### To Banish Wrinkles and Freshen Up Quickly

After a strenuous day outdoors, when winds, heat and exhaustion have combined to take away one's freshness and caused the skin to wrinkle and sagor after a tedious or fretful day indoors—one often has urgent need for some quick rejuvenator. Maybe there's a dance on for the evening, or some other social event. How in the world can one make herself presentable, looking as she does? It's quite easy.

Just get an ounce of powdered saxolite and a half pint witch hazel at the nearest drug store, mix the two and bathe the face in the solution for two or three minutes. Then look into your mirror and behold the wonderful transformation! Wrinkles have varished, loose, tired muscles have been rested and "firmed up," marks of fatigue have flown, and you look so much brighter and younger you can hardly believe your eyes. No one need hesitate to try this, the witch hazel and saxolite being so perfectly harmless.—Advt. After a strenuous day outdoors, when
