

BUY A WORLD EVERY DAY.

SATURDAY MORNING, DECEMBER 9, 1932.

LOCAL NEWS PARAPHRASED.

Geo. Fraser, Esq., mayor of Halifax, N.S., is at the Queen's Hotel.

The Jubilee dinner will be given at the Horticultural gardens at 2 o'clock to-day.

Mr. John Leslie, elder brother of our ex-postmaster, is lying very ill at his home in Dundas.

A special temperance sermon will be preached in each of the episcopalian churches in the city to-morrow.

The Knox college metaphysical and literary society held its second public meeting of this season in Convocation hall last night.

At the close of the poultry show to-night a sale of poultry will be held, where those desiring to buy will be able to purchase some very fine stock at reasonable figures.

Karl at the Royal and Merry War at the Grand were both well patronized last night. Matinee and theatre this afternoon and concluding performances this evening.

Miss Gwynn, superintendent of the infant's home, has received a cheque for \$100 from Mrs. Alexander Cameron for the purpose of providing a fire escape for the home.

The last of the special series of temperance meetings in connection with the Church of England Temperance mission, was held at the school house of St. Stephen's church last night.

A wire of the fire alarm system broke at 3:30 yesterday afternoon and it was immediately repaired by fireman Gilbert, whose duty it is to look after the wires and keep the police posted as to the state of the wires. It seems to be always on hand, night and day.

A meeting of the West York reform association was held at the Shakespeare hotel yesterday, but no business of importance was done. A meeting will be held on the 21st to elect delegates to attend the reform convention in January.

An attempt was made early yesterday morning to burglarize the premises of W. E. Anderson, Ontario street. The burglars had forced off a shutter and broken a pane of glass when a dog commenced to bark and frightened them away.

The members of St. John's lodge I O G T held a very successful concert at their hall, corner Alice and Yonge streets. Bro W. E. Wilkinson occupied the chair. The singing of Messrs. Selby, Leper and Brown was well received, while the reading of Tom Sawyer by Miss Alexander was applauded to the echo.

Owing to the snow storm, the trains from both the west and east were late yesterday. The morning train on the Grand Trunk from the west was so late that a special train had to be made up at Toronto and sent out to connect with other trains in the west, to allow the passengers to catch the east-bound train.

A grand calliope ball in aid of the house of Providence will be held on the 22nd of January under the distinguished patronage of his honor the lieutenant-governor and several others of the city of the city. Under such auspices, Torontonians may look forward to this as one of the best temperance treats of the season. The object in view is a good one and deserving of the support of all who have the prosperity of our charitable institutions at heart. Further particulars will be announced shortly.

"It is a great art to do the right thing at the right time." The person subject to derangement of the kidneys or liver has a protective duty to perform in chasing a package of Kidney-Wort. It invigorates these organs and by its cathartic and diuretic action, cleanses the whole system of all bad humors.

Wholesale Jewellery. Carrier Marshall & Co., wholesale jewellers, announce that they have received a new and handsome stock of jewellery. As they have done an enormous business during the past season, the stock which they have now on hand is entirely new and such as will recommend itself to the trade. All the goods which they have now on hand are of the latest designs and such as will sell rapidly.

"Don't Die in the House." "Rough on Rats," clears out rats, mice, roaches, bed-bugs, flies, ants, moles, chipmunks, gophers, etc.

"Honors Are Easy." Recently one of our leading merchants was reading over his traveler's expenses, when he saw the item, "To a porter, 10c," his conscience began to trouble him. Thinking that his clerk was making him pay for a treat, he immediately asked for an explanation.

Boas—Am I to treat your friends? Clerk—No, thank you. Boas—Why do I see a porter? Clerk—Because, sir, I thought it more economical to pay the small sum in question to a porter for carrying my baggage to a hotel than to engage a conveyance.

Boas—In the future head it "Portage." Clerk—Please, sir, when I hire a cab shall I say cabbage.

Asthma, Bronchitis, Catarrh and consumption in its first stages are treated at the International Throat and Lung Institute, 173 Church street, Toronto, where the Spinovent is used, an instrument invented by Dr. M. Souville of Paris, and ex-assurgeon of the French army, which conveys the medicine in the form of cold inhalations to the parts diseased. Suitable constitutional treatment is used when required. Consultations and a trial of the Spinovent free. For people hearing certificates furnished with the instrument free. When not convenient to visit the office write, enclosing stamp, for pamphlet giving full particulars to "Children's Throat and Lung Institute, 173 Church street, Toronto, or 13 Phillips square, Montreal.

No, sir—re-remembered the old resident, "my wife didn't bring me a cent. But it was all my fault. I wouldn't have it. The morning of the day we were married I said to her, says 'Maria, how much money have you got?' Says she, 'John, I've got just 25 cents.' Then, says I, 'come with me.' And I took her down to the canal and had her throw that quarter into the drink. I wasn't going to have no woman twitting me about spending around on her money. Li-Qor Tea is always good alike.

The First Annual Poultry Show.
The first annual poultry show at the zoo closes to-night. In point of quality of exhibits it has been a success. When it has been considered that only one week's notice was given, the number of entries is very large. It has established the fact that the zoo is a grand place for a poultry show. The building has been kept at a comfortable temperature, and the cooping and lighting have been admirable, and had the weather been favorable the attendance of visitors would have been equal to the merits of the exhibition. The attractions of the gardens are very great of themselves and so add increased interest to any show that may be held in them.

Immaculate Conception.
The feast of the Immaculate conception was celebrated yesterday in St. Michael's cathedral with great ceremony. In the evening vespers were sung, followed by benediction of the blessed sacrament, and a sermon on the feast of the day was delivered by his grace the archbishop.

Cataract—A New Treatment.
From the Weekly (Toronto) Mail, Aug. 21.
Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for cataract. Out of two thousand patients treated during the past six months fully ninety per cent have been cured of this stubborn ailment. This is none the less a startling fact when it is remembered that not five per cent of patients presenting themselves to the regular practitioner are cured, while the patient medicine and other advertised cures never record a cure at all. The scientific men that the disease is due to the presence of living parasites in the fluids. Mr. Dixon at once adapted his cure to their extermination—the accomplished, he claims the cataract is completely cured and the permanency is unquestioned, as cures effected by him two years ago are cures still. No one else has ever attempted to cure cataract in this manner, and no other treatment has ever been so successful. The cure is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure. The majority of cases being cured at one treatment. Sufferers should correspond with Mr. A. H. Dixon, 806 and 807 King street west, Toronto, Canada, and enclose stamp for his recipe on cataract.
