"SAN TOY"
"San Toy" the brightest musical comedy gem in all the gay galaxy of old London (Gaiety Theatre) success, will be the offering at the Opera House for one night only, next Tuesday, September 14th.
The 1920 revival is under the personal direction of the noted English manager F. Stuart-Whyte, whose annual pantomimes have become an important factor in the development of Canadian things theatrical.

In presenting "San Toy" to the Canadian people, Mr. Whyte spared no effort nor expense to make it the outstanding feature of the present season, and has provided a cast and chorus chosen from the very best artists available in London.
In the matter of staging, both scenery and costumes, lighting and effects, everything that goes to make a super-perfect production, "San Toy" is supreme.

NEW CARLISLE.
At the Manse, New Carlisle on Thursday last a very pleasant function occurred. It was a social in honor of Miss Elizabeth Gilker. Miss Gilker is to be married next Tuesday to Mr. McDonald of Quebec, and her friends to the number of seventy, Anglican and Presbyterian alike, met together and silverware, carvers, china, and so on for the dining room, kitchen utensils including pyrex were together with fancy articles and some gold coins and a purse to put them in. A delightful lunch of ice cream and cake was served and songs and jollity reigned. Miss Gilker is very popular among us and every one joins in congratulations and best wishes for a happy future.

CUT IN RATE HELPS SHIPPING

Lumber Export Trade Reported Brisk in New Brunswick Ports.

St. John, Sept. 8.—With a slump in ocean freight rates and the falling off in the demand for tonnage, shipments of Maritime lumber have begun on a considerable scale, both to the United Kingdom and Southern markets. Since the release of British shipping from Government control time charters have dropped from \$6.25 to \$3.75 which is our lift rate prevailing at the beginning of the present year. There is a marked surplus of cargo tonnage throughout the world, and shipping men are not optimistic about the future.
