THE SPORTING WORLD The World will at all times be pleased to receive teems referring to sporting matters from its various friends throughout the country. It will also pay prompt and careful attention to any communicaextended.

The season approaches when the yachtsmen go off on long cruises, which is one of the pleasantest ways imaginable to spend the heated term.

About the fastest plece of reducing known is that of lease Murphy, the colered jockey, whe recently came down from 124 lbs. to 111 lbs. in 36 hours. Too fast to be good.

Commodore Nelson and Vice-Comodore Leigh will probably represent the Toronto cance club at the American Canceing association regasts, which takes place at Peterboro, Ont., en August 9.

The lugger Curlew of the Toronto yacht club made a run from Etobicoke to Toronto on dominion day, a distance of eleven miles, in 56 minutes, which the was more exciting than pleasant, so the crew may. The Young Maitland lacrosse club of this city played the Onel-as of Barrie for a silver cup presented by the oddfellows of the latter town on cominion day. The Young Maitlands won. The victors were well pleased, with the treatment they Toronto C. C. v. "All North." The following gentlemen will represent the Toronto team, 12 a side, in this important match, which takes place at Orilia. The team leave Toronto or the evening train to-night, returning Friday morning: J. U. Heward captain; G. B. Behan, D. W. Saunders, M. Boyd, A. Baines, C. Baines, W. W. Vickers, G. G. Lindsey, W. H. Fast Toronto cricket club play Beaverwick cricket club on University lawn Saturday next at 2 p.m. The Eval Canadian Yacht Club Cruise.
The Oriole and Elices have arrived at their respective moorings in the bay after the three days' cruise. The former flew the eneign of the commo ore and the latter that of the vice-commoders, and

carried those officers respectively. The cruise was quite a success, the four yachts, Oriole, Elieen, Verve and Alarm keeping together almost to the end. Port Hope was reached by the Oriole at about 9 o'clock on Saturday morning, followed in order by the Elieen and Verve, and on arriving at Cobourg in the same order were joined by the Alarm, which had been delayed on the run down. On Sunday morning a splendid start was made for Charlotte (Rochest r) by the four yachts, and after a fine run it was reached by the Oriole at about 7 o'clock p.m., followed by the Elieen, Verve and Alarm in the order mentioned. On Monday morning the Verve was the first to make a start, but owing to the heavy weather was forced to return with every sail reefed. Notwithetanding this the Elieen set sail and made a start at 8 o'clock with double-reefed mainsail, housed top mast and storm jib and stay sail, closely followed by the Oriole. The former found the weather to suit her so well that she soon "shook out the reefs" and shortly hoisted the top mast and sail. The vachts lost sight of one another until Tuesday morning, when they arrived off Port Union within a few minutes of one another, and being out off by an awful fog they did not reach home till 11.30 and 12 o'clock respectively, the Oriole thus leading from first to last, closely followed by the Elieen. The weather on the lake was very cold at nights, which rather "spoiled the fun" but altogether the trip is a memorable one in the history of the club and it is to be hoped will be repeated as soon as possible.

The pleasantest episode of the cruise was the kind reception accorded on Saturday night through Commodore Boswell to the visiting yachtemen by his sister, Mrs. Rosamond of C. bourg. At very short notice a hop had been arranged at the lovely residence of that lady, and the belies of Cobourg invited to receive the "cruisers." The result was a commingling of the "tars with what one stated to be the handsomest party of young ladies he had ever seen collected together." Dancing

A young man who accidentally upset a boat full of young girls out boating, was seen swimming for the opposite shore, while they were struggling in the water. When asked the reason for his behavior he said all his money was gone and he didn't have any to pay the boatman with, so he thought rather than suffer the disgrace of the girls knowing it, they'd better drown.
