only 50 men are on strike on the whole system. Official information received yesterday at the local shops says that 16 men are out at Stratford, 12 at St. Thomas, and 11 at Montreal.

NO SECOND TERM FOR ROOSEVELT

Declares There Will Be No Compromise in Regard to Railroad Legislation.

Omaha, May 10. — The Bee quotes President Roosevelt as making the emphatic statement that he will not be a candidate for re-election. The Bee says:

"You are authorized to state that I will not again be a candidate for the office of President of the United States. There are no strings on this statement. I mean it. I made my speech at Denver for the purpose of convincing the people of my earnestness in regard to the matter of railroad legislation. I will not be satisfied with any compromise that does not bring relief to the people from the conditions that now exist in regard to the transportation of goods in the country. No compromise bill from Congress will be accepted."

This is his reply to public statements shown him that he was being urged to be forced to accept a renomination by the people who would be aroused by a failure of Congress to enact remedial legislation.

V. M. C. A. EXCLUSION ACT

Barring of Actors by the Pittsburg Association Resented by Potter.

New York, May 9.—Bishop Henry C. Potter was the principal speaker at the anniversary meeting of the Actors' Fund of America, held this afternoon in the Broadway Theater.

Bishop Potter was introduced by "The friend of the theater and the managers," said in part:

"I came here particularly to comment upon the opportunity the stage has for exerting an influence for good or evil. I believe the tendency is for good. The men and women prominently connected with your profession use the stage as an inspiration for better living. This moral effect cannot but have a remarkable tendency towards making us all better."

Alluding to the exclusion of two actors from the membership in the V. M. C. A. of Pittsburg, Bishop Potter said:

"I should feel ashamed if I did not here present the action of the V. M. C. A. of Pittsburg in their unjust exclusion of two actors from their membership. Men of the dramatic profession, and the women, stand in exactly the same light as the rest of us. There is no reason why they should be excluded as there is in law, in medicine, in Wall Street and in other walks of business, and professional life. Character is not grouped according to professions or callings."

It's better to believe all you say than half you hear.

Until recently it was almost universally believed that petroleum, like coal, was derived from fossil vegetation, or possibly from animals or fishes of some long-past age. Now it is asserted by many scientific men that it may not be of any organic origin, but may be due to subterranean chemical action.

TOPICS OF TALK IN THAMESFORD

Epworth League Concert To Be Held Friday Evening—Victoria Day Doings.

Thamesford, May 10.—Miss Ethel Eskard, who for several months was quite ill, is so far recovered as to be able to visit her friends. She spent a few days lately in London. Mr. John York, who had his fingers so badly crushed that amputation was necessary, resumed work on the C. P. R. on Monday. Mr. William and daughter Jessie visited in Toronto a few days recently, where they attended the horse show. Mr. D. Prosser went to Stratford on Tuesday, where he is with the drying machine for the pea plant. Mr. C. Kealey left on Saturday for Detroit, where he has secured a good situation. Chris is an energetic young man, and will do well wherever he goes. The evening services in the Methodist churches in the village now commence at 7.30, instead of 7 o'clock. Mr. Thomas McKay, of Guelph, is visiting his father, Mr. R. Young, and other friends. She will remain for a month. W. Carlyle, I.P.S., paid his semi-annual visit to the public school here on Tuesday. Mr. James Jones has returned to Rodan after spending a few days with his friends here. The contract for the renovation of St. Andrew's church has been let to L.H. and the work will be done during the last two weeks of the month. Ingersoll, is visiting his mother, Mrs. Nelson. The program for the night concert of the Epworth League on Saturday, May 12, at Woodstock on Saturday. Among those who were present were: Kester, James Patterson, Thomas Hogg, D. Lawrence, Robert Hogg, N. C. McCarthy, R. McGarry, J. T. Hogg, G. Quinn, William Hogg, sen., George Hogg, Frank Patterson, Walter Pratt and others. Mr. Henry McBurnett will give a sale of dairy cows and young cattle at the Grand Central Hotel tomorrow, May 11. Mr. McKay, of the Farmers' Bank at Woodstock, spent Monday with friends here.

Dr. Spence was here for a short time on Saturday.

Nothing approaching this event has ever been given in London before, and the people of this city and district are fortunate, indeed, in having an opportunity to hear this organization at a minimum of cost. For 40 weeks in each year the orchestra plays in Chicago, being constantly greeted with overflowing houses. One ticket, admitting to all three concerts, may be obtained for \$2.50, including reserved seats. Seats for choice of concerts vary from \$1 to \$1.50.

BRIDGROOM WAS LOST

Disappears for Seven Months, Then Comes Back to Wed.

London, May 9.—Although the greatest pains are being taken to keep the matter quiet, the news has leaked out that Miss Constance Mary Ritchie, the daughter of Sir James Ritchie, London's lord mayor last year, is shortly to be very quietly married to J. A. C. McCalman, who so mysteriously deserted her on the eve of the wedding last September.

Mr. McCalman's disappearance caused at the time a tremendous social sensation, and the greatest sympathy was expressed by business men in the city for the lord mayor's family. Over 400 wedding presents were returned by Miss Ritchie to her friends, among them being a magnificent diamond ornament presented by the city of London.

Mr. McCalman, who belonged to the Egyptian Irrigation Department, and who was little known in London, went abroad on the day fixed for the wedding, but he is now believed to be on his way home. The wildest stories were circulated as to the reasons for his strange conduct, but even now no one but those immediately concerned know the real truth.

MUSIC AND DRAMA

"THE EARL OF PAWTUCKET."

"The Earl of Pawtucket" will be the attraction at the Grand on Friday evening. This is the same comedy that ran for one year in New York, and the only legitimate play of any sort that continued without cessation, playing throughout the summer months. The cast introduces Mr. P. Orsay, from whose individuality Mr. Thomas received the impressions which enable him to give such a perfect characterization. He is an Englishman of the heavy dragon type, and has justly earned the title of the twentieth century Duncrum. Mr. Kirke La

Shells has not only surrounded the star with a most excellent company, but the production itself is a most complete replica of the Waldorf-Astoria, giving an opportunity for an exact reproduction of the Turkish room, palm room and other famous apartments of the big hotel.

WARD AND VOKES.

Admirers of that inimitable pair of comedians, Ward and Vokes, while regretting the news that they are to separate at the close of the season, will welcome the opportunity to be afforded them of seeing this funny pair at the Grand on Saturday afternoon and evening next. Ward and Vokes have been partners for a great number of years, and their name is as popular as funmakers as was the late duo of Weber and Fields. That the firm has been successful financially is evidenced by the fact that both have become wealthy men, and at present hold controlling shares in a number of first-class amusement enterprises throughout the country. To the personal direction and management of these affairs Mr. Ward will devote his attention after the close of the present season, and his place is to be taken by Will West, who with Vokes will be seen next season in the comedies made famous by Ward and Vokes. "A Pair of Pinks" is said to be the funniest thing ever offered by these comedians, and to those who are unable to enjoy the effects of a hearty and continuous laugh, advice is given to stay away from the Grand on Saturday.

MINSTRELS AT THE GRAND.

Richards & Pringle's famous minstrels will be seen at popular prices tomorrow evening at the Grand. No more welcome announcement than this could be made to the fun-loving portion of the public. The management of this mammoth array of negro talent have this season outdone all their previous efforts, and have secured nearly all the well-known favorites for their production.

From indications three immense audiences will greet the Theodore Thomas Orchestra on its visit to this city on the afternoon and evening of May 24 and the evening of May
