MAKES LONG FLIGHT Aviator Atwood Reaches Atlantic City on His Way from New York to Washington

ATLANTIC CITY, N. J., July 4-Harry N. Atwood, the aviator, after fighting heavy winds throughout his flight from New York, terminated the third leg of his proposed journey from Boston to Washington by landng in his biplane on the beach front. Atwood made three landings for gasoline. He said, judging from the amount of gasoline he used, he must President Taft Makes Speech amount of gasoline he used, he must have travelled at least 250 miles. He was in the air more than five hours. The distance along the coast is about 115 miles. "I feel too tired to attempt the trip to Washington tonight," the birdman said. "My route and time of starting will depend entirely on conditions tomorrow. The only trouble I had was with my gaso-

dent Taft put the parting touch on his WASHINGTON, July 4.—Assured part in the celebration of this city's that Harry N. Atwood, the young safe and sane Fourth in a speech on Boston aviator who started from New Canadian reciprocity at the Marion York for Washington today, would club banquet tonight. The president made his answer to the arguments of today to have Atwood alight in the other Republicans that reciprocity as he ellipse behind the White House.
